Daladier Bars Tunisia, Corsica Gifts to Italy

Demands Integrity Of Possessions

Be Respected

BACKGROUND-Last Wednesday Italy began new campaign for expansion in Mediterranean. Speech of Italian foreign minister, Count Galeazzo Ciano, in Chamber of Deputies touched off demonstration and shouts of "Tunisia." French protested and Britain supported

France by instructing her envoy in Rome to make representations

to the Italian government. By the Associated Press. PARIS, Dec. 5.—Premier Daladier flatly asserted today that France had no intention of giving up any

part of her territory, personally answering Italian clamor for French Corsica and Tunisia.

(In Rome Virginio Goyda, the Fascist editor, indicated that Italy would make demands on France at a later date.) M. Daladier, in a communique, announced his intention of visiting the two regions shortly after the first of

the year. He urged inhabitants, who have been demonstrating riotously against the Italian campaign, to remain calm. "There is no need to state that these manifestations (in Italy) will

meet strong opposition against the cession of any territory over which the national flag floats," the premier His statement was regarded as doubly significant in view of preparations here to receive Joachim von

Ribbentrop, German foreign minister, who is coming to Paris tomorrow to sign a French-German nowar accord Backs Territorial Integrity.

M. Daladier did not limit his remarks to Italy's newly-raised demands. He also declared France's resolution to demand respect for 'the absolute integrity" of all French territory by "every means." Both French and Germans agree that the war-renunciation pact, similar to the declaration signed by

Reichsfuehrer Hitler and British Prime Minister Chamberlain at Munich last September 30, would be only the starting point for further negotiations between Paris and Berlin. Some observers believed that M. Daladier had cleared the air for the French-German discussions with

a definite expression of France's position against colonial demands from either of the Fascist partners. No hitch was expected, however, to signing of the pact, as M. Daladier apparently was determined to go through with it. This was indicated by the fact that formal conversations were arranged for after the signing rather than before it.

The demonstrations of loyalty in Tunisia and Corsica, M. Daladier said, were 'the best response that could be made" to Italy's demands. He added that a protest made by France already had won a declaration from the Italian government that demonstrations for colonial claims were not formulated by the

That the premier made his declaration after receiving the Italian that year. answer, however, indicated that France still believed it would be difficult in a country where public opinion and the press are as well controlled as in Italy for such a campaign to get under way without

government support Press Examines Agreement. The French press, although generally approving the agreement with Germany, warily looked into it today to find the game of the Rome-Berlin Fascist alliance.

report that Von Ribbentrop would offer to act as mediator between Rome and Paris already was mooted about Paris, but the question everywhere was "at what Premier Daladier's own Radical

Socialist party newspaper, L'Oeuvre, referred to the fact that Von Ribbentrop's visit to Paris coincided with Italian agitation for French Tunisia and Corsica and said flatly: M. Daladier himself, reliable in-

formants said, was ready to reject Von Ribbentrop's bid if any strings were tied to it, such as aid for the German goal of returned colonies

These informants indicated the French believed Premier Mussolini of Italy would be willing to call a halt to the Tunisia agitation if (See TUNISIA, Page A-8.)

Britain Reassured On Tunisia by Italy

LONDON, Dec., 5.—Prime Minister Chamberlain announced today he had received assurances that the Italian government "did not associate" itself with the territorial demonstrations against France. He said, therefore, he saw no rea son to change arrangements for his

visit to Rome next January 11. The Premier told the House of Commons that the Italian assurances had been received after the Earl of Perth, British Ambassador to Rome, had told the Italian foreign minister, Count Galeazzo Ciano, that such incidents "must have a detrimental effect on the prospects of collaboration between the four Munich powers" unless "steps are Court defers sentence of Dixie taken to correct the impression

Mr. Chamberlain, countering numerous opposition questions, indicated French sovereignty over Tunisia, Corsica and Nice was covered by an annex to the Anglo-Italian agreement of April 16, which placed Hull aims to extend trade program Britain and Italy on record as having no desire to modify the territorial situation in the Mediter- Washington and Vicinity. ranean. Industrialist Suggests Levy on Workers Or Owners Who Hold Up Production

An industrialist proposed to the Senate Profit-Sharing Committee today that the Government levy a high tax on those who call strikes and those who voluntarily take industrial machinery out of production.

C. W. Hazelett, president of the Hazelett Metal Co. of New York, told the committee that such taxes, if accompanied by lower taxes for those who maintain a high rate of employment of their productive facilities,

would solve the unemployment problem. Mr. Hazelett, author of a book on incentive taxation, argued that tax laws should be geared to the production of "tremendous" profits, which he said can come only from

great employment of money, men and property.' Tax on Idleness.

"We must make it so profitable for all these things to be in a high rate of production and so expensive for them to be in a low rate of production that no class, be it labor or capital, can afford to be idle,'

Under his plan, he added, "Obviously it will be too expensive for either labor or capital to strike." "If labor is made idle by a strike.

those responsible for the strike must support those made idle thereby. In any case, the responsibility for supporting idle people is upon those who make them idle,

and labor has no fear of the lack of a job or of support. He argued that the right to strike had not improved the condition of labor because a strike reduces production "and therefore real wages,"

and because capital also may strike

in retaliation. "The fact that capital can live much longer on its accumulation than labor," he said, "makes the strike of the latter absolutely futile.' "To be more specific, it is a plan to reduce present tax rates on all those who maintain a high rate of employment of their productive facilities. It requires a high rate of taxes on productive facilities taken out of production by the owner, such increased taxes to be for the support

of people made idle thereby. "On the other hand, it proposes to tax those calling strikes to support the strikers until re-employed. It proposes the elimination of relief by giving people a permanent opportunity to work. Moreover, it proposes a tax on idle money, with no tax on money in reasonable use.

Turns Loss Into Profit. "In a single sentence," Mr. Hazelett continued, "it is a proposal to ship in the association in 1903, the tax those who own or control productive facilities of all kinds to support people made idle by the idleness of those facilities, as a means of permanently preventing idleness and lowering of taxes."

Earlier, Joseph M. Friedlander, treasurer of the Jewel Tea Co., told the committee his firm had turned a been found, it would have been diffiloss ranging as high as \$2,000,000 a cut for your father to do any manuyear into profits averaging about facturing of automobiles, would it \$1,000,000 a year, after it began sharing profits

"Good Business Investment." The Chicago merchandising executive said he believed his company's payment of \$2,179,000 in profit-sharing and \$459,125 in extra wages during the last 10 years had been "a good business investment." During that period, he said, \$40,289,-000 had been paid out in regular

wages to employes now numbering On the other hand, Henry S. Dennison, president of the Dennison Manufacturing Co., Framingham, Mass., testified before the Profitsharing Committee that his company had had a form of profitsharing since 1911, but the system "discontinued itself" in 1930 because Landon to Fly Home

Warring Jury Asks Judge to Repeat His Instructions

Tries Again to Reach Verdict and Avoid Mistrial in Case

By CARTER BROOKE JONES. Eleven men and a woman, composing the jury in the Warring income tax fraud case, out since noon Friday, were called into court twice

today without a decision. At 9:30 a.m. Justice Bolitha J. Laws called in the jurors to read them the famous Allen case, in which the Supreme Court of the United States held that it was the duty of a minority of a jury to try to reconcile its views to the ma-

jority. word that it wanted to be charged again by the court, and Justice Laws re-read his entire instructions, which took 50 minutes.

The grim-faced jurors gave no indication of how they stood, nor did the court poll them, except to ascertain that they were in disagreement on the guilt or innocence of all four of the defendants.

Seeks to Avoid Mistrial. Justice Laws was expected to leave the jury out at least the rest of the day before declaring a mistrial, although he did not indicate how long he would require the 12 to wrestle with their problem. While a Malcolm Duvall, 43, a

real estate man, foreman of the jury, said when questioned by Justice Laws this morning that he did not think any point of law was involved in the disagreement, about two hours later a deputy marshal brought word from the jury room effort to locate the hideaway in that the 12 wanted to be charged Justice Laws read a complete

transcript of his charge to the jury on Friday, which was partly oral and partly written. The jury then Foreman Is Questioned.

Before an almost deserted court room, except for the defendants-Emmitt, Leo and Charles (Rags) some distance south of the Brown Warring, and their tax advisor, Gorhome and in the general direction don L. R. Sadur, and the attorneys -the weary jurors were brought into court for the first time.

In the Allen case, the Supreme that a large majority of his colleagues held a different view it was his duty to examine the question and decide whether he was merely being stubborn or whether he could not in honor do otherwise. Justice Laws added:

"This is no compulsion on the part of the court. It is an honest desire to serve the public and the defendants as well. I want to ask you to take the case with these thoughts in mind, which are so essential to the promotion of justice and fairness, and see if you can't arrive at a verdict.' While the position of the jury

was a matter no one outside the closely guarded jury room knew, observers in the court room noticed that when Justice Laws spoke of ity, several in the box leaned forthe front row.

The court asked whether the jury "We have not," Mr. Duvall replied. Justice Laws inquired whether the (See WARRING, Page A-9.)

Control Hearing Is Set Dec. 29 Two Proposals for **Regulation Drawn**

THREE CENTS.

D. C. Pedestrian

By Commissioners

BACKGROUND-Efforts to obtain strict pedestrian control regulations in the District recently led the Compromulgate jay-walking rules,

By JOHN H. CASSADY, Jr. The Commissioners today drew up two proposals for pedestrian control regulation for the District for consideration by the public and set December 29 as the date for a special public hearing on the suggested adoption of pedestrian control here. After a conference with Traffic Director William A. Van Duzer, his assistant, M. O. Eldridge, and Corporation Counsel Elwood H. Seal, Commissioner Melvin C. Hazen announced that, for purposes of discussion at the hearing, the following two proposals will be offered:

 Regulation of pedestrians crossing in the middle of the block. 2. Regulation of pedestrians crossing at intersections, whether or not the intersection is controlled by traffic lights or officers.

To Draw Up Regulations. Mr. Eldridge and Assistant Cor-

poration Counsel E. W. Thomas then were assigned the task of drawing up the proposed regulations for formal presentation at the hearing. This was to be done this afternoon. The Commissioners will send copies of the proposals to civic and business organizations of Washington, inviting them to study the pro-

posals and to send representatives to the public hearing. The hearing will be held in the board room of the District Building

at 10 a.m. The Commissioners emphasized approving any proposed regulations for pedestrian control at this time, but were merely presenting two ideas for the public to consider before and during the

Amplify Present Law. It was explained that the two proposed regulations are amplifications of existing law, which now provide for pedestrian regulation. In their final form, the proposed pedestrian control regulations will describe the duties of pedestrians at intersections and in the middle of the block. The Commissioners explained further that, if adopted, the regulations would have the effect of making it unlawful for a person to cross in the middle of a block or at an inter-

section against a traffic light or against the signal of a traffic officer. Mr. Van Duzer gave the Commissioners a lengthy report on methods used by other large cities in controlling jay-walking. He also furnished information on the pedestrian fatality record in the District, pointing out that 55.5 per cent of the accidents involving pedestrians in the past three years have occurred in the middle of the block.

Charts Are Presented. He presented charts showing analyses of 207 pedestrian fatalities which occurred between January 1. 1936, and October 31, 1938, and a map showing locations of pedestrian fatalities in various parts of the city and indicating where pedestrians were crossing the streets. Another chart showed a digest of replies to questionnaires on pedestrian regulation by 56 cities having a population of more than 100,000.

He said 16 of these cities had no pedestrian regulations, while in 18 others pedestrians are required to obey the signals of the traffic officer. In 29 of the 56 cities pedestrians must obey traffic signals and in 10 cities pedestrians are required to cross at intersections where adjacent intersections are signaled. Nine cities have regulations requir

ing persons on foot to cross only at crosswalks. In five cities pedes trians must cross only at crosswalks in the business district and in one city pedestrians must cross at marked crosswalks on "through" streets only.

Referring to the proposed control of pedestrians crossing in the middle of the block, Commissioner Hazen said:

"This practice of crossing between intersections seems to be the real problem in accidents involving pedestrians in Washington. The statistics show that more than half of the pedestrian accidents ocur in the middle of the block."

States' Laws Cited.

Mr. Van Duzer reported that the laws of 10 States contained no provision concerning the rights and duties of the pedestrian on highways, leaving him subject only to his common law obligation to exercise due care. These States are Florida, Iowa, Kansas, Kentucky, Michigan, Mississippi, Missouri, Nevada, Oklahoma and Wyoming. In the majority of States, how-

ever, some laws concerning pedestrians are found, he pointed out. In 29 States, the pedestrian is required by statute to obey traffic control signals at intersections. In 27 States a pedestrian crossing at a marked or unmarked cross-walk at intersections where such signals are not in operation has the right of way over vehicles.

Where traffic control signals are "In accordance with our annual in operation at adjacent interseccustom, the Civil Service Commis- tions, it is unlawful for pedestrians sion Welfare Association is planning in 22 States to cross the foadway

The dead are: Mrs. Mollie E. Goodman, 68 Weyanoke, Va.

Mrs. Viola Clore, 32, her daughter, John Clark, 36, colored, 15 Fiftythird street S.E.

The two women were fatally hurt at Weyanoke, Va., on the Little River pike, 2 miles east of Annandale, where cars driven by James Mahoney, 26. Fairfax County policeman, and Richard Clore, 42, of Weyanoke, collided, Mrs. Goodman died instantly when she was thrown through the windshield of the Clore car. Her daughter died en route to the Alexandria Hospital.

No Charge Against Officer.

Policeman Mahoney, who was off duty at the time, was treated at the Alexandria Hospital for head injuries. Mr. Clore and his 3-yearold son Charles suffered minor cuts

Sheriff Eppa P. Kirby of Fairfax County said the policeman was driving toward Alexandria when the Clore car pulled out from a store. The sheriff said no action would be taken against Mahoney, who has

been a member of the force for

slightly more than a year. Clark was killed in front of the Evergreen Inn on the Baltimore boulevard, near Waterloo, Md., when his car left the road and struck a telephone pole after turning over several times.

Maryland State Policeman W. Bohler, who investigated, said Clark was attempting to avoid two cars which had collided. The two cars in the first crash were driven by Stanley Baily, 22, of Reading, Pa., and John H. Thomas, 49, of Elkridge, Md., the officer said. Both Baily and Thomas were slightly injured and both were summoned to appear

MR. AND MRS. O'NEAL MOOSE.

before Justice of the Peace J. L. Thompson in Elkridge for an inquest tomorrow

Eight Injured in Crash.

Eight persons in two automobiles were injured when their automobiles collided head-on a mile north of Laurel, Md., on the Baltimore Boulevard. Carl Hargis, 28, of 1343 Girard street N.W., said by police to have been driver of one of the cars, was taken to St. Agnes' Hospital in Baltimore. He was reported to Cosmopolitan Club be in a critical condition. Others riding in the Hargis car, who were less seriously hurt, were O'Neal Moose, 28, of 634 North Carolina avenue S.E.; his wife, Mrs. Kathleen Moore, 24, and Betty Crawford, 20, of 927 K street N.E.

Passengers in the second car, driven, according to police, by Joseph P. Phifer, 30, of 1542 Seventh street N.W., were George Goodman, 25, of 2353 Sherman avenue N.W. his wife, Verna, 23, and Willett Beturne, 23, 2600 Ninth street N.W., all colored. They suffered minor

William Raymond, 48, of Benedict. Md., suffered a fractured pelvis and broken ribs and Miss Mary Sue Knott, 52, also of Benedict, was less seriously hurt when their car left the road near the Southern Maryland town and turned over. Both were taken to Casualty Hospital by the Maryland State police ambulance from Waldorf. Mr. Raymond's con-

dition was reported as "fair." Hits Confederate Monument.

Miss Marjorie Danis, 17, of the 600 block of Gerard street, was treated at Alexandria Hospital for cuts and bruises about the head and face suffered when the car in which she was riding collided with the Confederate Monument in Alexandria yesterday. Carroll Bilbrey, 20, of the 2300 block of Alabama avenue S. E., driver of the car, was charged by Officer Benjamin Swann with colliding and fined \$100 in

traffic court today. Officer Swann, whose grandfather's name appears in the list of heroes on the monument, said Mr. Bilbrey told him he was attempting to pass was tied up with pleas for tickets, two other cars when he struck the

Anti-Trust Hearing Is Set Tomorrow in **Group Health Row**

Justice and Medical Lawyers Confer With Justice Proctor

The sharply disputed question of whether the Sherman Anti-Trust Act can be applied to the medical profession will be argued at 4 p.m. tomorrow before Justice James M Proctor in District Court.

The jurist set the hearing after a brief conference at the bench early today with counsel for the Department of Justice and the Medical Society of the District of Columbia The conference took place shortly before the start of the Silverman conspiracy case.

The specific issue is whether the urist should grant a motion by the Medical Society asking him to call in the additional grand jury investigating organized medicine for in struction regarding the law.

Restraint of Trade Charged. The Justice Department is protors contend the practice of medicine and surgery is not a "trade." Accordingly, counsel for the medical society desires to have this thoroughly explained to the grand jury. Present at the conference were Allan Hart, John Henry Lewin and Douglas B. Maggs representing the Justice Department, and Attorneys William E. Leahy and George P.

Hoover, representing the Medical Documents Presented.

tion today presented to the grand jury a mass of documents in response to an order of the court issued after the A. M. A. had resisted the right of the Government to take such documents even by subpoena. The documents were submitted by Dr. William W. Bauer cation and radio programs of the A. M. A., who had previously been here in the case.

Further documents of the District Medical Society were presented to the jury by Theodor Wiprud, secretary of the society.

Dr. F. X. McGovern, an official of the District Medical Society, will

Medical Care for Public Discussed at Session

A more satisfactory administration of public medical care is of "fundamental importance" to welfare officials, it was emphasized yesterday at a round table group of the American Public Welfare Association of Chicago, director of health edu- Conference at the Wardman Park

The discussion took place at the group on medical care administration under chairmanship of Elmer R. Goudy, administrator, State Relief Committee, Portland, Oreg.

Speakers recognized that there are both decentralization and confusion of authority in the administration of medical care by State and local governments, and the need of proceeding as rapidly as feasible towards some practical unification of authority was emphasized. There was agreement that in determining policies and standards the medical professions be used by government in an advisory capacity. It also was agreed that in the actual furnishing, supervision should be exercised by qualified professional officials of government. There was unanimous ecognition of the basic responsibility of the governmental authority for the administration of the medical services as well as for their au-

Yvonne Georgi Ballet

The Thrift Shop of Washington will sponsor the first performance of the Yvonne Georgi Ballet Co., which is to begin its first American tour at the National Theater Sunday, January 8.

Proceeds from the benefit performance will go to the four children's charities in the District which are aided by the shop. Mrs. John R. Williams is general chairman of the board which dispenses the funds. Other members are Mrs. Dexter Bullard of the Junior League, vice chairman; Mrs. Chandler Anderson of the Children's Country Home, Mrs. Richard Wilmer of the Children's Hospital, Mrs. Thomas Bell Sweeney of the Child Welfare and Mrs. Barry Mohun of the baby clinic

Dell, however, was and personal effects. captured Saturday night in Florida and will be returned to North Carolina to finish serving a four-year sentence. Officer Thomas, meanwhile, was

holding his own in the Stuart Hospital despite the bullet wound in his chest. After he was shot and C., the Utilities Commission and his gun taken by his assailant, he managed to drive 2 miles on the sion refused to grant a certificate Stuart-Hillsville road to reach help.

Three Held as Keedysville **Hold-Up Suspects Cleared**

Three men, turned over to Frederick, Md., police as robbery suspects after questioning in the Mary Brown kidnap case, apparently were cleared today of any connection with the \$900 Keedysville (Md.) bank robbery last February.

Frederick authorities had held the men since shortly after they were arrested here, riding in a black truck similar to the one in which the Oxon Hill (Md.) schoolgirl was believed to have been tarried off by her three abductors.

George Buxton, cashier of the Citizens' Bank in Keedysville, who went to Frederick to view the suspects with Fred McIntyre, Federal Bureau of Investigation agent, said not have been done without the ington-Baltimore Boulevard will be he could not identify the men as children's help. They were limited the trio who held him up, bound

Police Press Search for Shotgun Bandit

List of Hold-Ups Of Liquor Stores Increased to 8

Detectives pressed their search today for the shotgun bandit, wanted in connection with eight liquor store hold-ups in the past fortnight, and at the same time began patrolling downtown department stores to be on the lookout for petty thieves ready to victimize shoppers during the Christmas rush.

A rogues' gallery picture, believed to be that of the nonchalant thug who last used his sawed-off shotgun in a liquor store at 3910 Fourteenth street N.W., and escaped with more than \$300 Saturday night, had been partially identified by two of the bandit's victims.

Police said they are watching the suspect's known hangouts and are running down several tips as to his whereabouts. The man, who operates alone, walks into the shops, pulls the sawed-off gun from the folds of his coat and walks out with the

cash of his victim. At 9:15 this morning 16 plainclothes men were stationed in downtown department stores to watch for shop-lifters and pick-pockets. The officers have been studying rogues' gallery photographs of old offenders in preparation for their new tours of duty during the holiday shopping

Hold-ups Reported.

Meanwhile, a number of hold-ups and petty thefts were reported to police last night or early today.

Two colored robbers, one armed with a blue steel revolver, forced the proprietor of a filling station at 122 G street N.W. to hand over between early today. The victim, Thomas T. Boyles, 22, told police the men fled on foot.

A short time earlier, two bandits answering to the general description of Mr. Boyles' assailants, held up a Capital Transit bus driver, Martin F. Meek, at Georgia avenue and V street N.W., and escaped with \$1 and his change carrier containing approximately \$5.

Despite a warning against leaving valuables locked in parked cars, issued Saturday by Inspector Bernard W. Thompson, chief of detectives, two other automobiles were jimmied last night and clothing valued at more than \$40 stolen.

The victims were Gus J. Mesolo gitas of Baltimore, who parked his car in the 700 block of N street N.W., and Lewis Donofrio of Pittsburgh, who lost a billfold in the theft from his machine parked in the 1300 block of Belmont street N.W. A colored boy reportedly attempted to sell the billfold at a filling station nearby shortly before the theft was discov-

ered by Mr. Donofrii. Two travelers waiting at the bus terminal yesterday struck up friendships with strangers who turned out

Dallas D. Kelly, 49, of Shinnston, W. Wa., told police a man he met at the station invited him to have drink and en route to a nearby hotel slugged him with a blackjack and robbed him of \$21. The robbery occurred in an alley at the rear of the 900 block of Fourteenth street

N.W. The other victim was Thomas Wright, 27, of Yonkers, N. Y., who cashed an \$18 check for a "C. W. Spencer," who represented himself as a restaurant proprietor of Miami, Fla. Mr. Wright said Spencer offered him a job pending their arrival in the Florida city and asked his prospective employe to cash a check for him. Mr. Wright said he obliged his new-found benefactor, who immediately dodged through a sidedoor of the terminal

and disappeared. Among the victims of pursesnatchings reported during the week end was Mary Banks, 23, colored, of the 1700 block of U street N.W. who lost a thumbnail when her pocketbook was snatched from her hand by two men as she waited been issued at Burlington, charging for a bus at Thirty-fifth street and Reservoir road N.W. The victim said she had the purse strap tied to her thumb and when the bag, con-

> thumbnail went with it. Two young colored boys grabbed Selma Thomas' pocketbook as she walked in the 900 block of N street N.W. Miss Thomas, who lives near the scene of the theft, said the purse contained \$1.15 in change, a check

Drive Raises \$300

BOWIE, Md., Dec. 12 (Special) .-More than \$300 has been raised in the drive for funds which has just been completed by the Bowie Volunteer Fire Department.

5,000-Mile Trip **Costs Seven** \$26 Each

Mrs. Virgil O. Barnard of 7051 Eastern avenue, Takoma Park, Md., today claimed she had proved that an American family of seven can travel nearly 5,000 miles in 19 days with an outlay of less than \$26 each. She and Mr. Barnard and their five children have just returned from a trip to Denver which cost \$185.35, Mrs. Barnard said. What's more, a relative, Mary Saunders, 16,

City to Denver and back. The children, Ellis, Betty, 16; Patricia, 14; Virgil, jr., 12, and Annie Laurie, 11, joined into the saving plan whole-heartedly, Mrs. Barnard said.

"In fact," she declared, "it could to 15-and-25-cent breakfasts and budgeted lunches and dinners. tales in recent years.

Metro-Goldwyn-Mayer. In making & it, the studio adhered to the idea of | a literal transcription, a form of reverence for which it deserves the respect of every one who believes good stories merit no tampering. Insofar as possible, which was very far indeed, it picked the dialogue straight from the novel. That gesture has a very pleasant part in creating the impression that there is something from the long ago and

and values intact. It is a strange thing that the fidelity of the production to the original tale provides at the outset a bit of difficulty in accepting the narration. The people of the imagination, however, are merely coming to life on the screen and once the film has had a chance to prove that it is going to do nothing to your conception of the characters, everything goes along handsomely.

far away that still has its meanings

A great deal of trick photography has been resorted to in order to transport Scrooge-as the guest of the various spirits—through his dream. Nearly always, however, it is very convincing photography. And sometimes it is beautiful, too. Especially is the latter true of that journey which the irascible old miser makes to the scenes of his own childhood with the spirit of past Christ-

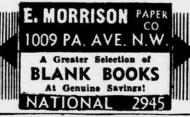

The accent of the Dickens tale is preserved through the commendable izing to the bill, none of which is policy of giving the picture a virtually all-English cast. Reginald if that does sound as if the spiritual Owen makes an altogether convincing Scrooge, Terry Kilburn is an at this point. extraordinarily affecting and pathetic Tiny Tim, Gene Lockhart does one of his customarily fine jobs as the genial, tender Bob Cratchit. The others from the young lovers to the spirits, the Cratchits and incidental characters are portrayed with a fidelity to the author's specifications that is altogether capti-

The ghost of Marley, played by Stays at Leo G. Carroll, is the ghost of your memory of "A Christmas Carol." Metro has done nothing fancy or Palace modern with regard to clothing him in modern celluloid trappings. He is just a specter of clanking chains, tormented memories and dire warnings; quite the old tragic, impressive figure he was when you first encountered him around the fireplace at home on Christmas eve.

Every one knows the story that

'Memory' as Good As the Song That Inspired It

than a barrel of Roxyettes at a society if you do not admit it. diplomatic reception.

it first bounced through a microvolved, but pertly as they do their roles, the real star is Lynn Starling, who did the screen play. Mr. Starling's little tale of a wife who went to work so her husband could write and almost lost her husband If melodrama is on your Christmas shopping list, you will find it at because he didn't like being a housewife is no story of important pro-Keith's. If it is not, you can go on portions, certainly, but his dialogue sparkles and crackles as merrily as that you are cheating yourself. "The any screen chatter you have heard Storm" is the name of the picture, lately. The script, in fact, encompasses some of the better cracks

of the season. ducers and players were obviously Miss Ross, Mr. Hope, Charlie Butout to do something with a lot of terworth, Hedda Hopper, Roscoe action in it. They got action, but Karns, Eddie Anderson (Jack Benny's "Rochester") and some other people toss this bright banter about with the zest displayed by a couple of table tennis champions. If you're in a mood to be beguiled by a pleasant marital romance with a dash of "Thin Man" and a splash has been low and should be just of insanity, this is it. Incidentally, about zero today. Mr. Bickford's you will hear, in addition to some function in this picture is to go made dialogue and a few new lyrics around the world as an embittered for "Thanks for the Memory," the new hit tune, "Two Sleepy People," sung neatly by Miss Ross and Mr. gent who has found a riot, a jail and blond in ever port. You don't see Hope. If they can keep this up the next Bob Hope-Shirley Ross picture has to be "Two Sleepy People."

Cagney Opus Held The thin little story from which At Metropoiltan

all this violence springs is a tale "Angels With Dirty Faces," who would be Jimmy Cagney, the "Dead Bickford) does not want younger End" kids, Humphrey Bogart and one (Tom Brown) to go to sea as a other honor students in Warners a boy of 16 in R-K-O Radio's "The Wayne Morris tells me he is through radio opeartor. If Mr. Orson Welles' party-call of the Martians is still fresh in your mind you might be happy to have a look at the surface of the planet "Thanks for the Memory" is just from whence his monsters were about as good as the song that in- supposed to have come. That's what a song in its heart, a twinkle in its gazing. Then, if you like Donald eye and a laugh on its lips-partic- Duck, you will find him now playing ularly a laugh on its lips. No epic Disney entry on the program, and is this new film at Loew's Columbia, if you do not like Donald Duck, you may be sure, but it is more fun incidentally, you will fare better in

played by Dick Foran. Really, it is.

The news cameras have ranged Bob Hope and Shirley Ross, the the world to bring you pictorial two people who sang "Thanks" when emphasis of some of the recountings of events of which you have read in phone (this in "Big Broadcast of your favorite newspaper. They have 1938"), are the principal people in- stayed in Washington to greet Anthony Eden, have gone to the Holy Land and to Czecho-Slovakia to see some of the world's strife, have seen Christmas shoppers, table tennis champions, inventors, British beauties and a raft of other things

of interest. The shorts program also has "The Land of the Winds," a travelogue that goes to Saxony, and a Paramount pictorial, which looks at such varied subjects as a day at Wellesly, a night in Paris and life along the Amazon.

James Ellison Gets New Contract

James Ellison's work in recent pictures has been rewarded with a longterm R-K-O radio contract. The 6-foot 1-inch Montana youth, who first scored in the "Hopalong Cassidy" series of Westerns and as young Buffalo Bill in Cecil B. De Mille's "The Plainsman," will be featured in important films.

Ellison first came to the attention of R-K-O Radio executives by his work in "Annapolis Salute." He followed through in "Vivacious Lady," the Ginger Rogers-James Stewart vehicle, and was one of the principals in "Mother Carey's Chickens." He is co-featured with Lucille Ball and Lee Bowman in "Next Time I Marry.'

Ellison's dramatic experience was gained in the Pasadena Community Playhouse, and he has appeared in plays starring Billie Burke, Laura Hope Crews and Frances Starr.

Law and Order Win Twice At the Earle This Week

'Heart of the North' Brings Mounties To the Screen and 'Gang-Busters' Shoot Up the Stage

By HARRY MacARTHUR.

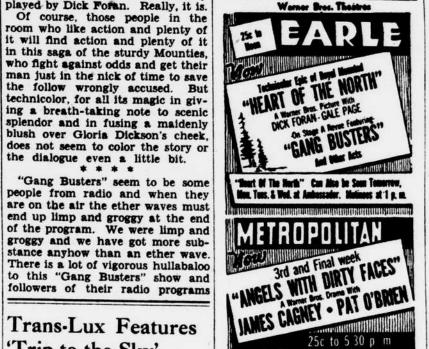

Everything is all right and the law string you. The Warner Bros., long one of the things that has been worrying you. The Warner Bros., long allied with the forces of order in this world, now show that right always conquers and that good triumphs ever over evil by sending a picture called "Heart of the North" to the Earle screen and a skit entitled "Gang Busters" to the Earle stage. Not only the Royal Northwest Mounted Police. but the boys of the F. B. I. get their men and there is enough gunfire for a war—a small class B war, at

President Among Distinguished Guests Of Newspapermen at Winter Frolic

stage, carrying empty sacks out of which floated a few feathers. They sang their song about how they "used to have fun, used to be gay," but now "we are sad the live-long day" because "Santa Claus has been voted down.'

The scene veered to the watery domain of King Neptune along the Equator. From the horns and strings of the Marine Orchestra came the stirring notes of a ceremonial march as King Neptune and his court trod upon the stage with an announcement that the United States delegates to the Lima Conference were to be brought before him

"Ho! Ho!" shouted Neptune. coming home without their shirts." Jones' trident, in shuffled four bedraggled polywogs - Secretary of State Cordell Hull, Alf M. Landon, Assistant Secretary of State Adolph some road before you travel on." A. Berle and President O'Hara of Notre Dame University.

Plead Case With Neptune.

to Lima was that he has "a friend in the White House-I helped put | constantly fork out all of that pork. he was a trade expert, that he was going to stimulate trade with South America by first making agreements with our southern neighbors, then lend them money, then buy their bonds; but when Neptune demanded to know what happens after that, Berle blandly commented, "Noth-

lomats at all, but Washington newspaper correspondents on their way into the Gridiron Club. Landon was exposed as James T. Berryman of The Washington Evening Star, Secretary Hull as Raymond Z. Henle of the Pittsburgh Post-Gazette, Berle as Bernard Kilgore of the Wall Street Journal, and Father O'Hara as Paul R. Leach of the that there were supposed to be five new members initiated into the club. John Russell Young of The Washington Evening Star was found to be masquerading as King Neptune.

was John L. Lewis." "How did that bug get out here?" asked Gallup.

On Slicker's Coattails.

"He came out on the coattails of a city slicker from New York who called us 'my friends' and sold us gold bricks," was the reply. "What did you do about it?

Gallup pursued. "We voted!" was the laconic, but impressive, response, "and they felt it just as plain.'

When the lights went up on the next scene the dinner guests looked upon a South Carolina cotton field where two colored cotton pickers were at work-one picking the snowy puffs, the other putting them back-leisurely at work on "Cotton-

picking Project, No. 67." But it soon developed that their real duty was to clean up the field for a cotton-field conference to be held there that very day—a great celebration for which Southern Democracy was to assemble to commemorate the most important victory since Appomatox, the victory

"Purge? What's a purge?" asked one of the cotton pickers. Told that "it got somepun t' do with Cotton Ed Smith," and that "they shore tried to git him this time," the picker's companion opined that "they got no more chance o' purgin' Cotton Ed than they have of puttin' Jimmy Roosevelt on the dole."

"CURTSEY CLASS" PORTRAYED FOR "GRIDIRON WIDOWS"—One of the high lights of the skits

presented at Mrs. Roosevelt's White House party last night for "Gridiron widows" by members of

the Women's National Press Club was "Mrs. Homer Cummings' Curtsey Class," portraying cabinet

wives as they polish up on their bowing in anticipation of the forthcoming visit of England's King

to right: Vesta Cummings, as Mrs. Henry Wallace; Mary Hornaday, as Mrs. Daniel Roper; Julia Bon-

wit, as Mrs. Claude Swanson. Back row, Violet Sweet Haven, swinging it, as Mrs. Harold Ickes; Doris

Fleeson, uncompromising, as Secretary Frances Perkins; Jane Eads, as Mrs. Henry Morgenthau;

Ruth Jones, as Mrs. Cordell Hull; Babs Lincoln, as Mrs. James Farley, and Dudley Harmon, as Mrs.

Mrs. Cummings (right foreground) is portrayed by Beth Campbell. Collapsed on the floor, left

Tribune; Publisher Frank Gannett. my Corcoran, speaking from the Arthur Hays Sulzberger, publisher White House. A mistake came when Tommy got Senator Bankhead on the wire instead of Speaker Bankhead. But Cohen asked, quite unperturbed, "What's the, difference," and Corcoran shouted into the telephone: "Never mind, Senator, you wouldn't

understand either." Jackson was told to stop this talk that there wouldn't be any witch-burning in the monopoly investigation. "Of course we are gonna burn those fat cats," Corcoran declared. "Play ball with business? Why, the election's over!'

Corcoran had a little difficulty in reaching Ambassador Kennedy, who England. His name was Disraeli. appeared to be having tea with the Archbishop of Canterbury—a discovery that led Corcoran to remark: "Wait until the Irish in South Boston hear about that." But the indefatigable Tommy finally got his man and told him that while "we appreciate your co-operation" in that speech about co-operating with dictators," he was to remember "you The little Lord Jesus lay down His What does Republicanism stand run things on your side but we run for, the Martians wanted to know. things on both sides."

Downing Street Scene. Suddenly each of the six phones angled at once with a decidedly authoritative jangle.

"Tommy Corcoran speaking from tions of his Southern cottonfield on "one of our younger members, roared into the phone. But his next States. were anythin They were very meek indeed: "Oh, Mr. President. Yes, Mr. Pres-

ident. Yes, Mr. President. All What if the wind really blows, not right, Mr. President," "Was he—er—er—speaking from the White House?" asked Cohen. And finally the Gridiron Club turned its satire upon world-shaking

events in Europe, presenting a scene depicting the cabinet room of No. 10 Downing street, official residence of the Prime Minister of England. just prior to the return of Prime Minister Neville Chamberlain from Munich.

A group of dejected foreign office secretaries had assembled to welcome Chamberlain back, dejected but none the less relieved because ing a writer of the old school, Mark "our great Prime Minister has been up in the air for 48 hours and is about to come down to earth." To lessen the tension one of the secretaries suggested some singing

and a good old English song quickly shooked the rafters. But then one of the group reminded his colleagues they would be speaking German soon, and the group pliantly took the hint and broke into a German folk song, "Sitz' Ich Al-

Chamberlain Arrives

But when it comes to extinction, Into this singular atmosphere rushed Lord Halifax, Foreign Minister of Great Britain, to announce An amazing assortment of generals cried, "that in 1940 we turned on the roar of airplane propellers was heard. The Prime Minister entered, carrying the inevitable umbrella-this time blown inside outand the secretaries lustily sang out:

And it's greatly to his credit, For he might have been a Roosian, A French, or Czech or Proosian,

Or perhaps I-tal-i-an. But in spite of all temptations, To appease those other nations, He remains an Englishman. Looking as if he has been drawn, indeed, through a knothole, Chamberlain sank wearily into a chairspeechless, dejected, dazed. Not even the entrance of Lady Nazi Astor from Cliveden lifted him out of his spiritless mood, an attitude entirely in keeping with the mournful plaint of the lady as she sang:

Carry me back to old Virginny, There let me live 'til Herr Hitler has his way. Long by the old, dismal Thames have I wandered, Where I must waste breath on poor

Daladier. eville and Benito have long gone before me, on we'll all meet on that golden Rhineland shore: Then we'll be happy and free from all sorrow,

Secretary Hopkins

It is quite apparent that there are a great many people who look their antipathy is not toward him as | ment. an individual, but toward the attitude of the administration that is ful in meeting the first objective, as reflected by his promotion. To a the intangible personal property tax, greater extent, perhaps, than any though a good revenue raiser in the other member of the official family, District of Columbia, has been the he personifies the New Deal. He is source of long-standing complaint essentially a reformer, but he is also from many taxpayers. The business an intelligent and indefatigable work- privilege tax is one of the most uner, and there is not the slightest basis | popular revenue measures ever for any suggestion that he has been adopted in the District and exless than scrupulously honest in his perience in its administration has personal conduct as head of the increased rather than diminished Works Progress Administration.

There have been charges that raised against it. W. P. A. funds have been used to But the ability of the program to

because the new Secretary enjoys ing. Mr. Hopkins and the business- top of them. men of the country do not see eye to eye on the social and economic problems of the day and it is not likely that he, as a member of the cabinet, will alter his mental processes. The greater probability is that the Hopkins appointment was influenced by two wholly different considerations.

One is that Mr. Roosevelt has concluded that the results of the November elections did not reflect dissatisfaction with his policies and that the majority of the voters desire a continuance of his New Deal. If that is the case, it may well be that he wants Mr. Hopkins as his successor and has decided to make the 1940 fight on the issue of retention of the New Deal, regardless of how the business interests and the conservative members of his party may feel about it. The developments of the next few months should reveal whether that is the direction In which the administration is

The other probability is that Mr. Roosevelt wanted to do what he could to head off the threatened congressional investigation of the W. P. A. With Mr. Hopkins and his militant assistant, Aubrey Williams, out of the picture, the edge has been taken off any such investigation. And the designation of Colonel F. C. Harrington, an Army officer, as the acting director of the relief agency may be expected to mollify many members of Congress who were thoroughly dissatisfied with the functioning of the W. P. A. under Mr.

Hospitals and G. H. A.

hospitals have never had a grievance against G. H. A.," it was said. The determining factor in each case was the qualifications of the applicant to practice his profession within the confines of the hospital. This is as it should be.

The group health experiment undertaken here has assumed major importance in the Nation-wide discussions over "group medicine." Because of the future effect in the realm of medical economics, the Group Health Association should be given the fullest opportunity to test its theories and its methods of putting them into effect. Its program cannot undergo a fair trial if its doctors are hampered in rendering adequate medical service to G. H. A.

The Tax Program

The tax plan finally indorsed by the Commissioners' Tax Advisory Committee represents the result of long and serious consideration by municipal officials and a group of citizens designated by the Commis-

sioners to represent local taxpayers. The proposal is designed to accomplish two things-first, to substitute for a temporary and extremely unpopular tax plan a permanent and possibly less unpopular tax plan: second, to raise the revenue necessary to meet the greater part of the askance at Harry Hopkins, the new increasingly heavy expenses of Capi-Secretary of Commerce. The Joy of Giving

The annual Christmas campaign of The Star, capably supported by the National Broadcasting Company, the Warner Brothers Theaters, the Metropolitan Police, the Parent-Teacher Association, the Peoples Drug Stores, hundreds of Federal employes and many other agencies and warm-hearted individuals, closes today. Among those who have labored that the effort might be a complete success the conviction exists that the work has been its own reward. It has served to provide opportunity for an experience of the joy of giving, a pleasure and a satisfaction in which a multitude of plain people have been happy to

Of course, it never is possible to meet every human need, even at Christmas. Yet, moved by the spirit of the Yuletide season, it is feasible to make a convincing demonstration of fundamental human fellowship. The instinct to help one's neighbors is natural, it is born in the average heart, it flowers at the time of the year when the Christian world celebrates the anniversary of the birth of its Holy Child. Also, providentially, its influence, benevolent and benign, transcends the immediate occasion in effect. Twelve months are brightened by the light which blazes at its maximum height in the final week of December. Few indeed are the men and women who do not realize that every problem that plagues the troubled earth could be solved, if only the love, the mercy, the charity, the friendly feeling current at the moment when these lines are written and read adhere strictly to the sensible policy | could be maintained indefinitely as

> This perhaps is another way of saying that the principles of Christianity are practical forces when applied. Christmas is the proof of

The Duchess' Defeat

Prime Minister Chamberlain has taken a notable round in the battle to maintain popular support for his program of European appeasement. The Duchess of Atholl, his bitterest critic within the Conservative party, was decisively defeated for re-election to Parliament. Waging her campaign squarely on the government's foreign policy, especially the dealings with the dictators, before and after Munich, the Duchess besought voters of the ancient Scottish borough of Kinross and Perth to return her to the House of Commons as a protest against Mr. Chamberlain's course.

The Highlanders were deaf to her grace's plea that vital interests of the empire are being surrendered to the totalitarians. An humble Perthshire farmer, carrying Chamberlain's colors, swamped his aristocratic opponent by a thousand votes. In 1935 the Duchess of Atholl carried the constituency for the Conservatives against a woman Liberal by five thousand majority. Although the Atholl candidacy this week had the official Liberal and Labor support, that of "his majesty's loyal opposition," the combined strength of those parties did not suffice to pull the Duchess through.

Mr. Chamberlain's friends hail the victory as his most striking electoral success since he came to Downing Street. It is all the more gratifying because it was unexpected. The Conservatives are entitled to feel that the country is still with the government, despite the defections of the Churchills, the Duff Gordons and the Edens. Conversely, the Duchess of Atholl's defeat is a sign to the Prime Minister's foes that the pendulum has not yet begun to swing decisively in their direction.

Although the Perthshireman who saved the day for the government campaigned on the "peace with honor" which Mr. Chamberlain brought home from Munich, the prevailing belief is that the Duchess of Atholi's conqueror really won because of the lately stiffer tone of the Prime Minister toward the dictatorships, notably his warning that if France is a victim of aggression by Italy and Germany, they may expect to find Britain at her side. Perhaps after Mr. Chamberlain visits Rome next tional laurels. That will certainly be to carry out his pledge to withdraw Italian "volunteers" from Spain. Such action was supposed to be the condition precedent for validation of the Italo-British pact. That accord took effect several weeks ago, vet Franco is preparing his "decisive offensive" against Barcelona with the aid of his blackshirt legions.

It seems curious that a huge drug concern should have caused one of America's biggest headaches in

Notebook of Science Progress In Field, Laboratory And Study

By Thomas R. Henry.

The remarkable adaptability of plants to life in a changing world is being studied by botanists of the Carnegie In-

stitution of Washington. The mechanisms by which a plant must live are fore-ordained. It cannot change them. When its surroundings change it must adjust itself so that its life machinery can function under the new conditions. The "ingenuity" by which the plant world accomplishes such adjustments furnished one of the exhibits arranged for trustees of the institution last week.

Sometimes it can make the adjustment only by changing or restricting its habitat. A good example of this, say the Carnegie botanists, is the Pacific Coast redwood. Today it is confined to a narrow belt along the Pacific Coast, extending from Southern Oregon to Central California. It was once widely distributed over most of the Northern Hemisphere. Fossil cones, leaves and logs found in the rocks of many lands show that in structure and composition the redwoods that flourished millions of years ago were essentially the same as those which grow today. And the processes by which it grows today are exactly the same as they were 40,000,000 years

But other plants, instead of retreating to a habitat favorable to them, have conquered adverse environments. Confronted by change, a plant must either retreat, change its form so that its life processes can function, or become 'extinct. If its home becomes a desert it must "learn," by a series of those experiments which constitute evolution, to live in the desert. In some ways, it is pointed out, plants are more adaptable and, in a sense, more progressive, than animals. They are more ruthless in eliminating the unfit and preserving only the fit until a race is evolved capable of coping with almost any specific condition. Hence there are few corners of the world, however hostile, that are completely devoid of plant life.

"The process whereby they make their food and build up their bodies," says the Carnegie report, "is essentially the same in all green plants, however diverse they may appear to be and whether they grow on land or in the sea, in the tropics or in the deserts. By means of the phosphates and carbonates or calcium and magnesium present in the leaves, the plant absorbs carbon dioxide from the air, and through its roots it obtains water from the soil. Under the influence of light which is absorbed by the green coloring matter of the plant the carbon dioxide and water are converted into substances such as sugar, and oxygen is liberated into the air. This process is occur in the dark. In the absence of the species name of the fishlet month he will emerge with addi- light the plants consume the food they have produced, absorbing oxygen from the case if he persuades Mussolini and liberating carbon dioxide into the

"It will be seen that the plant depends on its physical environment for three elements essential to its growthcarbon dioxide from the air, water from the soil and light from the sun. The availability of these elements varies widely in different parts of the earth and at different times. In order to maintain the life essential photosynthesis the plant must change its form and life habit if it is to make the best use of the opportunities for securing these essential elements that its physical environment presents.

"Certain plants have undergone specializations which make it possible for them to live under the severe conditions of the desert. The most general change is a reduction in the size of the plant and the area of its green surface, which lessens the water requirement, but lessons also its capacity for photosynthesis and growth. One of the commonest features of specialization is the development of water-storing tissue in the stems, which make the plant immune to long, rainless periods.

"For example, the green-stemmed desert tree Cercidium has very small leaves in the rainy season. It depends on the scanty water supply of deep, rocky soil. Another has a very small surface in relation to its volume. Its roots are very near the surface of the soil and function for only a few weeks of the year when the soil is wet. The specializations found in these two common types of desert plants are in strong contrast to the normal tree of moist climates.

"Striking variations occur within a single plant species growing in nature under varying climatic conditions. This is illustrated by the Western yarrow. It inhabits regions of markedly different climatic conditions and is composed of different races. The races which occur in the area ranging from the mild, humid coast of California up to the Alpine Arctic crest of the Sierra Nevada and down the Eastern flank to the arid Great Basin show an impressive diversity of

"Gradual change in climatic conditions is accompanied by a corresponding change in the form and composition of the vegetation as a whole. On the Great Plains three major communities of plants have replaced each other in the past as the climate has shifted from wet-cod to dry-hot phases, or the reverse. So also changes of land form, soil, vegetation and human populations have accompanied the recent period of protracted drouth."

Again the Christmas cards come, and | fish had been discovered years before, again no manufacturer has been sensimanner.

ble enough to put a scalare on one. One doesn't have to be a fancier of small tropical fishes to realize the decorative value of this creature.

Pterophyllum scalare—such is the scientific name of the strange black-barred, silvery flat fish with the long "feelers' in the place of pectoral fins.

At one time in the history of exotic fishes as household pets this striking animal was known as the Brazilian half-moon, but that name soon gave place to scalare, pronounced skay-larrie, accent on the second syllable.

As flat as a pancake, the silvery sheen, the black stripes coming and going, and the touch of red at the eye-these characteristics alone make it a "natural" for Christmas card decoration. * * * *

Several years ago a colored photograph of this fish was used on a card circulated solely between aquarium "fans." At the same time other small fishes were used in the same way.

The conventionalized use of the angel fish, as the scalare often is called, is what we mean.

This would mean, not a photograph, but a drawing, washed in with silver and

In its way, it would be quite as interesting as any of the more conventional Christmas symbols, such as the trees, etc.

The coloring and general effect would have far more Christmas feeling than the pictures of dogs and cats, so widely used on cards.

The name "angel fish." in connection with this creature, is an odd misuse. It is based on the resemblance between the scalare and certain tropic fishes which have a scientific name beginning

with "angel." It does not belong to the same fish

family, however. The popular name, scalare, is not correct. either, since probably most of the specimens seen in tanks today are believed to be of another species, eimeke, rather than scalare.

Of course, it makes little difference. Popular names of these small animals in home tanks often are kept going long after the real scientific name has been changed, as so often happens. Thus the one name known to every-

body, that of the guppy, isn't correct. The form "guppy" was merely part of the species name of old; it happened to be the only part of the Latin name which most persons could pronounce. Guppy is good English. There is a

Guppy in one of the most popular of Dickens' novels. Dr. Guppy is today the head of a great public library in Manchester, we believe. It was a Mr. Guppy who sent the first specimens of this tiny fish, which he col-

seum for identification. He was honknown as photosynthesis. It does not ored by the inclusion of his name in

and named in an entirely different So the scientific name of the fish was

changed-but the great public which had taken up tropical fish keeping with a rush clung firmly to the name guppy, when it didn't pronounce it goopy and guby and even guppyi, in an effort to be

Manufacturers of various wares have been rather timid about adopting tropical fishes for adornment.

Now and then one sees a grotesque figure of an angel fish, only to be recognized as such by some one who has actually kept them in a tank, and long admired their beauty at close range. The real fish is wonderful enough-

the attempt to make grotesque render-

It seems strange that the uninitiated person's first idea is that the characteristic outlines of the animal should be changed

ings is all to common.

Surely it is odd enough, in all reason to satisfy any one's idea of the strange

and unusual. A band of angel fishes, swimming in

single file, would be a beautiful adornment for a belt or border of any sort. A certain conventionalization might be achieved easily, without sacrificing scientific accuracy, which, in this case,

would be photographic accuracy. Some really splendid color photographs of the scalare have been taken in the past five years. One of these, and perhaps the best, showed the parent fishes

taking care of a flock of babies. For a few weeks the young angel fish. after hatching out, is shaped much as any fishlet, but by the time it is three or four weeks old it begins to assume the round flat body, and to develop the feelers.

The young specimens commonly sold in stores are about 3 or 4 months old. They have bodies about the size of a dime, or slightly larger, but in other respects are full-fledged angels. * * * *

If it were not for their susceptibility to cold, the angel fishes would be the very best beginning fish, surpassing the famous guppies for that purpose, but they cannot stand the temperature of the water below 70 degrees, and much prefer it between 76 and 78 the day around

A slight drop during the night to 68 degrees, which is always possible, even in the warmest house, will end by giving the creature an attack of the "ick." a microscopic creature which lurks in water waiting for just such a temperature to "do its stuff.

The angel fish, or scalare, is all fish, but it looks amazingly unlike one, in lected in Honduras, to the British Mu- many ways, and would make a genuine Christmas card decoration of the highest quality. Let us hope that another Christmas sees it take its rightful place

Letters to The Star

Old-Age Security Plan Offered

To the Editor of The Star:

May I, an average citizen, suggest to the public through your column an oldage simplified social security plan as

whatsoever will pay an income tax, the amount to be in proportion to his or her Married couples would file individual

every person under 65 with any income

returns, each reporting half of their income whether earned by one or both with the usual exemptions.

A proportion of these additional tax receipts is to be set aside for old-age pensions for all that paid the tax. The amount, segregated yearly, would be determined by the probable number of beneficiaries in 1942. The individual benefits are to be a percentage of the taxpayer's accumulated payments, not to exceed \$85 per month. This means that the worker would pay direct to the Government instead of through the em-

The advantages of this method of collection are as follows:

Certain groups would not be barred from paying or enjoying the benefits as with the present plan, since every person paying will be eligible when the retirement age is reached.

It will actually encourage the delinquent small taxpayer to pay so as to get his or her name on file.

It will stimulate an interest in government in those who do not now pay any direct tax.

It will eliminate the necessity of creating new Government agencies, an addition to the present personnel in the office of the collector of internal revenue being all that would be necessary.

It will eliminate extra work for the employer. Shouldering the full burden of tax will not cost the employee any more because in the final analysis the employee pays under the present law in a higher cost of living or in a lower wage.

G. A. KNUDSEN. Brooklyn, N. Y. December 10.

It is my observation that a very good work is being performed by The Evening Star, in co-operation with theaters and other business firms, in obtaining food, clothing, toys, etc., and distributing them to those people in our city who are in desperate need of these items.

that would serve to increase the amount made available to the needy: 1. That the theaters turn over their

gross receipts in cash rather than admit guests by accepting toys from them. Such a plan would make it possible to buy more toys than are received as admissions, because many people give a toy having a retail value which is much less than the regular theater ticket price. 2. That a simple system be established

whereby adequate accounting is made for South America would get German goods all moneys, food, clothing, toys, etc., confor nothing. The United States would tributed, so as to further assure the ultimate receipt of these items by the families for whom intended. Dilemma Afoot

When the District Commissioners hold their public hearing this Thursday on the proposal to enact a pedestrian control regulation they will be confronted with a problem which is not as simple as superficial consideration would indicate.

In the first place, the control of pedestrians is not, and has not been advanced by its proponents as a panacea for a very serious civic problem. It cannot possibly eliminate death and injury on the Capital's streets. But it is to be hoped that control will contribute to a reduction of the toll which has been chalked up in recent years. It involves only one factor in the search for means which will make the streets safe. But that factor is important enough to be given serious study.

Criticism has been voiced, in the discussion of the proposed regulations, against statistics provided by traffic authorities on the proportion of such accidents which were due to carelessness on the part of pedestrians. It is possible, in some cases, these statistics have been subject to misinterpretation. But in the absence of counter-interpretations the figures must be accepted at their face value. Figures based on the official record of each individual accident cannot be dismissed with the comment that, like Shakespearean quotations, they can be used to prove any side of any argument. Whether er not the specific cases on which the figures were based were due to carelessness on the part of pedestrians or of motorists, the point remains that some cases, and, as far as can be told from the official reports of the police, many of them, were caused by the victims themselves. Whether or not the proposed control regulations are adopted, the responsibility of the motorist for due care in driving will remain. The presence of a pedestrian in the street between intersections will in nowise relieve the driver of his duty to do all in his power to avoid striking him.

In actual practice, of course, any regulation will be largely unenforceable, if by enforcement is meant a complete, constant and literal obedience to the rules. Pedestrians will continue to walk against red lights and to cross between intersections, just as motorists continue to pass stop signs, speed and park too long, either through oversight or because they think they can do so safely. But, if the regulation is there, the pedestrian will be less apt to violate rules of common sense and safety. The blame, if he meets with an accident, will be his, just as the onus rests upon the motorist whose brakes are bad if he cannot stop in time to avoid an accident.

Public School Funds

The urgent request of public school officers for supplementary appropriations to the school budget in the sum of \$36,788 has been started on the road to Congress by the Board of Education and the District Commissioners with commendable celerity.

Washington citizens are by this time familiar with the circumstances leading up to an anticipated shortage in the heat and light item, as well as the actual shortage in the officers' and clerks' salary item of the appropriation act. Many of them have been directly affected by the heat and light economy measures adopted by the school authorities in connection with meetings of civic groups in school buildings. Many of their children have had to light matches in the school locker rooms to read the combinations on their lockers under this same economy program.

It is inconceivable that Congress would permit the public school system of the Nation's Capital to shut down because of a fund shortage. Yet this would definitely be the prospect unless the deficiency appropriations sought are provided.

The \$25,000 requested for the heat and light fund represents insurance against Washington becoming another Dayton, Ohio, where schools were closed through lack of money. It is barely possible that the amount will not be needed if unusual weather conditions obtain. Should this be the case the request can be withdrawn. If, on the other hand, the money is needed as the school auhave been taken to make that money

immediately available. As to the salary item, Congress probably did not intend to force payless furloughs on certain school em-

theory that it would be made up from Federal appropriations under the George-Deen Vocational Education enthusiasms which characterized his

Act. These situations, however, together with the fact that the schools have operated at a \$9,000 savings to date over the first half of the last fiscal year in the heat and light item, should remove any opposition to approval of these supplementary allotments by the legislators.

The Declaration of Lima

Riding the storm of controversy which momentarily threatened to wreck an accord, the twenty-one Americas on Saturday gave the world a striking demonstration of the democratic process. The Declaration of Lima is the result. It is a forthright, unequivocal warning to totalitarian powers that the republics of this hemisphere are determined to stand together in defense of the institutions peculiar to the New World. The declaration does not go the length for which the United States hoped. But it goes much further than Argentina originally wanted to go. It is, in other words, a compromise, which sacrifices unessential details for the sake of the fundamental objective. It leaves neither victor nor vanquished.

Avowing their decision to protect themselves "against all foreign intervention or activities," the American republics declare that in case the peace, security or territorial integrity of any one of them is threatened by acts of any nature that may impair them, "they proclaim their common concern and their determination to make effective their solidarity, coordinating their respective sovereign wills by means of the procedure of consultation established by the conventions in force and by declarations of other inter-American conferences, using measures that in each case

circumstances may make advisable." Between the lines of this somewhat verbose and, to the lay mind, involved terminology, one gleaming purpose looms. Interested quarters in Berlin, Rome and Tokio will not fail to discern it. That purpose is the firm intention and instant readiness of the sister American states, in the hour of emergency, to standand to march—shoulder to shoulder. Secretary Hull hailed the declaration as evidence of an unprecedented feeling of solidarity; as recognition that American institutions and the absolute sovereignty of each American nation are indispensable to the welfare of this hemisphere; and as a guarantee that the peoples on this side of the Atlantic and Pacific will close ranks if menaced by military, economic or cultural aggression from any quarter on earth. The spokesman of Brazil, which was last to sign the declaration, identified himself with Mr. Hull's statement in these words: "America continues united and vigilant in safeguarding her common interests, in defending her peace, and in efforts toward collaboration."

In light of the final achievement and of the give-and-take spirit that produced it, scant attention need be paid to attempts of captious observers at Lima, especially Nazi mischiefmakers, to depict the Declaration as a diplomatic defeat for the United States. Typical of such efforts was the German broadcast at the close of the conference describing it as a failure because of the difference of opinion that developed among the delegations over solidarity. The political mentality prevalent in dictator-ridden countries is incapable of understanding the democratic system that enabled all schools of thought to have their day in court in Peru, permitted differences, however diverse, to be thrashed out in the open, and finally made possible

an agreement acceptable to all. The people of the United States are grateful to Secretary Hull, Governor Landon and their associates for contributing so signally this country's share in the work of conciliation that crystallized in the Declaration of Lima.

Dr. Abram Simon

It is with profound regret that the people of the Nation's Capital part with their neighbor and friend, Dr. Abram Simon, rabbi of the Washington Hebrew Congregation during thirty-four years. The shock of his passing has been felt through the city, and the circumstances of his death will be long remembered. Some of those who knew him best have no choice but to believe that his brave and generous heart was broken by the sufferings of his co-religionists abroad. He was a sensitive man, easily hurt; and sorrow had burdened him beyond his powers of endurance in recent months.

To understand Dr. Simon's value to the community it is necessary to begin with the fact that he was a scholar, deeply concerned with knowledge not so much for its own sake as for that of God and the human family. He loved learning because of its enrichment of life. Books were to him instruments for enfranchisement from ignorance and intolerance. Through them, he believed, mankind enters into the only freedom worth having-the freedom

of wisdom and righteousness. But Dr. Simon never was content merely to wait for cultural expansion. He gave himself to a great number of helpful social causes, tirelessly toiling for the development of a constructive civic conscience. By nature thorities believe, the initial steps a leader in any field in which his interest was engaged, he had faith in the willingness of the multitude to follow wherever the path for advancement might be indicated. His optimism was a creative force which | 16 hours a day to keep somebody from ployes. That cut was made on the benefited thousands. It was an in- | gittin' it away from you."

spiration to be associated with him, pleasure to share the fine intelligence. His reactions were consistently vitalized by his ardent idealistic spirit.

Words, however, are inadequate tributes. Instead, Washington must raise a monument of deeds to Dr. Simon. His example does not die. Instead, it is assured of immortality among all who hold dear the traditions of America and of the Federal Center in which he was so usefully at home. Homage to his name can best be rendered by carrying forward the torch of liberty which has fallen, too soon, from his hand. The night is dark throughout the world. All the more imperative is it then that the sacred flame shall be preserved in Washington and in the United States at large.

Contented Cows Professor Mackintosh of the dairy research department of Reading University, England, experimenting on how to keep cows quiet and contented, has solved the problem with music. But it must be the right kind. The ideal program contains Beethoven's "Pastoral Symphony," and nearly all of Mozart and Haydn. Mozart in particular, says the professor, makes cows happy and drowsy, but Wagner curdles the milk.

The suggestion is made, therefore, that the Federal Communications Commission confer with the Department of Agriculture to arrange at least one daily milk hour program. Each progressive farmer should have a radio in his barn, permanently set at the right number of kilocycles and sealed there to prevent catastrophes. If Wagner curdles the milk, what would Cab Calloway do to it? American cows may not have the same taste in music that their British cousins have, and Secretary Wallace ought to get busy right away and check up to see what they want. He might follow the technique of Orson Welles, who accidentally discovered how to drive some people into a panic. Our neighbors in Latin America, too, can profit. Wouldn't it be worth while to avert the possibility of having some Ferdinand fail to realize his true function as an entertainer, and make a fiasco of the fight by entering the bull ring in a spirit of brotherly love for the toreadors? There must be something that could go out over a loud speaker and enrage even the sissiest bull. Until something better is composed, "Flat Foot Floogie" ought to do. The United States will gladly furnish this free to any one asking for it, and keep the change.

Capt. and Mrs. Anthony Eden admit to two disappointments during their recent visit to these shores. to meet Tom Corcoran and Ben Cohen. Republicans hope that by the time of their next visit plenty of diamondback may still be available, but that Corcoran and Cohen will be like Gallagher and Shean, only a memory.

Writer Scores Advice From Maj. Gen. Mosely

Says This Country Should Use Economic Resources **Against Enemies**

To the Editor of The Star:

A few weeks ago Maj. Gen. George Mosely retired, and, as a valedictory, delivered a philippic against the administration. A promise he then made to shortly come to the aid of his country he now discharges by giving three pieces of advice. They are very helpful in this time of national doubt and uncertainty because they are so clearly wrong that they make the truth stand out like a great mountain in a plain.

The general advises:

(1) "A settlement with Japan to insure a lasting peace in the Pacific with increasing trade for the United States." No settlement with Japan can "insure a lasting peace in the Pacific." Within the past five years Japan has denounced and violated a number of treaties entered into for just that purpose, and has embarked upon a course of national banditry involving the malignantly planned moral and physical ruin of invaded peoples by promoting drug addiction. Her occupation of Manchukuo and parts of China has been marked by the murder of children, the rape of women, kidnaping for ransom, wholesale slaughter of non-combatants and by a total disregard of the property rights of nationals of countries with which Japan is at peace.

(2) "A mind-our-own-business policy in Europe."

This suggests the question of Pilate, "What is truth?" What is our own business? Are we attending to it if we calmly look on while the only countries on earth which, under present and apparently continuing conditions, might be reckoned upon to help protect our seaboards if attacked by the combined navies of Germany, Italy and Japan are brought to destruction? Should we not co-operate in the preservation of our natural allies and their resources without waiting for their navies to be destroyed, their armies decimated, their industries wrecked or, worse, taken over by our enemies?

(3) "Conduct a campaign at home to drive out domestic enemies."

This proposal, though obviously foolish without some qualifying explanation, is

pregnant with suggestion. We have with us a half a million aliens, many of whom are actually enemies, acting in obedience to powers who are actively working for our destruction in common with the destruction of all other democracies. It is possible for us to expel "foreign" enemies and we should immediately boot out of this country every unnaturalized Japanese, Italian and German, except he be a political

The Mosely program provokes another conclusion: We are faced with inevitable war. Only the time is uncertain. Today we can pick the arena and choose the weapons. We are not ready to fight on land and if we act now we will not have to do so. Our naval forces may F. B. I. Fingerprint Files. They did not get to eat terrapin or | play an important—but it will be a subordinate-part. The weapons ready at our hand are the world's largest supply of gold and illimitable natural resources. On the other hand, our enemies are bankrupt in money and on the border line of famine. They have large, well trained and finely equipped armies which, for the moment only, cannot be used against us.

We should, this very day, declare a quarantine against Germany and Japan. Other nations will align themselves with us, but we must not wait for that. We

A few months ago, in a sudden and unexpected burst of sanity, this administration refused to supply Germany with helium for her dirigibles. If we now tread the same path of wisdom and patriotism, not one drop of stolen Mexican oil will leave this continent for a German port. But no punitive measure against Mexico must be involved. That we cannot afford. We can afford to pay good American dollars in exchange for the oil now under contract to Mexico, dollars which will be the unrestricted property of Mexico, the price to be the same which Germany contemplates paying Mexico in tin whistles, radio sets and Nuremberg doll babies. Every dollar will be well spent if it is to prevent Germany from reaping the benefit which she now sees in sight from her policy by which she induced Cardenas to repudiate the promise he voluntarily made in October, 1935: "* * * foreign interests holding oil fields will not be molested. * * *"

We owe much to the folly of our enemies. With their warnings ringing in our ears, if we allow one drop of oil to leave Tampico for Germany or one ton of scrap iron to leave San Francisco for Japan, to be made into munitions to be used against ourselves, we shall be fools and merit the punishment we in-HOWARD PITCHER OKIE. vite.

Asks Tolerance for All Men All the Time. To the Editor of The Star:

Though a member of the orthodox Jewish faith, I always have looked, and still do look, with great admiration at the Christmas holiday. The spirit of giving, the ideal of charity, the conception of genuine and sincere regard for the poor and underprivileged, which saturates the atmosphere everywhere at the Yuletide season, somehow indelibly impresses me, and resurrects in my heart my faith in the ultimate goodness of mankind. "Peace on earth and good will unto all men" becomes a reality-not merely a platitude: a living, vital force-rather than a mere Utopian symbol-

But as a member of a race now brutally and mercilessly oppressed in many parts of this world, I cannot help but pray and ask for a continuance of the effective expression of this simple but divine symbol of Christian charity to all mankind, regardless of race, creed or color. I ask in the name of Him, whose birth, life, death and resurrection has meant so much to civilization in these many ages, that His teachings constitute the lesson of everyday life rather than of one day in the year. I ask my fellow men, Jews, Gentiles and others, to remember that we are all children of one God, all human, all prone to err at times -none perfect-all entitled to God's divine protection and mercy. Let us not condemn any one for what the Almighty has made him. May it be said: "Peace on earth and good will unto all men" at all times by all men.

the same meal, the amount of these ele-

ments consumed was sharply reduced.

The day after Christmas often brings, fact that the system not only could but regrets. We refer not to gifts, but simply to eating too much.

The holiday season would not be the holiday season without excess food, including candy, etc.

Even those who know better, through long personal observations, are inclined at this time to take too much to eat and drink, with the result that they come

down with colds or the like. Often they never suspect their gorg-

If this overeating is combined with laxity as to covering outdoors, a very common situation is created in which plenty of trouble is not only in the offing but actually in the famous "department of the interior." * * * *

It is one thing to take high resolutions actual test, is more to the point. about overeating, and quite another to put them into personal application. put their mark against certain products Unless a person is diseased, or other-

wise actually lacking an appetite, the craving for food is augmented by custom and habit. Various diet systems try to keep peo-

ple from eating too much. Nature seems determined to push us the other way, to keep us eating when we do not want it. One cynical writing doctor once said that overeating is Nature's little way of getting fid of us at last. He indicated that we might fool her, in some measure, by deliberately refraining.

Thus he advocated not more than 40 grams of protein a day, in place of the more liberal allowances given in most diet tables. Forty grams would be represented by about five glasses of milk, or two eggs, or a very small piece of meat. * * * *

The idea is to save the wear and strain on the arteries caused by the high rate of living induced by a too high protein intake.

Any one who doubts the ill effects of too much food of this character has but to look up the subject of old age in any of the larger encyclopedias.

The account of what happens to the old is not pretty reading, but it is interesting since, barring accident, it must happen to all of us.

That smaller amounts of food than commonly taken will help in mitigating some of these evils is the hope of all diet systems.

It is probable that few diet systems, however foolish they may sound, do much real harm, for the plain and simple reason, as Penrod put it, that few persons ever stick to them.

* * * *

A great deal of fun has been poked at one of the most popular and successful of dieting systems, but even its opponents had to admit that it could do lit-

This was a sort of back-handed compliment, for it deftly passed over the | much food at the table.

I read the editorial entitled "Bond

Jumpers" which appeared in the De-

cember 14, 1938, issue of The Washing-

ton Star with considerable interest, par-

ticularly in view of the fact that promi-

nent mention is made of the identifica-

tion facilities of the Federal Bureau of

I likewise have noted other items

which have appeared in the press re-

garding the situation which prompted

your editorial. In one news item it was

pointed out that from 24 to 72 hours

were necessary for the Police Depart-

ment to obtain information from the

files of the Federal Bureau of Investiga-

tion, except in special cases where an

emergency case was put through. It

also appears that a series of conferences

have been held by city officials and rep-

resentatives of the Washington Criminal

Justice Association with reference to

this matter and because of your interest

I wanted you to know that all finger-

print records furnished to the F. B. I

by the Washington Police Department

are handled within 24 hours. The rec-

ords ordinarily are brought to the bureau

by approximately 8:30 p.m. for a search,

and as soon as the records are searched

the officials of the Washington Police

Department are notified by telephone

of any persons wanted. The records are

then made up and given the officer

when he calls at approximately 8:30

p.m. on the following day. To date the

Washington Police Department has not

requested the Federal Bureau of In-

vestigation to give any special attention

to the handling of fingerprints submitted

by it although the F. B. I. is in a posi-

tion to give special attention in every

instance when it is requested by law

enforcement agencies. Likewise, we can-

not anticipate when the records are of

special interest to the local authorities

At the present time the bureau's files

contain in excess of 9,700,000 finger-

prints, yet it is possible to search an in-

coming print through our files in less

than 3 minutes' time and ascertain

whether or not the individual whose

fingerprints are being searched has pre-

Likewise, I thought you might be in-

terested in knowing that during confer-

ences which have been held, as reported

by the press, regarding the more ex-

peditious handling of fingerprint rec-

ords, the bureau has not been consulted,

nor has the matter been presented to

the bureau in any way whatsoever.

Frankly, it would not be necessary for

the Metropolitan Police Department to

have a representative of that department

stationed at the F. B. I. during each 8

hours of the day since all the finger-

prints are classified and searched by the

bureau's technical experts and the only

arrangements that need be made would

be to have the fingerprint records on in-

dividuals being held brought to the bu-

reau where, within a very short period

police officials notified by telephone if

As you have pointed out in your edi-

torial, certainly the problem involved

does warrant the most serious considera-

tion by the local authorities. At the

same time, however, in any cases where

some special reason exists for expediting

the search it certainly would not require

a day or so to ascertain whether the in-

dividual under inquiry has previously

been fingerprinted.

of time, they could be searched and the

viously been fingerprinted.

unless the bureau is given notice.

No Delay in Searching

To the Editor of The Star:

Investigation.

If Nature had worked out a system, wherein taste and need were better coordinated, the necessity for medicines and doctors would have been reduced

> Such a system, hinged on such a need, may be worked out by the individual. What we all need, Emerson said, is some one to make us do the best we

Q. What was Sherlock Holmes' rejoinder when Dr. Watson praised him?-

A. "Elementary, Watson!"

Q. Where is Elmer Gantry, the prizewinning blind horse?-J. H. G.

A. He is in Hollywood, where he recently signed with an inked hoofprint a contract to act in the picture "Gantry the Great."

Q. What is the origin of the word "mascot"?-J. H. L.

A. The word was first popularized by Edmond Audran through his comic opera "La Mascotte" in 1880, but it had long been commonly used in Provence and Gascony, where it meant something which brought good luck to a household.

Q. Who designed the new White House piano?-J. L. K.

A. Eric Gugler, a New York architect. drew the general design. The gold leaf decorations were done by Dunbar Beck of New York, while Albert Stewart, the sculptor, executed the eagle legs, which

Q. Who were the oldest and youngest members of the Constitutional Convention?-J. H. G. A. Benjamin Franklin of Pennsylvania,

then 81, and Jonathan Dayton of New Jersey, who was 26 years old. Q. How many small hotels and room-

ing houses are there in New York City? -E. H. J. A. There are 11,000 rooming houses and small hotels.

Q. How many miles of highway are there in the world?-R. H. G.

A. There are 9,600,000 miles of high-

ways in the world, with almost 4,000,000 in the Americas and more than 3,500,000 in Europe. Q. Into how many languages has the

Bible been translated?—R. J. H. A. The Scriptures, in whole or in part. are now recorded in 1,000 languages and

Q. What is the extent of the Puerto Rican sugar industry?-B. S. G. A. The sugar industry in Puerto Rico

furnishes employment to 135,000 workers, has an annual pay roll of approximately \$25,000,000, and provides an income for the island of about \$60,000,000. There are more than 300,000 acres planted in sugar cane. Q. Please quote the oath of the Athen-

ian young man.-C. S. H.

A. It is as follows: "We will never bring disgrace to this, our city, by any act of dishonesty or cowardice; we will fight for our ideals and sacred things of the city, both alone and with many; we will revere and obey the city's laws and do our best to incite a like respect and reverence in those about us; we will strive unceasingly to quicken the public's sense of civic duty, and thus in all these ways we will strive to transmit this city not only not less but greater, better and more beautiful than it was

Q. What causes most of the fires on

transmitted to us."

railroads?-E. J. H. A. In 1937 unknown causes were responsible for greater fire losses than those attributed to any other single factor. Smoking and matches were second and other major causes were spon? taneous combustion, fires not separately classified, exposure, construction, installation or maintenance of stoves, sparks or hot coals from locomotives and concealed spark in cotton.

Follow the European News With a Good Map

Every American is vitally concerned about affairs in Europe. Our newspapers are filled with news dispatches telling of the ever-present threatening conditions throughout the continent. If you would follow the news quickly and understandingly send for a copy of this large colored map of Europe. It is 21x28 inches. It shows old and new boundaries, prior to the annexation of Austria by Germany, gives old and new spellings of capitals and major cities. On the reverse side is a wealth of economic and political data. Available only through our Washington Information Bureau. Ten cents, postpaid.

USE THIS ORDER BLANK,

The Washington Evening Star Information Bureau, Frederic J. Haskin, Director. Washington, D. C.

I inclose herewith TEN CENTS in coin (carefully wrapped) for a copy of the MAP OF EUROPE.

summary of Outstanding News Events Which Made History in 1938.

January

There was a dearth of prophecy when the iron tongue of midnight tolled 1938's arrival. Jitterbugs shouted "Bei Mir Bist du Schoen, but outside the night clubs business stagnated. "Nice work if you can get it" was a popular phrase-Special Census-Taker John D. Biggers estimated 10,000,000 Americans were unemployed, and big businessmen went silently to Washington, in January, like small fry entering the woodshed with father.

Interior Secretary Ickes and Assistant Attorney General Jackson (who then was expected to run for Governor of New York) had been booting business "bourbons." Men of means fought N. L. R. B. and fumed about "that man in the White House." But before the month ended there was truce talk. And Economist Leonard P. Ayres fore-

saw an upswing by summer. "Another year, another war?" Europe thought. Unusually bright Northern lights one January night made peasants thing "Der Tag" had dawned. But Germany was jolted by the marriage of a carpenter's 28year-old daughter to Field Marshal Werner von Blomberg, 59. Spanish loyalists took Teruel, their first great victory for months. And Nippon nibbled on in China, but promised to be Uncle Sam's pal in '38.

Planned Bigger Navy. America prepared to build a bigner Navy.

The House of Representatives buried the Ludlow war referendum plan, 209 to 188. The Senate became entangled in an anti-lynching bill filibuster. The Supreme Court was kept in headlines by Associate Justice Sutherland's retirement, the appointment of Solicitor General Stanley Reed to succeed him and Justice Cardozo's illness.

Jersey City's Mayor Hague spurned Senate seat to continue his war on "Reds." Glenn Frank agreed to head the G. O. P. Program Com-

'Heigh, Ho, Heigh, Ho . . ." "Snow White and the Seven Dwarfs" delighted 'most everybody. Stay-at-homes tuned in on Toscanini or read "The Citadel." Arts" or "Northwest Passage." Idlers in corner drug stores discussed the 22-day fast of Dean Israel Harding Noe of Memphis, the Elv Culbertson divorce. Barbara Stanwyck's scrap with Frank Fay over an adopted son and the capture of the kidnaper of Charles S. Ross of Chicago.

Seven died when Pan-American Airways' Pilot Edwin C. Musick crashed near Pago Pago, American Samoa, and 10 died in an airliner's tailspin near Bozeman, Mont. Kurt Schuschnigg was deaf to Italy's efforts to lure Austria out of

the League. The United States got curiouser and curiouser about a Mr and Mrs. Donald L. Robinson whom the Russians had in jail. And January 31 in Holland, a 51-

gun salute announced the birth of Wilhelmina Armgard, destined some against his fellow directors. day to rule 69,000,000 people.

February

Adolf Hitler had far more power Clarence Darrow were published. than a kaiser. But in Germany's churches and army there still were independent spirits. Of the clerics, the most defiant

was the Rev. Martin Niemoeller. He dozen satellites were "busted."

his diplomatic department and ernment. roared at Austria and British Foreign Secretary Eden. In Vienna, Chancellor Schuschnigg promptly appointed a Nazi, Arthur Seysz-Inquart, to his cabinet. In London Prime Minister Chamberlain accepted Eden's resignation.

United States Secretary of State Hull, meanwhile, denied Uncle Sam had any war alliances with John Bull. The Japanese refused to talk about battleships they were building. Chinese airmen bombed Japanese soil for the first time in history. Arrangements were made-but not carried out—for selling United States helium to Germany.

Little Business Meets.

As doughty as miniature auto racers, 1,000 little business men met, and those of them who could make R. A., protect bosses, etc.

A new A. A. A. was created. The Workers expelled Bill Green, who Austrians, vote for him—and was program ever enacted for workers' was busy lambasting labor's Non- 99 per cent successful. Partisan League as a C. I. O. 'dummy" bent on forming a farmer-

The crime of the month was the kidnaping of Peter Levine, 12, of New Rochelle, N. Y., whose headless body was found on the shore President from 30 days in jail for five United Auto Workers Union

But the winter's great adventure saga ended happily in February: Four Russian weather observers who had drifted southward from the North Pole for months on an ice floe were rescued just as their floe began to crack up off Greenland's rocky coast.

March

Herbert Hoover, touring Europe, under it. found every problem save the auto

parking problem "acute." Political Poser No. 1 was Austria. May And Adolf Hitler, the corporal who had kept on fighting, finally to win the World War, boldly extended Germany's frontier clear around Austria's 32,377 square miles and 6,760,233 people. But America's exenvoy to the Reich, William E. Dodd, predicted: "Great Britain won't do anything if Germany invades

Czecho-Slovakia. Warbirds left 872 dead, 2,000 wounded, 10,000 homeless in Barcelona on a single week end. Japan's Parliament passed a "fascistic" mobilization bill. Russia tried and executed more bigwigs. Mexico seized cision to let that bill become law, foreign oil properties valued at but he wouldn't sign it. \$400,000,000. And Brazil's police uncovered a cache of Nazi daggers.

And half-American Hungarian countess. land died. Henry and Clara Ford celebrated their golden wedding. Dr. Francis E. Townsend was excused by the Homer Martin's faction suspended contempt of Congressmen.

N. L. R. B. ordered the previous summer's steel strikers reinstated. Pickets collecting dues closed auto plants. Michigan's Gov. Frank Murphy sped home from Florida to settle a power strike. President Roosevelt put the railroad problem up to Congress. And Wisconsin's urged relief workers to keep their Gov. Phil La Follette unfurled a banner with a strange device-an of rallying progressives together

To 13 high school graduates in Arthurdale, W. Va., a New Deal model town, President Roosevelt talked taxes.

Previously he had raised the question of taxing Government bondholders and jobholders. Businessmen, on the other hand, had spotlighted another issue, the undistributed-profits and capital-gains levies, and Congress finally had passed a bill to modify them.

In his commencement address, Mr. Roosevelt announced his de-

Czecho-Slovakia paid for it. At midnight, September 30, Germans goose-stepped into the little denocracy, and Poland and Hungary

ipped for their shares. Der Puehrer disclaimed further European territorial aims. But jokest? Hitler just gave the world 24

ers said: "Have you heard the lathours to get out." A Nazi putsch in Chile cost threescore lives and failed.

Hurricane in New England.

New England, meanwhile, was flayed astonishingly by a tropical fighting to avoid being moved to hurricane gone haywire. When ommunications were restored the Few could say. But Tokio and Nation heard the death toll was 700, the damage \$100,000,000, and headlines blurted: Long Island Resort Towns Wiped Out; 12 Feet of Water in Providence; Canal End of Cape August 15 was expected to be Cod Hard Hit; New Haven Train Wrecked; Liners Delayed, Yachts Food Shortages and Fires in Many Areas; Sightseers Barred; Red Cross Seeks Funds. Federal agencies dashed to the rescue and began weeks of rehabilitation work.

> Two tornadoes ripped into historic Charleston, S. C., killing 26. But not all weather news was bad: Rains so cheered Western farmers that Springfield, Colo., the dust bowl's "capital," held a county fair for the first time since 1930.

Jimmy Roosevelt underwent an operation. Senators Walter F. George halted the Japanese. Canton was crash near Buffalo. Dan Dodge, and Millard E. Tydings, scheduled for "purging," were among those regirl, drowned after mishandling nominated. The sensational Hines case in New York ended in a mistrial. The \$30-Thursday pot boiled in California.

By October this year folks said "could be!" of almost anything. Orson Welles' broadcast of a Marwere among the many moving into tian invasion of New Jersey scared scads of citizens into an emotional floy-floy.

Germany, Hungary and Poland were chawing chunks off Czecho-Slovakia. Alfred Duff Cooper, unconspiracy trial's jury couldn't able to swallow the Munich peace, agree The Dies inquiry came to quit Britain's cabinet—but London low travelers" and suggesting that called Col. Lindbergh a liar and Nazi radio listeners dialed in on "In- glass cut Theodore Cardinal Innitser. "Hellzapoppin."

Japan Takes Hankow. Japan took China's "old Chicago" -Hankow. Canton, metropolis of in a 20th century civilization." Nazis South China, fell, too, despite yarns cursed their critics and fined the that ubiquitous guerrillas were teaching orang-outangs to flip hand grenades, and Tokio went on slamming the well-known "open door," despite America's squawk. The President derided Representative Martin Dies' un-Americanism inquiry.

Ford shook hands. The railroad stricke scheduled for October 1 was averted by appointment of three fact-finders.

A. F. of L. Homer Martin and Henry

Auto factories called men back to deluge of inquiries and argument, the new Wage-Hour Law administered by Elmer F. Andrews went into effect. The Yanks won the World Series. "Never, said Sur-geon General Parran, had the American people been healthier.

November

Republicans went "woo, woo!" at the voters and won. Elections hoisted their United States Senate standing to 23 (a gain of 8), their House strength to 170 (a gain of 82), and gave 'em 17 out of 32 open gubernatorial jobs.

Front pages were enlivened by new faces, such as those of Senators-elect Taft of Ohio and Downey of California and Governors-elect Saltonstall of Massachusetts, Vanderbilt of Rhode Island, James of Pennsylvania, Heil of Wisconsin and Stassen of Minnesota.

Michigan's Murphy and other liberals lost. Downed, too, was California's \$30-Thursday dream.

Democrats still were supreme-in New York they defeated Dewey-but Republican Program Projector Glenn Frank found "the drift toward a virtually one-party Nation" stopped, and the stock market perked up the day after the election.

Shot Heard 'Round World. The day before America balloted sian Ukraine. Herschel Grynszpan, 17, a Jew, shot | Paris and Berlin agreed to be

'Dracula' and 'Frankenstein' Merge Into Program Full of Mystery, Murder and Madness

By JAY CARMODY.

Stout fellows, Washingtonians. Dared, yes double-dared, to come to Keith's for horror week, they turned out virtually en masse and unafraid yesterday for the opening of "Dracula" and "Frankenstein." In an atmosphere of murder and madness, vampires and monsters, they remained calm and entertained, like people who had lived through Orson Welles and had learned that terror was just art for art's sake.

weeks a life that represents a maxi-

mum of destructiveness and horror.

Earle some day.

At the risk of sounding old-fogey,

"Dracula" and "Frankenstein" are a pair of fine pictures for proving that the movies can be more fanciful than any other entertainment medium. Between them there are few corners of evil. black magic, or which the camera has not poked its Clive as the half-mad medical nose in a hunt for thrills. Deadly monsters in the shape of men, and men in the shape of bats, move mistily and murderously across the screen in Carl Laemmle's two shockers from the archives of Universal Pictures. But they are always more fun than frightening, although this is being written before this department has had a chance to dream on what it saw.

Although "Frankenstein" is the better-made picture, "Dracula" is our choice as the more fetching horror concoction. Vampires, although older in legend, have not been featured so frequently on the screen and the dirty deeds of Count Dracula have about them an evil zip that canont be matched by the monstrosities of Mary Wollstencroft Shelley's mechanical man. Where "Frankenstein" is pretty much a matter of brute strength, "Dracula" has such fascinating features of elixirs, charms, men shaped as bats, wolf's bane and a number of similar items that fell longer ago into disrepute. It is good-and creepyto have them back again, especially with the evil eyes of Bela Lugosi to give them murderous meaning.

"Frankenstein" seems far the more Park and Dine

White House Rule Held Issue

Election to Decide If Rubber-Stamp Congress Is Wanted

By DAVID LAWRENCE.

Something rather enlightening as to the poor estate to which the Congress of the United States has dropped may be derived from a reading of announcements in the last 24 hours by the C. I. O. and the National Labor Relations Board and prior there-

to by the American Federation of Labor, as to whether the Wagner Act should or should

a m e n d m e nts. They concerned mostly the procedural side of the law and certainly did not propose anything which could even remotely be construed as sabotaging of the law or weakening the workers' rights

to collective bargaining. On top of this, the Labor Board members themselves have gone to the White House to say that no amendments at all are needed, and the C. I. O. has announced that it agrees with the Labor Board. The only plausible explanation of what has happened comes from the C. I. O., which organization expresses its fears that once the law is opened to amendments it will mean hostile proposals, too, and that persons mpathetic with the law ought not to be advocating changes.

A. F. L. Assumes Risk.

From the standpoint of strategy the C. I. O. officials are right. The law is the best protection the workingmen have ever had on the matter of collective bargaining, and unquestionably attempts to weaken that law may be anticipated, so the C. I. O., takes at this time, anyway, the position it will not attack the law. The A. F. of L., on the tother hand, feeling that it has been discriminated against by the Labor Board with respect to the designation of appropriate units for collective bargaining, takes the risk of offering changes, even though it does open up the law to general amendment.

Each organization, therefore, has justification for the strategic position assumed. Each has an interest in the matter which might be described as self-protection. Even the Labor Board members are most reluctant to agree publicly with the procedural changes advocated by the A. F. of L. for fear this will be interpreted as a confession of bad administrative behavior on their have endeavored conscientiously to carry out the letter as well as the spirit of the law written by Con-

But what of Congress? What of the members of the Senate and House who used to be known as egislators, or at least as sponsors of legislation, even as recently as a year or so ago, though, to be sure, the actual bills were handed to them by "brain trust" aides of the President? Some pretense used to be made of the fact that Congress wrote the laws, but now it is openly acknowledged by such action as the abor groups are taking that it is the President who decides whether in act of Congress shall or shall not be amended.

President's Power Is Great. It takes more than a mere majority of both houses to amend a aw. The popular belief is that a majority is sufficient. But the President can veto an amendment to the Wagner law passed by a majority. He can prevent passage even if two-thirds of the House lavor the amendment and one Senator less than two-thirds of the Benate should also favor the change.

The veto power will come more and more into vogue as the President loses a few seats in Congress or when an anti-New Deal majority is achieved through a combination of Republicans and independent Democrats. But such a stalemate would only lead to more friction and ultimately to the forcing of a twothirds against the President. What is important at the moment is that, because the President controls a majority of both houses, he can decide whether or not to permit changes in the Wagner law. Hence on the outcome of the elections next week depends whether the country as a whole indicates a desire to have members of Congress vote independently of the White House or cratic Club of Washington, at 8 whether a rubber stamp Congress p.m. Monday, at the Willard Hotel, is what the people want. (Copyright, 1938.)

The Capital Parade

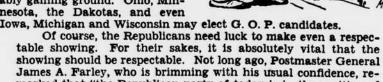

In Election—Gubernatorial Victories Real Goal

By JOSEPH ALSOP and ROBERT KINTNER. For the first time since the New Deal began, there is genuine optimism among Republican leaders. After three dreadful shellackings, they have learned to be content with modest hopes. But, when you talk to them, you do not catch the revealing overtone of bluff and bluster which was so audible in their predicting in 1934 and 1936.

They have perked up noticeably in the last two weeks, however.

When your correspondents had a look at the situation in the key Eastern States, none but the Massachusetts Republicans claimed word comes from Pennsylvania that in spite of the depressing quality of the Republican ticket there, the voters are inclined to view the Democrats with even

better than an off-chance. Now more distaste. In New York, the Dewey forces are unquestionably gaining ground. Ohio, Minnesota, the Dakotas, and even

marked that "the Republican party of today is in the position of the Whig party of 1852, tottering on the edge of an open grave.' And many Republican leaders privately agree with big Jim, that, unless they can edge away a little from the pit their past sins have digged, they will surely fall into it two years from now.

Thus, for the Republicans, the first issue to be decided Tuesday is their survival as a decent party. If they take the count for the fourth time, they probably won't die, but they may not rise again in their old shape. Among the 200 per cent Americans, the Roosevelthaters and certain big businessmen, there is plenty of vigilante feeling. which it's now fashionable to call Fascist feeling. If the present Republican leaders fail to win by civilized means, the now submerged vigilante groups are likely to try a reversion to political savagery. The possibility is not widely recognized, but men high in the councils of both parties are uncomfortably aware of it.

It's far more pleasant to think of what may happen if the Republicans make their hoped-for reasonable gains. No great congressional turnover is anticipated. What the practical politicians of the G. O. P. really want is to pick up a few Governors.

The sailors on the whaling ships got scurvy from eating nothing but salt pork and hard-tack. An even more dreadful diet, of wind and crumbs from rich men's tables, has given the Republicans a severe case of political scurvy. And as a few gills of lime juice used to cure the sailors, a little bit of patronage will restore the Republicans to health. To a minority party, the governorship is worth 20 seats in Congress, because a Governor controls innumerable State jobs. At present, the Republican Governors number only seven. If six or eight more are added to the list, there will be a real Republican organization again. And there will be a real opposition, capable of performing its necessary

The Republicans desperately need to make gains. But it's also important that the gains be made in the right places. There are two well-defined types among the Republican candidates

who are conceded some chance of victory. In one, you can put Judge

Arthur H. James, Frank D. Fitzgerald and George Wilson, gubernatorial nominess in Pennsylvania, Michigan and Iowa, respectively. They are Republican old guardsmen, given to breathing fire and brimstone about "regimentation," extremely conservative, without much verve or

Card Party Tomorrow

In the other must be classed the more interesting new figures -Tom Dewey, Bob Taft in Ohio, Saltonstall in Massachusetts, the Kansas senatorial and gubernatorial nominess, Clyde Reed and Payne Ratner; Dewey's running mates, Corsi and O'Brian, and several others.

They stand for realistic compromise and lively political salesmanship. Obviously, if the Republican gains are confined to Pennsylvania, Michigan and Iowa, the party will take its color from James, Fitzgerald and Wilson. Conversely, if the gains are made in States where the newer men are running, the party will tend to fall into line behind them. Indeed, it's pretty sure that, if Dewey, Taft and two or three others of type two are successful, the old Republican faces will be forgotten. Little as they may enjoy it, men like Senator Arthur H. Vandenberg will become elder statesmen. Anyway, a few fresh personalities will brighten the political scene.

Hungary Takes Steps To Effect Cession

By the Associated Press. BUDAPEST, Nov. 4.-The Hungarian cabinet today designated four special committees to execute the task of taking over the nearly 5,000 square miles of territory won from Czechoslovakia.

The committees, which follow the army of occupation into the area on Saturday, will deal with these four

Border adjustment, citizenship and the right of option, rights of minorities, and the co-ordination of traffic and economics in the new Hungary with that of old Hungary. The return of Hungarian territory in Slovakia, lost by World War treaties, is expected to be highly profitable to Hungary in the pro-

visions of raw materials. Experts already are occupied with a five-year plan to industrialize the new territory. Hungary acquires timber land in Slovakia which experts say will be sufficient to cover her needs in the future. One third of Slovakia's iron ore deposits pass

into Hungarian hands. Hungary also wins what is regarded as Slovakia's best worked agriculture district between Bratislava and Komarom (Komarno.)

In addition, sugar beet refineries, paper mills, glass factories, saw mills, breweries, basalt quarries and extensive vineyards will come into Hungarian possession.

Washington Observations

Far Eastern Authorities Expect Siam to Be Next Object of Japan's Attention in Asia

There are Far Eastern authorities, ncluding naval strategists, in Washington, who expect Siam to be the next object of Japan's attention in Asia. Because of the kingdom's proximity to French Indo-China, Singapore and the Dutch East Indies, the Siam-

ese occupy a position in the southeastern Pacific, which, dominated by the Japanese, would make the island empire utterly supreme in that part of the world. It would convert heir grip on strangle hold. The French, the British and the

Frederic William Wile.

Dutch, already sufficiently menaced by what Tokio this week proclaimed as "the new order in Asia," would be confronted by a virtually invincible Nippon once the Siamese were to enter into the Japanese

From an American long identified with Far Eastern affairs and only ecently returned to the United States from a long residence in China comes this graphic epitome of the situation:

"Siam for years has been virtually a Franco-British condominium. Japanese prestige there is now rising very rapidly. I believe the Siamese have ordered armaments of various kinds in Japan. The question is not solely one of the absolute rise of Japanese prestige but one of the relative rise of Japanese prestige, in comparison with the decline of French and British prestige. With the British position at Hong Kong now compromised disastrously, and with the French being forced to back up in Indo-China and act extremely polite, the Japanese hold all kinds of new advantages. If the Siamese come definitely under Japanese influence, it would turn the French flank in Indo-China, the Dutch flank in Netherland India, and the British position at Singapore. It is the change in the value of Singapore which is most striking. It seems obvious that Singapore is no longer a strong position if a potential enemy is powerful in Siam. The naval value of Singapore is in its use as a base for a fleet ready to advance at any moment into the Pacific. The moment that fleet elects to hide behind Singapore instead of advancing into the Pacific the whole position is

A card and bingo party will be finds that the American language held by the American War Mothers has undergone pronounced changes and additions since he learned it 15 at 1527 New Hampshire avenue or 20 years ago as an undergraduate N.W., at 8 p.m. tomorrow, it was at Cornell and Columbia. When

By FREDERIC WILLIAM WILE. | Stimson's recent public statement on Japanese aggression in the Far East, Dr. Hu ran across, for the first time, the word "jitters." Soon afterward, in a lecture, by his old Columbia professor, Dr. John Dewey, the Ambassador encountered the word "stooge." Used by such eminent authorities, the Chinese envoy is convinced that both words may be accepted as part and parcel of English as it's spoken in these latitudes.

One of Washington's foremost

Republicans—a woman who once

was a factor in G. O. P. affairsexpects and deplores the impending defeat of Dewey in the New York gubernatorial contest. She thinks the party made a mistake in drafting the Manhattan prosecutor so early in life, because his premature relegation to the ranks of has-beens might have been averted and good timber preserved for use under sunnier skies. "New York Republicans," says the astute lady in question, "like the Bourbons, seem to learn nothing by experience. In 1934, they wrecked an uncommonly promising Republican career by nominating Bob Moses for Governor, leading to a defeat which marooned him, as far as future availability was concerned, just as Tom Dewey's failure next Tuesday-if he does fail-undoubtedly will shelve him.'

Speaking of the New York governorship, one thing that's in the ong-range stars is that Jim Farley s about as certain, as anything in the future can be, to be the Democratic nominee for that office in 1940. Albany has long been reputed to be the Postmaster General's goal, though even the White House continues to be said by some of his admirers to be his ultimate obective. Farley for six years has een an "original Lehman man." If the Governor is elected to a ourth term, he's sure to be a warm supporter of any ambitions "Sunny Jim" may have to inherit the Lehman mantle. Of course, it's also in the cards that the Governor will run for the Senate two years hence, so the 1940 New York State ticket may be a Lehman-Farley affair.

Out in Honolulu next week a former young Washington newspaperman, Joseph R. Farrington. son of the late Governor of Hawaii, will seek re-election to the Territorial Senate. Old-time press galery cronies have just received some f Joe's campaign literature, emblazoned with the weird legend: them on the mainland. Radio Interests Must Devote All Energies in Keeping Public Sold on Their Devotion to the General Welfare

By JAY FRANKLIN.

Radio supplies what amounts to a new dimension in public opinion. The conflict between radio and press is, therefore, purely imaginary and arises only to the degree that local newspapers, for a variety of reasons, may attempt to interpose editorial policies between the facts and the public. During the war scare, radio scooped the newspapers and yet the papers sold more copies than ever.

The recent war scare, however, left the public in a highly sug-

gestive frame of mind, a condition in which they could easily be stampeded. On returning from my recent trip through the West and South I mentioned this fact to various interested officials at Washington and was present on one occasion when a Government official effectively discouraged preparation of a radio script which might have led the more impressionable part of the

public to believe that the country was actually at war. So the recent disturbance, created when one of the major radio chains dramatized a version of H. G. Wells' "The War of the Worlds," under the all too able stage directions of Mr. Orson Welles (the manager-actor who starred in "Julius Caesar"), came as no surprise. Mr. Welles localized the Martian invasion in New Jersey and his fictional broadcast was so convincing that what amounted to a panic gripped important sections of the public in the eastern metropolitan area.

This effect, which should have been foreseen by any management which was closely in touch with public opinion, is possibly the most serious blow that radio has received since the industry ceased to be a toy. Officials of radio networks are seriously disturbed and the integrity of radio has been badly damaged, quite accidentally, as a result. People believed that radio was on the level, that what you heard was really happening, to an almost incredible degree. On the same principle that "the camera cannot lie," there was a trust in the microphone which has now been seriously jarred. This very effect has lent impetus to a renewal of the demand that the Government step in and "do something" about radio. We are far from having either voluntary or official censorship of radio scripts "in the public interest," but the rising revolt against bedtime horror stories, crime broadcasts, etc., now has another argument in favor of the theory that radio is too incalculable and important an element in our common life to be permitted to remain in private hands.

The truth is gradually dawning that in America nobody has control of radio, but that instead radio has control of a lot of people, institutions and commercial enterprises.

There may well be a dawning mood of skepticism in this country, where people have already become impatient of commercial ballyhoo and critical of much of the radio commentation. On news, and on broadcasts of contemporary events, particularly of speeches, radio is still deeply trusted. To preserve this integrity in the public mind should be the guiding principle of both public and private agencies which are interested in its use.

My own suggestion, based on a wide survey of conditions in 34 States and 50 different cities, is

that there is no one simple or immediate solution to the problems of radio. The whole industry needs to re-educate itself to realize that radio is much more than a toy to millions of Americans, and is rather their chief means of keeping informed on public affairs. Commercial sponsors should likewise realize that broadcasting can sell goods effec-

tively only if the wrapping on the goods—in this case, the program is ingratiating and continuously interesting to their prospective customers. And politicians should realize that radio, like every other weapon in the political armory, is a two-edged sword. (Copyright, 1938.)

Headline Folk **And What** They Do

Messersmith Now Pessimistic Over Reich Trade

By LEMUEL F. PARTON. G. S. Messersmith, Assistant Secretary of State, consul general in Berlin when Hitler rose to power,

used to be a lot more optimistic about Germany settling down to normal trade intercourse than

he appears to be He predicted that "evolution" would soon follow revolution and urged the world to give Germany a chance to work through a period of stress and

confusion. To-

day, addressing the National Foreign Trade Convention in New York, he is concerned about "world law and order" in trade intercourse, and says, "We ought to be prepared to protect our interests wherever they may be attacked." German barter activities, particularly in South America, and some kind of new economic white mule cooked up by Dr. Walther Funk, German minister of economics, seem to be worrying the traders.

In 1932, Mr. Messersmith was unjustly accused by agitated American libertarians of connivance in certain indignities suffered by Dr. Albert Einstein in procuring his passport. It was later revealed Mr. Messersmith had nothing to do with it, and President Roosevelt raised him to the post of Minister to Austria. He returned to his present post in July. Widely experienced and minutely informed in foreign trade, he has been an evangel of Secretary Hull's reiprocal trade policies. His zeal in this is not lessened, but he reveals to the New York convention deep concern over the subordination of the rights of business and property "to the will of individual leaders or nations for expansion and domina-

This writer has just obtained from a friend, an economist returning from Germany, his first close-up of what Dr. Funk and his shrewd hunchman, Hjalmar Schacht, are doing with their new militarized economics. My informant, who wrote books about the old, mellow, beery, bassoony Germany, had many old friends there and was steered right into the wheelhouse. According to him, the new German formula is as revolutionary as Communism. Every atom of surplus wealth is sluiced into the "dynamics" of expansion, and the Reich outreach is based on jug-handled trade relations which mean commercial subjugation for any short-enders who try to do business with it. My friend is gloomy.

'Men With Wings,' at Earle, Is Saga of Aviation

Picture, Generally Satisfying, Misses Heroic Level of Its Subject; Story Chief Shortcoming

By JAY CARMODY.

Because "Men With Wings" was written by men without wings, the picture which opened at the Earle yesterday misses the greatness that might have been expected of a dramatization of aviation. Not even the benefit of William Wellman's direction, together with the beautiful and costly blessing of technicolor, saves it from pedestrian moments when the writing falls well short of the spirit which conquered the sky. It is big,

Gable-Loy Film Back on F Street

That these are vivid and dramatic days for newsreel cameramen is rather conclusively demonstrated in the bombings, strikes, disasters and Jersey City Socialist meetings they photograph. Guided by the implications of the newsreel, Metro-Goldwyn-Mayer grabbed the sub-ject of cameramen for "Too Hot to Handle," Clark Gable-Myrna Loy starring vehicle which returned yesterday to the Columbia. It looked like the perfect theme for a thriller, and almost worked out that way save for the fact that the violent action was allowed to get out of hand upon occasion with the result that it is incredible. Upon occasion, that is.

The picture, follow-up of "Test Pilot," gives Mr. Gable and Miss to guide the action of the photoplay, for the writers and Director Lov. together with the audience. Irving Cummings seem to have opportunity to share many tense wanted a plot merely as a skeleton and exciting moments. Among for Miss Temple's song and dance these are a simulated bombing raid should not stop Shirley Temple fans by Joan Davis, Bert Lahr, Cora passenger ship at sea. The script is entirely reasonable through these and several less important episodes. For support when among the more It goes rather completely insane serious aspects of the yarn (which, when it carries the romantic pair with all her accustomed enthusiasm. Shirley is surrounded by some able explorer and lands them in the to be sure, are none too serious) people. Most notable of these is midst of a cannibal home-coming.

There are some good minor-part the stage upon whom Twentieth interpretations in "Too Hot to Han-Century-Fox is reported hanging dle," and a lot of excellent photogmany hopes. Starting Film Newcomers Involves Neat Tricks

Mr. Zanuck, Knowing Ropes, Feels Safe With Fresh Pair in Sub Picture: Sea Gull Is Donald Duck

By JAY CARMODY.

All trades have their tricks, but the movies have an infinite number of them. If, for instance, you have been admiring the courage of Twentieth Century-Fox in making such a picture as "Submarine Patrol" with newcomers in the two leading roles, it is because you do not know the tricks involved. The studio is the first to confess that it is not taking nearly the chance you might think in giving the major parts to Nancy Kelly and Richard Greene. It is using trickery, legitimate and in-

pensive property getting scarred in telligent trickery, and does not rethe process of learning to skate for "Ice Follies," Metro-Goldwyn-Mayer With reference to Mr. Greene, no has bobbed up with an idea for a concern is felt for having used him short subject. It is to be called "How because it has been discovered that to Skate," with ice experts doing the in pictures of violent action, newteaching by example. Shortly after comers do not have a chance to its release will come the big ice atmanifest that camera shyness traction from the studio, a skating which might make audiences innumber starring Joan Crawford and different to their work. In any-James Stewart. Both of them have thing less than a roistering piece of taken many a flop lately, strictly for filmcraft, comparative novices might the sake of art. freeze into something resembling wooden Indians, but not when a swirling script denies them oppor-"The Arkansas Traveler," Earle's tunity to become self-conscious.

next attraction, will be screened today . . . "Stablemates," starring Wallace Beery and Mickey Rooney, is announced as the Columbia's next, Patrol." It just gave him a script opening Friday . . . The Ojedas, famous Mexican dancers, have been selected as soloists for the Mount Holyoke College club's scholarship fund concert. Mercado's Mexican Tipica Orchestra will be the main attraction for the event which will be held November 21 at Memorial Continental Hall . . . Today's statistic: Miliza Korjus, singing star words, if she is the only woman in of "The Great Waltz," dieted four months to lose 25 pounds which M-G-M thought would bring her within the limits of the role. She lost only 20, but a compromise was tention. If she is talented, as Miss Kelly undoubtedly is if her stage

Amateurs Impress With 'First Lady'

It was one of the highest hurdles that the Blackfriars Guild has placed before itself, but the amateur group met the test of "First Lady" superbly last night, maintained its justifiably envied reputation and established a production standard for the season well above that set in the initial productions of other years. The George Kaufman-Katherine Dayton piece is a stiff stage test for any group of non-professional performers, and the Guild members can be proud of their show. This story of political intrigue in the drawing rooms of the Capital is replete with characters who fire bursts of verbal bullets in the man-

ner of an aerial dog fight. To keep the play moving—which consists principally in sustaining the battle of syllables-requires keen actors and a persevering mentor. Director S. Carlton Ayers was supplied generously with talent, and he em-ployed it to best advantage in almost every instance. Mary Olive O'Connell and Ann Moran played the feuding ladies— wife of a cabinet officer and of a

Supreme Court justice, respectively, and their performances were most acceptable. Their assignments were exacting; they deserve high praise. Miss Moran made a bit more of her opportunities than Miss O'Connell, but in the summation the difference was barely appreciable. Others distinguishing themselves in the large cast were Julian Zier as Justice Hibbard, Elinor Evans, doing a superb bit as a veteran tea-pourer of offi-

WASHINGTON, D. C., NOVEMBER 13, 1938.

Theater's 'First Lady' Among Least-Known Figures As to Private Life

Small Part of Her Publicity; Movie Titles a Problem

By Jay Carmody.

Name quickly America's three most outstanding actresses and two of them will be Katharine Cornell and Lynn Fontanne. The other will be Helen Hays. In the course of a theater year whose like has not been seen in a decade, successive weeks give Washington audiences a chance to experience the art of two of the three. It is something to reflect upon with a feeling of gratitude. Yes, even though a great many Fontanne enthuslasts still have a vaguely melancholy hangover from "The Sea Gull."

A particular aspect of the subject which seems suitable for some good sound meditation is the unknownness, as to private life, of such figures as compared to lesser ones in other spheres, say, sports and politics and thus avoid mention of the movies because some of our most sensitive friends are in the movies.

Miss Cornell, who can transform herself into an Elizabeth Barrett, better known as the artist than as the person because she prefers it that alien to her than any other attitude.

Any brief sketch of Miss Cornell must find its theme in the fact that Cornell does it privately and for the sake of hitting a golf ball. Golf is her favorite sport, practiced for enjoyment and never for publicity, so you never see Miss Cornell pictured on the links.

Her preference is for the simple life, and not because it has any meaning beyond being a preference for the simple life. She likes the country, unpretentious homes, and animals, especially dachshunds, but no far as she is concerned, the virtues of all these adjuncts to human happi-

Her shows have press agents, as all shows do, but they invariably look like chaps more capable of splitting atoms than of ghost-writing tales of Miss Cornell's favorite recipes. That she eats is one of those

actresses who aspire to be among the. 10 best-dressed women are safe from any competition with her. She has no affections or vanities in respect to wardrobe, rating with impressive normality between the slacks and spectacularly ornamented groups.

Miss Cornell likes people. She likes them in crowds when she is not part of the crowd. She is fascinated by railroad stations, but not like Mme. Alla Nazimova, who always found them emotionally moving as places where she might lose her luggage. Miss Cornell enjoys watching the faces of people. She dram atizes them, finds it pleasant to sit in her automobile at the curb and imagine their stories. She might even be found near a theater box. office listening to the comments of ticket buyers, but if she were found

Among other fragments that fit into the picture of the stage's "first lady" are her predilection for reading, her endles willingness to talk shop with her intimates, her absence of temperament, her aversion to writing even the briefest note, and her unvarying promptness in getting to the theater.

Returns to Theater After Year of Rest.

country, was directed by Miss Cornell's husband, Guthrine McClintic. Mr. McClintic, incidentally, has di-

Movie Names Offer Reporter a Problem.

"Submarine Patrol," for example, tripped this corner once when, incidentally mentioned, it was referred to as "Submarine D-1." That was not fractionally so embarrassing, however, as an earlier reference to Deanna Durbin's last picture, "That Certain Age." as "That Certain Feeling." The difference in the latter

is one that can be set forth with the zest of a completely innocent unfavorable review of Metro-Goldwyn-Mayer's "Port of Seven Seas." In a mood more of sorrow than of

anger, some one associated with the picture called the reviewer to remark wistfully:

Is Mexican Hit

In Many a Movie Marriage The Wife Has the Money

More Often Than Not the Feminine Stars Earn Far More Than The Man They Marry

By Sheilah Graham.

HOLLYWOOD. Fredric March was recently asked by a facetious friend, "How do you know the men and women of Hollywood apart?-they both wear To which Freddie replied, seriously, "The woman carries the pocketbook"—which is true in more ways than in the visible fact. Wives of Hollywood—and I refer to the star portion—more often than not, earn larger salaries than the men they marry.

It is news when a lady film luminary marries a man richer than she is. Recently Margot Grahame wed. Multi-millionaire Allen McMartin. Arline Judge is the wife of the wealthy Dan Topping. Some years ago Mary Duncan married the rich Laddie Sanford. And two weeks ago Doris Kenyon became Mrs. Albert Lasker, whose bank account

then, was at least five times as large

Lili Damita's love match with Errol Flynn turned out to be a pretty good investment-from a point of view. But when Lili eloped with Errol she was the better known and the bigger moneymaker of the two. Now, of course, Errol makes his \$4,000 a week and Lili is out of the movie business. But she can always say, "I married you when you didn't have a cent."

This reversal of fortune in film circles is very common. Miriani Hopkins, for instance, was wealthier and more important-in Hollywood, anyway-than Anatole Litvak at the time of their marriage. Miriam still probably has more money than her husband (a short while ago her bank balance was \$500,000), but her acting prestige has dipped with the Hollywood recognition of Litvak's worth as a director. (Most recent picture, "The Sisters.") And it is very probable that his fortune will ultimately be larger than that of

When Director Fights Play Result Is Double-Kayo

Orson Welles Has Some Good Tricks, But the Tricks Are Not So Good As 'Danton's Death' Itself

By Ira Wolfert.

Danton is dying tediously at the present moment on the stage of Mercury Theater, and the fault seems to be Orson Welles'.

Mr. Welles, the somber youth who scared the Nation by telling us we were being attacked by Mars, has directed the play—"Danton's Death," by Georg Buchner—clear out of sight, and what is left is a stage full of tricks, some of them very good, but not all of them together a quarter so good as a good play.

Certainly, tedium could not be Danton's vault. He lived in a storm and he was a storm. His admirers called him "the rebel satan" because he was a devil of a man, riding the French revolution for a time as if it-were a horse carrying him into battle. When his time was up and he had to put his neck under the guillotine, he asked his executioner to hold his head up by the hair and show it to the crowd before

throwing it into the basket. The elements that blow through his career like great winds are the stuff of philosophical art. And Herr Buchner, a youth who wrote 100 years ago, does not seem to have missed them. Danton (played by Martin Gabel) was a kind of Krankenstein, killed in a fight with the terror he had created. If this were not irony enough to stimulate the dramatist, there is the baffling lapse into indolence of this huge, stormy man at exactly the time when those he was trying to kill were preparing to kill him. He had a new wife, the historians say, and wanted to spend all his time at home.

Then there was the smashing end when he stood before the revolutionary tribunal and struck at his enemies with words that brought thunder from the crowd. St. Just Orson Welles growling sinisterly in a black cape) tricked him to his death with a parliamentary device, notorious for its cowardice, when sentence might be passed

mediately when a prisoner failed to show respect for the court. Danton went to the guillotine sadly, leaving as his last written words, "Ah, better be a poor fisherman than meddle with the government of men!" It's all in the play, and with it

the philosophical implications—the place of terror in a revolution, the place of crowds in a democracy, and how a personal life fits into a serious rebel's existence. Herr Buchner wrote thoughtfully and violently and with sensuous poetry across a large scene. His words roll like pearls through the air and again like cannon balls. They make a great play, but unfortunately the play is not visible in the production Mr. Welles

I think the fatal trouble is that Mr. Welles and his author do not meet on a common ground. The director stands in the center of the stage, slicing ham with great and extraordinarily effective flourishes, breathing on the knife fearfully, suspending it in tragic stillness, plunging it forward, twisting it gruesomely, all the while so enrapt in his own performance he forgets that all we want him to do with that ham is give us something to

Some of the direction is genuinely intelligent. The lighting, for instance, of Robespierre (Vladimir Sokoloff) as he climbs on stage to he got the convention to rule that make a speech that will justify the (See WOLFERT, Page F-2.)

'Invasion of New Jersey' Starts Film Producers On a Fantasy Tangent

And Invasion of the Ice-Skating Rink Starts Twentieth Century Feuding With M-G-M

By Douglas W. Churchill.

HOLLYWOOD. The excitement provoked by the radio broadcast two Sundays ago of the Martian invasion of New Jersey has set the town off on a fantasy tangent, which, it now appears, will result in a cycle of weirdness. Universal has already rushed "Mars Attacks the World" to the theater screens; it is a re-edited edition of the serial, "Flash Gordon's Trip to Mars," made earlier in the season. Fred Jackman and Trem Carr have started work on "The Lost Atlantis," Merian C. Cooper at Metro has laid plans for a film about a mysterious world inside the earth's crust, and several other producers are fashioning "lost world" epics. Most fortunately placed of all of them, however, is Universal with its Mars film on the screen and with "Buck Rogers" nearing completion.

Hollywood loves these fantastic tales, for logic and the critics can be ignored and imagination may run riot; the more outlandish the picture, the better. While scoffers may be inclined to dismiss these films, "Buck Rogers" has a certain scientific and sociological importance. It seems that in the year 2500 there will be paralyzing pistols, ray guns, degravity belts and a machine which renders men and planes invisible. Of a political character, the story discloses that in 600 years inhabitants of the world will be enslaved by a horde of super-gangsters led by a super-

Much of the spectacle for such endeavors is done in miniature. Rocket ships traveling through space are pictured in this manner and when close-ups are desired a full-sized section is shown, its speed indicated by blowing sulphur smoke past it with a wind machine at terrific

The prop department makes Buck's devices out of any objects that are handy. An old harpoon gun provided the basis for one terrifying weapon and an old telescope was converted into a fantastic contraption. The prop men were stumped for a few hours when the director called for a past-o-scope, by which events from the past could be projected on a screen. It was demanded that it be a super-special looking thing. The head property man could not sleep that night, but the next day he stumbled on an abandoned permanent wave machine, which was converted into one of the most amazing instruments the screen has seen. The different devices are made more impressive by the static electric flashes they give off. These displays are achieved by scratching minute lines on the master print with a stylus. The irregularities necessitated by the manual method only make the flashes more imposing. Little flashes are scratched in at the nozzles of the ray and disintegrator guns when they

Too Many Ice Shows

Feuds have broken out between Metro and United Artists and Metro and Twentieth Century-Fox over ice pictures. M-G-M is miffed because Edward Small is making "Duke of West Point," which will be completed before their similar venture. "Hands Across the Border," will be finished; both deal with ice hockey. In the M-G-M-Fox situation, the latter organization feels the more aggrieved because the territory of their own Sonja Henie is being in vaded by "Ice Follies."

Metro signed the Ice Follies troupe, which has been on a national tour, for a reputed \$60,000. The Follies management was immediately set upon by the Screen Actors' Guild on the charges of underpaying and overworking their skaters, and this condition was corrected. This troupe specializes in precision ensembles as well as embracing a number of acrobatic and stunt skaters, Miss Henie has never permitted any other featured performers in her ice ballets, and little attempt has been made to train her ensemble in precision routines. This ack is now being remedied, for she has started on a road tour that will last several months and will serve as a rehearsal period for her 60 skaters. Although her youngsters are not as well trained as the more professional Ice Follies troupe, they receive \$75 a week, while members of the Metro aggregation are paid but \$50 a week when they are not in pictures.

"Ice Follies" should be a much more impressive offering than anything essayed by Miss Henie. The studio has designed some magnificent stylized sets for some of the rink numbers, and emphasis will be placed on such performers as Eddie Shipstad and Oscar Johnson. a comedy character team, and on Roy Shipstad and Bess Ehrhardt, who will be seen in more conventional numbers. Other contributors to the spectacle are Harris Legg. former Canadian figure-skating and barrel-jumping champion, who performs on stilts and hops over 14 apple barrels; Idi Papez and Kari Zwack, a European team, and Everett McGowan, former world speed champion, who does an Apache number with Ruth Mack.

Glamour will be contributed to the film by Joan Crawford, James Stewart and Lew Ayres. Miss Crawford's role calls for her to be seen but briefly on skates, and it is unlikely that a double will be used. However, the two men are playing the parts of trick skaters and doubles from the troupe will be used.

Children Who Talk In Private, Are Mute To World, Studied

Youngsters Otherwise Normal Are Held Hysteria Victims

By THOMAS B. HENRY. Star Staff Correspondent.

CHICAGO, Nov. 12. - Strange cases of children who can speak to only one person in the world, and to that person only alone, are being treated by University of Chicago child psychologists.

Two little girls with this strange affliction were shown to specialists attending meeting of the Society for Research in Child Development. a branch of the National Research Council, here today. They may be symtomatic, the psychologists be-lieve, of a malady which apparently is making increasing inroads among American youngsters and of which adult cases have almost completely disappeared, although they were frequent 30 years ago.

The children are above average in intelligence. They appear to be normal in every respect except that they are stricken absolutely dumb to the world-yet their vocal cords and hearing are normal and there are no discernible nerve lesions. They really can talk as well as anybody, as is shown by the fact that they converse normally with one particular individual. There is one 9-year-old who has

not spoken a word except to her mother alone for six years. She is otherwise a healthy, normal child, stands high in her classes, plays actively and is popular with her playmates. Another little girl has spoken only to her mother and brother for three years. Both children write easily and will reply to any spoken question by writing the answer, unless the questions hapopen to concern their speechlessness Then they cannot write.

Can't Be Made to Talk. No emotional stimulus appears strong enough to make them speak. Thus they can't say "yes" when asked if they want ice cream or to go to a movie, when they know that they will be left out if they do not Archers that guns are more efanswer. There are locked doors their brains and their

tongues. in history, such as the Middle Ages. it has been very prevalent, and similar weird states of mutism were among the forms it took. But hitherto it has appeared almost exclusively among adults, chiefly

Less dramatic forms of hysteria the University of Chicago clinic. It is apt to ape any sort of malady, leads to encephalitis, or sleeping sickness, in mild forms. Nothing could be found organically wrong treatment." He was instructed to yawn regularly every few minutes. When this was made a voluntary act he could not do it, any more than he had been able to stop doing it

This child is still a good example a 7-year-old. Brought before the visiting psychologists and asked to describe his condition he went into a detailed account of it, filled with Orson Welles' Drama medical terms, and described symptoms of about all the probable aftereffects of encephalitis as if he had learned them by rote. He was for all the world like a hypocondriac describing symptoms of all his nonexistent diseases. Another 8-yearold boy told of various non-existent pains in various parts of his body and complained bitterly of the delay in removing his tonsils and adenoids. They have not been removed because there is nothing wrong with them. He has a tonsil complex.

Incongruity of Symptoms. One way of differentiating hysteria from some real organic ailment in the past, Dr. Sherman says, has been the incongruity of the symptoms described by patients. A common form was the complete insensibility of a whole hand—the so-called "glove anaesthesia." It was a connot exist and physicians knew at once that they were dealing with a once that they were dealing with a dimculty which existed in the mind. Advised to Check Laws It was an unconscious simulation to escape work, to get attention, e.c. But for the last 25 or 30 years public schools have been teaching a lot Sportsmen planning to hunt this ests this fall. Campfire permits, isthis. They have gone on to other out on November 15, according to

from the world's troubles. The children of today, Dr. Sherman believes, are just about in the tatus of the older generations in Mr. Howard called attention to the past, so far as knowledge of the body is concerned. A good deal of the condition is due to nervous land. The permit required to hunt, fish or trap on National Forest land. The permit, which can be on the slightest possible excuse. The costs one dollar, and the funds deamined. They learn a lot of medical solely for the development of Virscious minds when they want more hunt on the National Forests. sympathy at home, or to escape going to school.

'Make No Commitments,' He Writes Workers in Plea to Keep Faith

By the Associated Press ANNAPOLIS, Md., Nov. 12.-Gev. Nice announced plans for reorgansing the State Republican party in preparation for the 1940 election today and called upon party leaders and workers to "make no commitments" in regard to offices to be filled in the election two years hence. At the same time he declared: "I'm not a candidate for anything. Wifat I will do two years from now is a matter I'll decide in two years. I do not intend to surrender my position as titular head of the Republican party without making a most aggressive fight to retain it, but I want to insist I am not a can-

didate for anything at this time." The Governor's reorganization plans, announced in a letter to Republicans throughout the State, had been interpreted by some as a forecast that the Governor would be a candidate for the United States Sen-

Health of Party Is Aim. "My interest now is that of the Republican party and in no sense of the word is my interest personal," Gov. Nice asserted. "My desire as titular head of the party is to aim to take advice of Republicans all over the State and endeavor to bring the party to a condition where we may carry on successfully in 1940."

election Tuesday by Attorney General Herbert R. O'Conor, Democrat, who amassed a 70,000-vote lead. Senatorial aspirations were attributed to the Governor by some who pointed out that Marylanders will vote on only three major offices in 1940—the presidency, a Senator

The Governor was defeated for re-

and a Representative. In his letter, Gov. Nice said Republicans lost by about 70,000 votes, and this should not discourage us." Wide Contacts Urged.

"I intend, with your help," he wrote, "to reorganize the Republican party in order that we may go into the fight in 1940 with assurances of success. Will you do me the personal favor of not making any commitments in connection with any office to be filled in the 1940 election, and contact your host of friends, as well as the Repubmade high score, with 265. Others lican candidates in the last election on the police team scored as folin your section, making a similar request of them?"

The Governor said, "There is something radically wrong in the party. I think I know the real trouble. Therefore, I want the advice made high score of 224, with the of all rather than a selected few." Gov. Nice said he will return to the private practice of law at the expiration of his term in January. He probably will confer with Gov .elect O'Conor on State matters next week. Following the inauguration The arrows were the blunt point, of Mr. O'Conor, Gov. Nice plans a vacation in Florida with Mrs. Nice.

Tydings, Davis, Lewis Sail for Europe

NEW YORK, Nov. 12. - Three United States Senators sailed today for European vacations, more disposed toward a rest from the recent campaign than a discussion of poli-

Senator Millard E. Tydings, reelected on the Democratic ticket in Maryland; Senator James J. Davis. Republican, re-elected in Pennsylvania, and Senator J. Hamilton Lewis, Democratic whip from Illinois; were all on board the liner Normandie, although not in the same

Senator Davis, a former Secretary of Labor, said he planned a tour of England and Wales to study labor conditions, along with a vacation. He is a member of the Labor and Education Committee and said he wanted to familiarize himself with labor conditions abroad before Congress convenes.

Senator Lewis, who was not up for election this year, said he did not believe the increased Republican representation in Congress would provide any great opposition for the administration leadership. He added that a coalition of Republicans and conservative Democrats might, however, attempt to revise many New Deal laws.

Senator Tydings said the change in the congressional line-up would not provide a "coalition worthy of the name unless extremely new and unusual legislation is presented."

Family of Bride, 12, **Happy Over Marriage**

LOGAN, W. Va., Nov. 12.—Clifford Adkins went back to the farm with his 12-year-old bride today, reasonably certain the law will not separate him from the girl he wed three days ago.

The 22-year-old farmer, accompanied by Helen Clidas Adkins, left by automobile for his home near Madison, Boone County.

Helen, whose birth records show she will be 13 next Saturday, was married Thursday. She was happy about the wedding and so were her mother, grandmother and Clifford. Authorities appeared willing to forget about any legal action because Helen is under legal age. Mrs.

Gladys Gallemore, Logan County juvenile officer, said her only concern was that Adkins was able to support Helen. Circuit Judge C. C. Chamber commented, "I want to do the right

thing about it and, if circums warrant, no official action will be taken to void the marriage."

by, 'Lightnin'." Walter Huston, who still manages to balance movies and Mary "Punkins" Parker, recent discovery whom Paramount is pushbocker Holiday." Raymond Massey, ing rapidly toward stardom, got anthe British film player, appears in other break recently when Producer Antheil explains: 'Abe Lincoln in Illinois." Robert Jeff Lazarus and Director Edward Morley, whose single screen appearance in "Marie Antoinette" created a sensation, plays in "Oscar Wilde." Mady Christians, once a fleeting movie name, is in "Hamlet." Alison Skipworth closed after a brief run in "Thirty Days Hath September." And Lupe Velez, the only true Hollywood star in the line-up, is making a go of her revenue presentation in her new assignment.

It's Probably an Arpeggio That Makes the Lad Tall

HOLLYWOOD. So you think your hero is tall, dark and handsome. Well, it may be only an arpeggio that makes him look like that. And the leading lady you think is a picture of grace may be helped along by a pizzicato.

That's the new technique of underscoring motion pictures with music and it is elucidated by George Antheil, Paramount composer of scores for "The Plainsman," "The Buccaneer," and Cecil B. De Mille's new one, of honorary titles that have been Union Pacific." He says: "I know it will be a bombshell to appears to lose a couple of inches." the uninitiate, but it's no secret in the studio music departments that

we can make leading men look tall or short, sad or gay, with music. In other words, the composer's new job is to supplement the actors' appearance and abilities. And we do it every day of the week. been getting a little overweight lately. His face looks bland and Music is used to evoke the tender mild instead of portraying the menace it should. If that actor tried to assume a menacing character in a scene without music, the scene to stir the emotions of terror in

would flop. We know it, the direcas one of Hollywood's most brilliant | tor knows it and the producer knows So we work out a theme with bassoons and other instruments that give the scene a menacing as "Counsel For Crime," "Peniten- note. Because the human senses are alert to music, you can change the mood of an audience so that it

It's the same with leading ladies.

Antheil himself writes as many as half a dozen "themes" for each character in a picture, all of them interpreting that character musically just as the producer and director want it interpreted to the public. The producer and director then make their choices and those themes "For example, a leading man has are played beneath the characters dialogue each time he appears. sentiments of a love scene, not in the breasts of the actors, but in the bosoms of the audience. It is added

"Its new function," says Antheil, is to prove that the screen is not only quicker than the eye, but quicker than all the perceptions and sensiblities put together. It must

Vin, Lose or Draw

Army-Navy Game Tops All Events for Thrills; Even a Sports Reporter Gets a Bang Out of It

By FRANCIS E. STAN,

PHILADELPHIA, Nov. 26.—Every now and then a sports reporter pauses long enough to look back at all the press benches on which he has parked his battered portable typewriter and tried faithfully to record the things he has seen take place on the field in front of him. In a normal year that typewriter will have been tapped in the slim shadows of the palms of Florida, where big league ball clubs are training. It will have been set up in practically all of the major league ball parks, at Churchill Downs for the Kentucky Derby, at the Davis Cup tennis matches, at a few big world championship fights, at the world series, at football games, college and pro, and in a hundred hotel rooms.

But the time a sports reporter is most likely to pause and look back is just before an Army-Navy football game, when the Midshipmen come parading into Philadelphia's big Municipal Stadium and the Navy Band is blaring "Anchors Aweigh," which is a swell tune. Because it is then that a sports reporter, who has seen it many times, as a rule, begins to compare the spectacle with all others and finds the others pale and weak for the comparison.

He watches a couple of thousand boys, trim in dark blue uniforms, march into the big stadium. Around the huge cinder track they go, battalion after battalion. The crowd stands and so does the reporter. A hundred and five thousand throats suddenly acquire lumps and so does the reporter's, which makes him glad for he usually takes inventory at that moment and decides that if he didn't get a bang out of the sight he would have gone back to the office and asked the boss to put him on the desk and give his job to somebody who had a pulse beat.

Even the Telegraphers Stand, Bare Their Heads

Right on the heels of the Middles comes a long, serpentine column of boys in gray. There aren't as many Cadets from West Point, but unless you know it there seems to be as many. The band plays "On Brave Old Army Team," which is another swell tune, and the Army battalions, famed for their marching, press into the stadium as if to hiss to those ahead of them, "Scram, gobs, and let the marchers take over."

The bands play "The Star Spangled Banner" and 105,000 people, heads bared, stand in silence. Even the telegraphers in the press box get up, most of them, and as a rule they sit, hats on, and enjoy the special dispensation that goes with forwarding dispatches to all parts of the world . . . to far-off Army posts and to people in the same town who couldn't get tickets, to ships at sea and to pompous officials in Washington who just

The squads come out on the field after this and a roar goes up. The Midshipmen chant their yell and wind up with "Naveyeeeee." The Cadets take up the challenge. The crowd settles into its seats and the sports reporter, who should be writing some pre-game notes, still sits on his bench and stares down on the field as two captains meet in the center of the field and toss a coin for the kick-off.

It's heads or tails and the winner motions to the north or to the south end of the stadium. The referee nods and the two captains run back to Garcia's challenge last night, and their benches, pull on their helmets, and gather in a little knot with the coach. They pull closer together and from the press box you see they are all shaking hands together. A player makes the sign of the cross, hurriedly. Another looks up to the sky, as if he were searching for something. Still another runs, doubles up, and rolls along the ground to get the feel of the turf.

Neither Team Ever Eligible for Rose Bowl

it were clearing its throat. There are Cadets and Midshipmen among the newspapermen . . . a Cadet to "call" the Army ball carrier and a pino was deeply gashed over both Middie to "call" the Navy tackler, and vice versa. They are grim-faced young men who don't pretend to be indifferent in front of the newspapermen. The Middie leans close to his microphone as he watches the toss of the coin and if Army wins the toss the chances are that he says, "Damn the Army luck," right over the loudspeaking system.

The sports reporter still forgets to remove the cover of his typewriter. He is starting down on the field and, as likely as not, he has gone back some years and he has found his counterpart down there in the form of some blue-jerseyed or gold-jerseyed player.

This is the reporter's favorite sports spectacle. No, neither Army nor Navy ever are invited to play in the Rose Bowl. They never seem to be eligible, in the first place. Columbia and Notre Dame defeated Army this year. As for Navy, the Middles were beaten by Yale and Notre Dame and tied by Princeton and Penn.

These aren't great football teams down on the field. Some years they are bad teams. Pittsburgh or Notre Dame or Texas Christian or Southern California figure to lick both of them the same afternoon. But somehow all of this doesn't count. The reporter isn't watching War Admiral run against Seabiscuit . . . two champions meeting. He isn't watching a Pitt-Carnegie Tech game, on which the mythical national football championship hinges. He isn't experting at a World Series, where high-salaried stars compete and he is ready to seize upon a base on balls or a misjudged fly ball, make this a turning point in the battle. and lay full blame at an individual's feet.

Nearly Every Kid Wants to Be Service Star

There is no such thing as a national football championship, the reporter suddenly realizes, and what if there was? Could it be as deep as this event on hand? Why not criticize a fellow like Frank Demaree? Doesn't he get paid good money for playing ball for the Cubs? But criticize a kid in this game? Never!

Why this is the very essense of amateurism, this game. A fellow like George Marshall calls it America's only all-pro spectacle. "The players, officials and even rooters are paid salaries," says Mr. Marshall. "Everybody in the stadium pays to watch. There are no passes." This is a fresh angle and, in a sense, quite true. But the Cadets and Midshipmen aren't being paid to play football. They are being paid to bolster the national defense.

On the Army bench is a fellow named Clark Hinkle. He was an All-America a year or so ago with a crack Southern team. He got his appointment to West Point but he was barred from playing football. But he sticks in the Academy and helps to coach. In the rooting section is a boy named Bill Guckeyson, who probably can run rings around any back on the field. But he played football and was graduated from Maryland and he's ineligible. Pros? These helmeted warriors, big and fierce looking from the stands, are only boys. Walk up close and remove a helmet. What do you see? A kid with closely-clipped hair, peach fuzz on his chin, and maybe a puffed lip as a momento of last week's game.

The reporter still gazes as the teams line up for the kick-off. Those kids are nervous, he guesses. Well, who wouldn't be? A crowd of 105,000 is watching them. Gosh, those boys dreamed of this moment from the time they were able to kick a ball around the lots. Gee, didn't the reporter dream of the same thing? Wasn't he going to West Point or Annapolis coach, suggested to Rex Enright. and be a football star and wasn't he going to put on his full dress uniform the night after the big game, which he won, and hold a beautiful girl on his arm?

Sure he was. But his eyesight wasn't good enough for Navy or he game, therefore, was set to begin at wasn't smart enough with mathematics to go to Army. Or he neglected a couple of teeth when he was a little shaver and a dentist had yanked them out and made him ineligible for the service. So he became a sports reporter, which meant banging a battered typewriter and roving around the country and staying up late at nights . . . and looking forward to the Army-Navy game, when at the whistle he yanks open his mill and furiously begins pounding the keys and feels, inside, that he is glad he is getting a kick out of something that is unfolding right before his eyes.

G. W. High Gridders **Eager for Tussle** With St. John's

The possibility of a post-season zaga and Georgetown Prep. Brother football game between St. John's Eadbert, St. John's director of athand George Washington High School loomed today, following an an- he had received no challenge, but nouncement by Principal Henry T. that when he did he would confer Moncure of the Alexandria school with Coach Gene Augusterfer and that a challenge was being issued to the players before making a decision.

Lee High, 34-0. It played in the fast Virginia Class A Conference, a 14school circuit, and now in fourth place with the possibility of finishing third on the outcome of several

games to be played by other teams. St. John's went through its schedule with only one defeat, an unset by Western, and won the District Catholic school championship with successive victories over Gonfirst place. letics, said this morning that as yet

The date suggested by Principal

Armstrong Uses All Boxing Wiles In Welter Win

Champ's Head, Elbows, Shoulders Help Lick **Garcia Soundly**

By GAYLE TALBOT,

NEW YORK, Nov. 26.-Henry Armstrong is not, of course, a real person. Historians will know that the little Negro was a legendary character, made up by some Orson Welles of the fight racket as a rival attraction to the man from Mars.

Come to think of it, they should have held on to one of those interplanet invaders long enough to get him in the same ring with Henry. It would be interesting to see if a genuine death ray would have any real effect upon the tough little guy who holds the lightweight and welterweight titles.

Ceferino Garcia, whose "bolo' punch is supposed to strike men speechless, lifted Henry clear off his feet with several terrific belts last night, but all it got the husky Filipino was a beating he will remember long after he has returned to the cane fields.

Garcia Soundly Beaten.

Armstrong, who at 134 pounds looked a wisp before his 1461/2-pound rival, practically knocked the daylights out of Garcia. He won nine of the 15 rounds by wide margins and lost only five, one of which was taken away from him by Referee Arthur Donovan because of a low

Now that that's settled, there remains only one opponent in sight, and that is Lou Ambers, from whom Henry won the lightweight crown some menths ago. They will go at it again at the Garden in February or March, probably for the welterweight toga.

Almost 16,000 fans braved icy payements to watch Henry turn back they probably got their \$80,000 worth. It was a hard, bloody fight every minute of the way. The decision was unanimous, and even Garcia's dressing room protests that he deserved the duke were feeble.

At that, he looked a little better than Armstrong today. Henry's left eye was closed tighter than a two-bit Up in the press box the loudspeaking system begins to cackle, as if popped him just before the end of the fourteenth round. The Filieyes and his hands were swollen. Armstrong's mouth was bruised and

Henry Uses All Weapons.

As he said he would. Armstrong closed in on the bigger fellow and made life miserable for him. The dusky David didn't have a slingshot handy, but he used everything else in the book, including his head, shoulders and elbows. His tactics drew scattered boos, but the general feeling seemed to be that he had conceded so much weight he had a

right to employ a few extra weapons. Several times Garcia landed his swishing right uppercut squarely on Armstrong's jaw, and at least three times he staggered Henry and had him holding on. For an instant in the twelfth it looked as if the champion would go down. But each time Armstrong fought his way out of trouble and was pouring leather

to Garcia before the round closed. sneak punch when I thought the referee had broken us."

Oh, yes. Henry revealed that he had been suffering from a cold since Monday and didn't really feel like fighting last night.

Snowy Grid Delays C. U.-S. C. U. Clash **Until Monday**

District college footbal fans will not see their last game of the season until Monday as a result of Catholic University's decision to postpone this afternoon's scheduled game with South Carolina until that time. Inability to remove the ice, which still covered the Brookland Stadium this morning, accounted for the

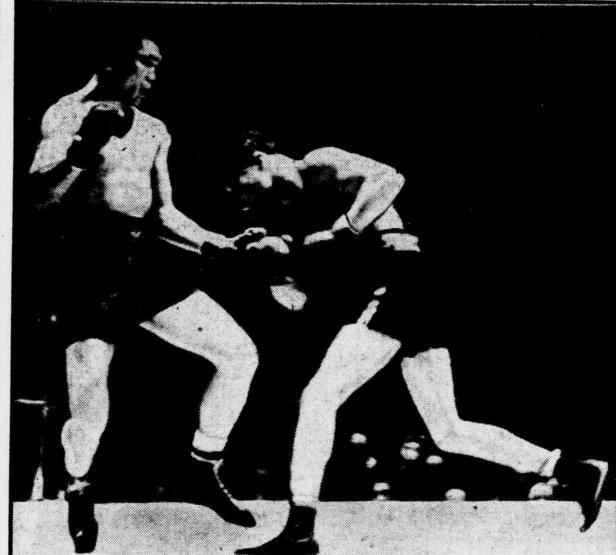

postponement. Although Dutch Bergman, C. U.'s athletic director as well as head the Carolina coach, that the game be played Monday night, Enright said he would be unable to keep the Gamecocks here overnight. The

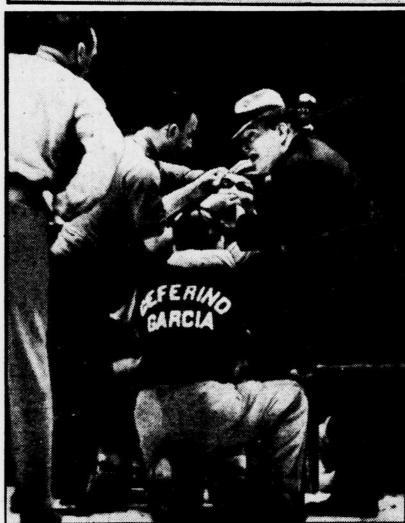

South Carolina, the only team to is a bum, you've got to duck. Ninetytie undefeated Villanova, will leave nine out of 100 box fight managers Columbia tomorrow night, arriving live on the cuff or lead a hand-tohere Monday morning. No workout here is planned by the Gamecocks, who have won five games and lost to Georgia and Wake Forest by only

Lions, Packers Dispute Likely Playoff Site

Conflicting reports reached here today as to where the Detroit Lions and Green Bay Packers would play the game which would decide the Western championship of the National Professional Football League if the Lions, as expected, beat the Philadelphia Eagles in their last game and thus tie the Packers for

Bud Shaver, general manager of the Lions, announced that arrangements already had been made to play the game at Detroit's Briggs Stadium, but L. H. Joannes, president of the Packers, denied such was the Mike. "You can call me anything

BATTLE GOES ON-Dr. William Walker (right), State athletic commission physician, tells Referee Arthur Donovan (left) the fight can proceed despite severe eye cuts suffered by Garcia. Walker made the examination at the end of the 12th round while the Filipino's handlers clustered in the corner. Returning to the fray, Garcia dropped a 15-round decision to the colored -Copyright A. P. Wirephotos.

Boxing Writers' 'Criticalism' Garcia before the round closed. Irks Lop-Eared Ringmen, "He wasn't as strong as Ambers" and not nearly so smart," said Henry later. "He only hurt me that was on a 'Educated' by Radio

fights and fighters isn't so much fun cated by radio. any more. For strange reasons, least bums and fly-by-nighters in the public prints. They resent such designations more than they do adverse decisions in the ring.

Up to only six months ago, the old Tex Rickard-Mike Jacobs theory of "call us anything but spell our names right in the papers" held good. Even Joe Louis didn't mind it if you wrote he didn't possess the I. Q. of Gene Tunney or George Bernard Shaw. Joe, like all the preliminary mugs in the fight business, merely laughed at the names he was called and centered his attention on reading the funny papers. Managers were the same.

So the fight writers had a big time. They could call fighters and their managers anything but "crooks" and then hustle over to their victims' hot spots and have a lot of fun.

Fight Crowd Now Sensitive Now, however, a wave of sensitivity has spread over the boys. They get sore if you don't call them mister If you hint such and such a fighter mouth existence. Once they thought that was funny when they read it. Now they get sore if you mention it. George Parnassus, manager for

Ceferino Garcia who met Henry Armstrong last night, got so enraged at one critic he wanted to swat him when he wrote that George, like all other managers, lived on the cuff. Tiger Jack Fox, a light-heavyweight, also got very angry when an expert wrote his manager had to shave him twice a day so his gray whiskers wouldn't give away his age. Fortunately, there remain two

souls in the beak-punching business who don't care what you call 'em so long as you get their names spelled correctly. They are Promoter Michael Jacobs and his trieless runner, Mushky Jackson. Jacobs, Jackson Reasonable.

"Fighters and managers and even promoters who get touchy about nicknames are daffy," says Uncle

bums there are in the world, but I know boxing's got its full share. NEW YORK, Nov. 26.—Reporting | Maybe these guys are getting edu-

"And I thrive on criticalism," says which is a higher standard of Mushky Jackson. "If youse guys like busters, the boys and their handlers bum sport not to laugh at myself? no longer laugh when they're called The other day, a guy calls me an oaf. about 105,000, with receipts at \$90. What is an oaf? "It means a fool," spoke up Mr.

Jacobs. "And we're all fools if we don't let the sports writers call us bums once in awhile." P. S.—For the record, Mr. Jacobs is no bum. He's a very smart and likeable man.

20 Years Ago In The Star

Johnny Celmars, who claims the middleweight championship of the Army, knocked out Boby Waugh of Fort Worth in the eighth round at Dallas, Tex. Baseball men were divided in

opinion on the attempt to boom ex-President William Howard Taft as sole member of the national commission. Connie Mack was among those opposed to the plan advanced by Harry Frazee and Harry Hempstead.

BIFFING BALLET - Welter Champ Henry Armstrong (right), who retained his crown by turning back Ceferino Garcia at Madison Square Garden, New York, last night, wades into the challenger in typical fashion in this 13thround action as Garcia, at

Duke, on Spot Facing Pitt, Disinterested In Bowl Affairs

By HUGH S. FULLERTON, Jr.,

NEW YORK, Nov. 26.-The last oig salvos of the 1938 season will boom over the fields of football warfare today, although sporadic firing will continue right up to the New Year Day "bowl" bombardment.

The games mostly are on the traditional order, with Army vs. Navy before 102,000 fans in Philadelphia's Municipal Stadium as the main event. There are a couple of notable intersectional scraps-Duke-Pittsburgh and Stanford-Dartmouthand the Southwest's climax encounter, Texas Christian vs. Southern Methodist, to lend balance to the

The T. C. U.-S. M. U. game is due to decide the Southwest Conference title and possibly the recipient of a Rose Bowl invitation. The Western nominee for that classic is ettors favored the Cadets at odds of | due to be picked within the next few 5 to 11 and the weather man favored days and it's not without precedent to have a team from the Southwest representing the "East."

Would Be Great Card.

In fact, it seems quite likely if the Horned Frogs should win. Victory would give them an unbeaten and untied record for the season and make them quite a drawing card for any "bowl." They have such stars as little Davey O'Brien, big I. B. Hale and Ki Aldrich to send into the game and the headlines.

Duke also has a chance for the Rose Bowl bid although the Blue Devils have proclaimed they're "not interested." Not only are they unbeaten and untied so far, but not a Most of the 102,000 were looking point has been scored against them.

of football.

Ancient Rivals Meet.

The Eastern card presents two ther ancient rivalries, unbeaten, but twice tied Boston College against once-defeated Holy Cross and Fordham against New York University.

The intersectional Catholic-South Carolina tilt was postponed to Monday because of the snow-covered field at Washington.

The Southeastern Conference has the longest list of games of any group although the title belongs to undefeated Tennessee. Mississippi, with a chance to finish second, and Tulane, which can tie Alabama for runner-up honors, swing into action against Mississippi State and Louisiana State, respectively. Ole Miss winds up next week against Tennessee. The traditional Georgia-Georgia Tech battle and Auburn-Florida

complete the program.

In the Southwest, Baylor and Rice fight it out for third place and undefeated Texas Tech meets Marquette. The intersectional tilt beween Dartmouth, a power in the Eastern "Ivy League," and improving Stanford heads the Far West card, which also includes Oregon-Oregon State and Washington-Washington State. A Sunday clash brings together

Cartoon Summary of the Week's News.

New Trade Pact Is an Issue In Canadian Political Parties

Conservatives Claim Dominion Is Forced to Make 'Sacrifices' to U.S. in Hope of Closer Alliance in Diplomacy

By Norman M. Macleod.

OTTAWA.-Already-with the ink on | dustrial provinces of the Dominion by the Washington-London-Ottawa pacts scarcely dry and their terms not yet operative-political party lines in the Dominion are beginning to be tightly drawn on the question of the advantage or disadvantage to Canada of the new tripartite trade arrangement.

The National Conservative party, which has been in a position analogous to the lowest state of the Republican party prior to the recent congressional elections, is seeing in the enlarged reciprocity agreement a possible issue upon which it can ride back to power.

Canada, the Conservatives contend, is being required to make sacrifices of major practical importance to the Dominion's trade and economic prosperity, merely to serve a sentimental aim. namely, the hope that a closer trading alliance between the United Kingdom and the United States will ripen into a definite political understanding.

The Conservatives argue that for the Dominion to underwrite such a project at the expense of its own economic and trading interests is sheer folly. The United States will not be influenced if the time should ever come when Britain wanted her political or armed support, they contend, by the mere existence of

a trade treaty with London. Political Support Issue.

In other words, the Conservatives ridicule the suggestion that Washington's political support is for sale at the price of a trade treaty. If a trade treaty is offered, they say, the United States will accept it-if it is to its interests, but will remain unfettered in its diplomatic policy and will recognize no obligation.

The main ground on which the Canadian Tories are assailing the agreement just announced is the automatic participation in it of the countries with which Canada and the United States have most favored nation treaties. Pointing out that the idea with which the tripartite trade project was first mooted was a closer trading alliance among the English-speaking democracies of the North Atlantic, the Conservatives object, that under existing favored nation treaties. Japan, Germany and Italy-the leading dictatorship countries - automatically share all the concessions which Canada makes to the republic. This is no time. the Canadian Tories contend, to sacrifice the industries of the Dominion to either Germany's or to Japan's advantage.

The Conservatives further object that the tariff reductions granted Washington will pillory Quebec and Ontario manufacturers. All the advantages which Canada obtains under the treaty, as they view it, are in favor of the Dominion's primary producers—the fishermen of the maritimes, the lumbering industry of the Eastern and Western coastal provinces, the dairying industry of Central Canada and the livestock raisers of the prairies. Canadian industry, in other words, which has suffered substantial tariff cuts on textiles, iron and steel, agricultural implements and a wide variety of other miscellaneous manufactures, is being required to "give the party" under the new treaty. Traditionally a tariff protectionist party, the Conservatives visualize a golden opportunity of regaining their dominance in the in-

protesting the lowered duties which the treaty provides

Feeling is particularly strong in Canadian industry over the cancellation on all treaty items of the 3 per cent excise tax previously imposed on imports from the United States. This special excise tax was rated an important component in the Canadian manufacturer's protec-

Another major grievance is the blow which the loss of the 6-cent wheat preference deals the ports of the maritime provinces. Since 1932 Canadian wheat has had to be shipped through a Canadian port to be sure of the 6-cent preference on its arrival in Britain. With this motive eliminated, the belief is that Canadian wheat will move once more in large volume through the Atlantic ports of the Eastern United States, which can be reached by a rail haul some hundreds of miles shorter.

The Federal Liberal government is as strongly in support of the treaty, however, as the Conservatives are opposed to it. The ministry's contention is that Canadian liberalism has taken a leading part in bringing about a world-wide lowering of the nationalistic barriers that have been impeding international trade for the past several years. And the fact that all most-favored nations-26 in the case of Canada and all important countries save Germany and Australia in the case of the United States-share in the concessions arranged simply demonstrates, in the government's eyes, the treaties that have been concluded.

The Conservatives, the Liberals charge, are trying to play selfish politics, instead of recognizing a triumph in economic statesmanship that will lead world trade to a higher level of activity and

Some Reaction Favorable.

Politically, the belief on Parliament Hill in the first flush of the controversy is that the government has the preferred side. The reaction in the maritime provinces, in spite of the threatened damage to eastern ports and the reduction in the apple preference hitherto enjoyed by the Annapolis Valley, is highly favorable, largely on account of the concessions obtained for Canadian fish, potatoes, silver fox pelts and lumber-all produce of the maritimes area. On the prairies the enlarged cattle quota and the lowering of tariffs against manufactured imports more than counterbal ances the loss of the 6-cent wheat preference, concerning the actual value of which there has always been dispute among the grain growers. In British Columbia the lumbering sections of the treaty, as well as the fishery concessions,

Finally, in the industrial east there is still some doubt as to the actual injury caused the Canadian manufacturers by the tariff cuts in the treaty. The government is known to have consulted most of the important interests before it acted, and there is a suspicion that many of the reductions may be more nominal than effective. At any rate, it is believed in Canadian political circles that Ontario and Quebec can be made to suspend their opinion on the treaty until experience demonstrates its effect.

Bluecher Always a Mystery

Head of Soviet Army in East Returns to Obscurity After Triumphs

By Joseph H. Baird.

has prefaced the end of so many Soviet military men and statesmen during the last three years has fallen upon Russia's "man of mystery" and outstanding soldier, Marshal Vassili Constantinovich Bleucher, until lately commander of the Special Red Banner Far Eastern Army. His fate is a mystery. Whether he is

An ominous silence of the sort which

dead, in prison, in exile or commanding an unimportant little garrison somewhere, no one outside the inner councils of the Kremlin knows. From the peak of fame he has been plunged into obscurity. The only official word said about him in Moscow was the brief announcement of his relief. There have been rumors that Bleuch-

er's disappearance may be explained by the possibility that he is on a secret mission in China to aid the fagging armies of Chiang Kai-shek. But those here with the best sources of Russian information doubt this. If it were true, there would be every reason for Moscow, in order to deceive the Japanese, to allow the Soviet press to continue its usual adulation of Bleucher and encourage the belief that he was still in the high councils of the Red Army. Instead, he has been ignored by Russian official newspapers for weeks.

Therefore, it is more logical to believe that the man who once ranked next to War Commissar Klementi Voroshilov in the Soviet military heirarchy has somehow crossed purposes with Joseph Stalin and has suffered the fate of all who do. Like others, he may be kept in jail for months' of questioning before any official announcement is made about him. Then the world may be treated, as it has been so often in recent years, to an official expose of plots and treason in the grand manner.

Always Man of Mystery.

If his end is veiled in mystery, then that would be in keeping with his life and even his birth. Here, mind you, is a man whose name is a household word in the Soviet Union, whose picture has appeared almost weekly in the nation's press, who has been hailed time and again as Soviet hero No. 1, and yet whose real name and origin are not matters of official record.

Consult any book of reference naming Bleucher and you will find that he is 'believed" to have been born around 1889 "somewhere" in Central Russia. Bleucher is not his real name, nor is Galen, the pseudonym under which he served in China during the turbulent days of the Nationalist rebellion.

The known facts of his life begin just before the World War, when he was a young metal worker in the Central Russian city of Mitishi. There he became interested in the doctrines of social revolution then sweeping Russia, was arrested by the Tsarist police and served two years in prison for his political ac-

In 1914 he enlisted in the Army, and soon became an officer. His membership in the Tsarist officer cast, however, did not prevent him from joining the Bolshevik party and when, a year later, Lenin raised the flag of revolution in Leningrad and peace was made with Germany, Bleucher soon became one of the outstanding leaders of the new Red

Is Napoleonic Type.

Bleucher is a soldier in the Napoleonic mold. Broad-shouldered, squat, muscular, he has a strong, determined jaw and keen penetrating gray eyes which look out from under a jutting brow. It has been said of him that "he never pulls a word or a punch." He was the first Soviet soldier to receive the coveted Order of the Red Star. Adored by his troops, he has a civil war record of consistent triumphs, and his failure in China was a political, not a military, defeat.

Bleucher's campaigns during the Russian civil war were conducted in the hottest fighting zone-against the Cossacks in the south. There the "scourge of the Bolsheviks" carried on a vigorous campaign against the Whites for more than two years, a campaign which culminated in his defeat of the armies under Gen. Wrangle in the Crimea and the final establishment of Bolshevik power

in European Russia. After a brief period of service in the west he was sent to organize the new Red armies in the Far Eastern republic which had abandoned its brief independence and allied itself with the new Union of Soviet Socialist Republics.

It was in 1925, however, that Bleucher first attracted world attention by turning up mysteriously—as ever—in China as "official adviser" to the new Nationalist government in Canton. He was the military, and Michael Borodin, the political, chieftain of a mission sent by the Comintern to aid the Kuomintang in setting up a regime which, Moscow fondly hoped, would become the world's second major Communist state.

Victories in China.

Military headquarters were established by Bleucher in a great white house, the roof of which was paced day and night by two armed sentries. There, with the remnants of the Chinese Revolutionary Army of 1911, Bleucher formed the nucleus of the Kuomintang forces which were to sweep victorious through all China and establish the red flag over

later furnished the officers for a large part of the Nationalist forces.

The heart of the revolution, meanwhile, moved to Hankow, where Bleucher -known to the Chinese as Gen. Galenand his political comrade, Borodin, joined forces with the rising young Nationalist commander, Chiang Kai-shek.

Nominally, Bleucher and his staff were only "official advisers" to the Chinese forces. But when trouble broke out in Hankow and the Nationalist Army was face to face with the formidable Japanese-trained hordes of Sun Chiang-fang, Bleucher, with characteristic vigor, as-Sumed authority over Chiang's forces and established an iron discipline.

Internal dissention betwen the Russians and the Chinese Nationalist commanders, rather than defeat on the field of battle, sealed the doom of their cause It became apparent to Chiang Kai-shek at last that the Soviet military mission was not sent to China because of the Kremlin's interest in the establishment of social democracy there, but rather to create a Communist state, linked to Russia through the Comintern, which Moscow hoped to dominate.

According to legend, relations between the Russians and Chinese came to a breaking point one night when the flery Borodin viciously whipped the horse of a very high Chinese officer to drive him into battle. Bleucher and Borodin were ordered to guit Chinese territory They returned to Moscow, leaving behind them the shattered dream of a revolution which would have placed half of Europe and Asia under Red rule.

Borodin Sacrificed.

The Kremlin was angry. But Borodin, rather than Bleucher, paid the price of their failure. Borodin, who a few weeks before had been a world figure, was reduced to the editorship of an obscure little English-language newspaper in Moscow. But Bleucher continued unchecked along the path to military glory. Indeed, his assignment to the Far East

gave him an opportunity to surpass in glory any of his co-ranking generals with European commands. With the period of foreign intervention from Europe definitely over, the Red Army in the west settled down to routine peacetime training. But out in Siberia trouble lurked. Both China and Japan looked covetously at Russia's sphere of influence in Northern Manchuria and more particularly at the rich and important Chinese Eastern Railroad. In addition, Japan might, it was felt, attempt at any time to sieze control of the rich mari time provinces and to oust Russia from the Kamchatka fisheries. Defense of the Far East led all other problems on the Soviet military agenda. Bleucher was given virtually a free

hand in building up a vast defensive force. The Far Eastern army was given preference over other military units in being supplied with the guns, shells, airplanes and other equipment then rolling all too slowly from the mills of an infant Soviet industry. Soldiers in the Far East were awarded higher rates of pay than others. Thousands of technicians were rushed to Siberia to erect factories to produce military supplies. Hundreds of thousands of European Russians were offered special inducements to settle there and increase the terricame, troops and supplies might be sent

east in greater volume. At the top of this pinnacle of defense stood Bleucher, its chief and inspirer. He was lauded in the press almost daily. On his occasional official visits to Moscow crowds gathered whenever he appeared in public. His picture often appeared beside those of Stalin and Voroshilov on the banners carried in parades through Red Square. When, in 1935, the Politbureau raised the rank of its five most important military figures from generals to marshals, naturally Bleucher

was one of them. From such a lofty place of fame he has toppled in a few brief weeks to utter

Communist Russia, no less than the Russia of Dostievsky, is a land of mystery. Today a man receives the ovations of thousands in the Red Square. Tomorrow he is gone. Sometimes he is heard from again. Sometimes he is not. The Russians, with an age-old fatalism, shake their heads and are silent. The secret police have struck again-

Apparently-and only a few know-Bleucher incurred the displeasure or distrust of Joseph Stalin and his everdwindling group of intimates in the Kremlin.

One report which has reached Washington through channels not given to empty gossip is that all the military jury who tried the late Assistant Commissar of War Tukachevsky-of whom Bleucher was one-are to be silenced, either by death or exile. The story is that Tukachevsky and the seven military leaders who died with him were never in fact, tried, but were condemned in absentia by this jury, which obeyed a direct order from the Kremlin, and that now, Stalin, fearful that the truth may be told, has decided effectively to hush them all. That may or may not be true

Hundreds Arrested.

It is well known, of course, from official accounts in the Soviet press that during the last year hundreds of Red Army officers in the Far East have been arrested and many of them executed on grounds of counter-revolution and espionage for Japan. The "confession" of one of these officers may have implicated Bleucher in an alleged plot.

It is by no means certain that the "man of mystery" has met his end. Soviet authorities frequently keep political prisoners in jail for months or even years before choosing the right psychological moment to try them. But, aside from such conjectures, the

irony of fate has ruled that just now, when the Far Eastern Army which Bleucher laboriously built up is more likely than at any previous time to be called to its duty of defending the Soviet fatherland, its creator and leader is among the missing.

Churchmen See Virtue In the Lambeth Walk

Argentina Unknown Quantity As Lima Parley Approaches

Result of Deliberations Will Depend on Extent to Which It Opposes Plans of American Delegates

By Carlos J. Videla.

proches for the opening of the eighth Pan-American Conference at Lima, Peru, next December 9, it becomes the scene.

With 14 out of 20 Latin American countries ruled by dictators of different shades, from the despotic to the paternalistic, pan-American issues are often subordinated to individual wills. In the forthcoming Lima Conference, where the whole agenda boils down to the question whether the nations to the south will line up with the United States against certain European trade or political rivals, those individual wills, and the lesser or greater degree of political opportunism shown by representatives of the other six republics besides the United States, will play the tune to which the conference will dance.

There is, for instance, Dictator Rafael L. Trujillo of Santo Domingo and his pet plan for the creation of a pan-American league of nations; there is President Lazaro Cardenas of Mexico and his new-fangled doctrine of compulsory naturalization of aliens; there is Foreign Minister Jose Maria Cantilo of Argentina, who opposes President Roosevelt's proposal for the collective defense of the hemisphere, and there is, last but not least, the American delegation, including such dissimilar members as Alfred M. Landon and John L. Lewis' daughter, which may be called upon to protect the position of international pacifier held by Secretary of State Cordell Hull

Cantilo Role to Be Big.

Foreign Minister Cantilo of Argentina, by virtue of his close associations with Brazilian, Uruguayan and Chilean statesmen, is bound to play, directly or indirectly, a vital part in the Lima debates. He is a man much more attracted to Europe than to the United States, a stanch partisan of keeping and strengthening bonds with France, England and Italy, and a diplomat only recently called from Rome, where he was Argentine Ambassador, to assume the foreign secretaryship of his country.

Argentina, as was shown at the Havana conference of 1928 and the Montevideo meeting of 1933, can swing the Latin American blocs toward or against the United States. Honorio Puevrredon, at the time Argentine Ambassador to Washington, led the fight against Charles Evans Hughes and the American delegation at Hayana. Carlos Saayedra Lamas. the suave Argentine chancellor who presided over the League of Nations Council, headed the pro-American movement at Montevideo five years ago, at a time when Cubans and Mexicans had decided to drag the United States over the coals. Both times Argentina succeeded. And this time, whatever attitude Mr. Cantilo takes, will also spell a swing in favor of or against the American representation at Lima.

Trujillo's pet plan seems destined, at best, for the pigeon-hole. Of all the Latin American countries, only Colombia, which at present lacks any influence on the continent, may support it. The pan-American league of nations, like the Christopher Columbus Memorial Lighthouse at Santo Domingo City (now called Trujillo City), is a personal project of the Dominican dictator, who continues to rule his country through a straw President and a rubber-stamp Congress.

The Mexican plan for compulsory naturalization of foreigners, obviously de-

NEW YORK.—As the moment ap- | signed to forestall the intervention of foreign powers in favor of their nationals doing business in Mexico, is an idea fostered personally by President Lazaro clearer that personalities will dominate | Cardenas. Its chances of adoption at the Lima conference are slimmer than those of the immediate creation of a pan-American league of nations backed by a pan-American army and navy. Mex-

ico's delegation, which includes a woman generally regarded as a Communist and others of equally radical tinge, is bound to have tough sledding in Lima, where a conservative dictator rules and where not even the Chileans, despite the recent triumph of the Popular Front there, can be counted on to side with them. Log-rolling, of which the Montevideo meeting of 1933 was a shining example.

seems likely to be the factor that will decide the fate of the Lima parley. It would not be amiss to recall that in 1933, before reaching Montevideo, Foreign Minister Jose M. Puig-Casauranc of Mexico came to Washington, and then went South by way of each Latin capital on the route. The fact that he visited presidents and chancellors of different countries made Foreign Minister Saavedra Lamas of Argentina think that Puig was trying to build up a Mexicanled bloc that would take the play away from Argentine hands. Therefore, the Argentine foreign minister joined forces with Argentina's traditional rival in Pan-American conclaves, the United States, and a classic piece of log-rolling

The American delegation was opposed of economic subjects and the Argentines wanted the Saavedra Lamas peace doctrine universally adopted. From the Argentine-American huddle resulted Argentine opposition to consideration of the Mexican program, which was promptly shunted to a later and ineffectual meeting at Santiago. Chile, and American backing of the Saavedra Lamas anti-war doctrine. Cuba's vehement protests against some features of American foreign policy were drowned in the icy silence created by Argentine frigidity. The troublesome Mexican program was squelched, and Mr. Saaverdra Lamas eventually received the Nobel

No Grudges Against U. S.

At this time, the situation shapes up differently than in 1933, in the sense that nobody holds a grudge against the United States, except, and that not in any large degree, Mexico, as a result of the expropriation controversy. Cuba is now on the friendliest terms with this country, the "good neighbor" policy still weaves its spell over the Western Hemisphere, and the only relatively unknown factor is what the attitude or Argentina will be.

If Mr. Hull keeps control over the members of the American delegation and lets the touchy Argentines lead the play, as they did in 1933, everything points to a cordial outcome, and the Lima conference will have served its real purpose. which is to warn Europe that the American nations will stand for just so much political or economic encroachment. If, on the other hand, the struggle of personalities gets out of hand and the traditional "prestige" wrangles start again, the European potential aggressors will be provided with a loud guffaw at the expense of the Western Hemisphere.

cheap peasant clothing. While the writer was in Yenan the "Governor" came late to a dramatic performance one night and stood for two

hours at the back of the room, unnoticed

by any of the audience.

Despite the open lives of the Communist leaders, Yenan is a city cloaked

in political secrecy and suspicion. Foreign newspapermen are not allowed to enter the town without a special passport issued by the Communist office in Sian, and their movements are carefully watched. A special "interpreter" follows the correspondent wherever he goes, taking notes on every person he meets and all the questions he asks. Special permission must be obtained for every photograph taken.

All propaganda in Yenan emphasizes China's political united front and the war against Japan, rather than the former Soviet program. Not a single hammer-and-sickle flag is to be seen in any of the government offices, though the pictures of Marx, Lenin and Stalin are

The atmosphere of war is heightened by the tramp of marching farmers taking military training. They are armed with China's most ancient weapon-a wooden spear 8 feet long, tipped with a sharp iron point. Despite the ludicrous appearance of this medieval weapon, it has proved very effective in hand-to-hand

these farmer-spearman in the vicinity of Yenan, and the present reconstruction program inside the city, convinces the visitor that the Communists do not expect the Japanese to reach their capital.

Thus far, the soldiers of the Rising Sun have not yet set foot upon any part of the little Province of Shensi where the Chinese Communists have made their headquarters since 1935.

Shensi is an area the size of England, with a sparse population totaling only 800,000. In it the Communists have mobilized 100,000 farmers in guerrilla bands to man their border if the Japanese strike in their direction. One division of the "old red army" numbering 10,000 men has also been kept in reserve to defend the Communist base.

The nearest Japanese garrison is now only 10 miles from the Shensi boundary but is separated from the reds by a for midable barrier—the Yellow River.

"We are confident of a decisive victory if the Japanese enter our territory Commissar Shao Ching-kuan, the 31. year-old commander of the defence force, told this correspondent. Shao is a graduate of Moscow's Red Staff College.

His confidence was based on three things: First: The farming population is train-

ed for intelligence and blockade work.

Second: The jagged hills and deep ravines which cover "Red China" make excellent topography for mobile warfare.

Third: Food in the villages of this

Criticisms of N. L. R. B. May Be Aired With Attack on Smith

One Senator Forecasts Senate Confirmation If Roosevelt Desires

By the Associated Press.

Senatorial reaction indicated today that the American Federation of Labor's demand for rejection of the reappointment of Donald Wakefield Smith to the National Labor Board might become the basis for a general airing of criticisms of the board.

One Senator who asked that he not be quoted by name said he was convinced that if President Roosevelt makes an active fight for Mr. Smith the federation would have extreme difficulty in preventing Senate confirmation.

Senator Holt, Democrat, of West Virginia gave notice, however, that he intends to use the controversy to express some of his critical views about the Labor Board.

"This is the first chance that Congress has had to check up on the board," Senator Holt declared. "You know they even refused to make public their personnel lists. I think that in order to stimulate peace in the labor movement we ought to clean up the whole Labor Board situation.

Senator Holt made it plain he had formed no opinion on the desirability of confirming Mr. Smith's apbointment.

Senator Borah, Republican, of Idaho said he thought the appointment should stand or fall on Mr. Smith's record. He said he was unfamiliar with this record and had formed no opinion.

"I would not vote for any man who was partisan," Senator Borah declared. "The Labor Board has a job that is difficult enough without par-

tisanship being injected.' Senator King, Democrat, of Utah said he would not make up his mind until he had heard both sides, and Senator Townsend, Republican, of Delaware said he intended to study Mr. Smith's record as a board member before reaching a decision.

Wanted to Volunteer.

An offer to volunteer in stopping "invasion" came from San Francisco, where the effect on the pilots to headquarters: public was the same as in the East. One excited man called police and shouted: "My God! Where can I volunteer my services? We've got to stop this awful thing."

A woman in Pittsburgh tried sui-cide, saying: "I'd rather die this way than like that." At a high point in the program, the electric power failed at Concrete, Wash., a town of 1,000, and the lights went out in most of the homes. Many thought the "invasion" had reached the West Coast. Women fainted and men prepared to take their families to the

But there wasn't a Martian in sight and the hysteria subsided almost as quickly as it started. Senator Clyde L. Herring, Democrat, of Iowa, said at Des Moines, however, it wasn't "washed up" as far as he was concerned. And Chairman Frank McNinch of the F. C. C., who didn't hear the broadcast, said he intended to make inquiries today

of what actually happened. The Senator referred to the dramatization as a Halloween "bogey man story," adding: "Radio has no more right to present programs like that than some one has in knocking on our door and screaming. Some of the bedtime stories which are supposed to put children to sleep-but involve murders and violence—are an outrage and should be stopped. Programs of that kind are an excellent indication of the inadequacy of our present control over a marvelous facility. There is no freedom of the press or radio involved at all. It is merely a move o tell radio what we want to come nto our homes."

Broadcast Quiz Set by F. C. C. **Officials**

The Federal Communications Commission today was to investigate the broadcast from New York that last night threw a scare into a Nation-wide radio audience. Chairman Frank R. McNinch, in

a formal statement, said:

"I have this morning requested the Columbia Broadcasting Co. by telegraph to forward to the commission at once a copy of the script and also an electrical transcription of the 'War of Worlds,' which was broadcast last night, and which the press indicates caused widespread excitement, terror and fright. I shall request prompt consideration of this matter by the commission.

"I withhold final judgment until later, but any broadcast that creates such general panic and fear as this one is reported to have done is to say the least regrettable. The widespread public reaction to this broadcast as indicated by the press is another demonstration of the power and force of radio and points out again the serious public responsibility of those who are licensed to operate stations."

and emergency police sped to the against the "fumes." No fumes were

In Jersey City and other cities hundreds ran into the streets. Nurses and doctors called police

to offer their services. A white-faced man raced into Hillside police station and asked demand an investigation by the F. for a gas mask. Police said he C. C. "with the view of preventing panted out a tale of "terrible people spraying liquid gas all over the Jersey meadows."

A terrified motorist asked a pa trolman the way to route 24. "All creation's busted loose. I'm getting out of Jersey," he screamed.

There were others who actually 'saw" the "little men" and described minutely details of the "invasion." At Fayetteville, N. C., people with relatives in the section of New Jeroffice in tears, seeking information A message from Providence, R. I.

Berlin Aiming At Revision of Trianon Treaty

Pact to Play 'Essential Role' in Parley on Czech Dispute

BACKGROUND-

Treaty of Trianon, allies' peace treaty with Hungary, stripped latter of large number of her border areas, giving them to Czechoslovakia, Rumania and Yugoslavia. In dismemberment of Czech territory by Germany, Hungary came forward with Poland to demand their share. Poland got Teschen area, but area Hungary will get is still in dispute. Arbitration by Italy and Germany agreed to.

BERLIN, Oct. 31.-The German foreign office organ declared today that revision of the Trianon treaty, which fixed Hungary's post-war boundaries, would play an "essential role" in the Vienna conference Wednesday in which Italy and Germany will arbitrate Hungary's territorial claims on Czechoslovakia.

The Deutsche Politisch-Diplomatische Korrespondenz declared that the Trianon treaty had violated Woodrow Wilson's principles and that now "it is a question of correcting these injustices and returning to the Magyar (Hungarian) people what was stolen from them in flagrant violation of ethnological principles.

Meanwhile German circles emphasized that Germany and Italy would settle the Hungarian-Czechoslovak problem without help from the two other Munich powers, Britain and France.

The Trianon treaty of 1920, in which Hungary accepted terms dictated by the victorious allied powers, gave slices of Hungarian territory to Czechoslovakia, Rumania and Yugoslavia

Rumania and Yugoslavia, on the allied side, received much larger areas than did Czechoslovakia, but no mention is made of those two nations in the foreign office organ's broad statement of German policy.

Danubian Appeasement Aim. Officially neither of them-Czechoslovakia's neighbors and allies in Worlds," threw the public into an the Little Entente - have been uproar when listeners believed named as likely to come under the | flocks of nasty little men from Mars arbitrator's knife at Vienna. But had smashed down into the State of the Korrespondenz indicated that New Jersey and were wiping out questions to be settled went far be- civilization before they caught colds yond the limited questions of the and died. new boundary of the Hungarian-Slovakian border and that appeasement must be brought to the whole

"Two major powers (Germany and Italy) have a manifest interest in a stable, fruitful solution of the situation in Central Europe," the publication said. "One must expect therefore an equitable arbitration decision which will carry all elements for the harmonious development of the Danubian Basin."

The settlement will not be easy the organ said, adding that national ity must be the basis of settlment as it was in the transfer of the Sudetenland to Germany. It continued:

"The example given by the Reich in not putting extreme interpretations on ethnology, although it would manifestly have been justified in doing so, gives the Reich the right. to suppose that the two parties in question will give proof of the same wisdom.'

Two Asked Arbitration. Czechoslovakia and Hungary, unable by themselves to resolve Hungarian claims to Czechoslovak territory because of predominant Hungarian population, accepted invitations to meet with representatives of the Fascist powers in Vienna on

Wednesday. The two disputants asked the ar-

bitration last week. The Hungarian claims grew from circumstances of the Munich accord of October 1, by which Great Britain, France, Italy and Germany agreed that Czechoslovakia should give to Germany Czechoslovak Sudeten

Declared Aim Of President

Conference Held at White House—New **Parley Planned**

John J. Pelley, president of the Association of American Railroads, said today President Roosevelt had promised him he would do everything possible to get a constructive program for rehabilitation of the carriers enacted into law.

The President expressed the hope, Mr. Pelley said, that such a program would be drafted by the informal committee representing railroads and rail labor which the President named several months ago.

Mr. Pelley said the President had asked him to ascertain the attitude of the railroads toward the factfinding board's report recommending cancellation of the proposed 15 per cent wage cut.

The rail association head said he agreed to do so, adding that his 'best guess" was the managements would hold a meeting in Chicago next week to outline their stand on the report.

The informal committee he referred to, now in Washington considering the entire rail problem, was named by the President several months ago.

Mr. Pelley said the President feels quite hopeful that through this committee he will get recommendations that will result in a consructive program for the rail-

"He promised to do everything possible to get such a program enacted into law," Mr. Pelley added. He said the President indicated the committee, now composed of six members, would have to be expanded before its work is done. Questioned by newsmen, Mr. Pelley said it went without saying that

Mr. Roosevelt would be "very much pleased" to have the wage controversy settled "on a peaceful basis." Asked if the President requested him to have the railroads accept the fact-finding board's report, Mr. Pelley said he did not believe the President went that far.

Wants to Know Attitude.

"The President asked me," he said, "to find out the attitude of the railroads regarding the decision of the board and to let him know, and He added he would let the Presi-

He called attention to the fact that the board's report spoke of the possibility of individual settlements

dent know after the Chicago meet-

by separate roads, rather than on a national basis He said he propably would issue the call for the Chicago meeting late and Associate Justices Justin Miller today, after conferring with the car-

riers' conference committee headed by H. A. Enochs. This committee met this morning. During a recess of this meeting. Mr. Enochs told newsmen he probably would be able to announce later in the day the date of the meet-

ing in Chicago. All Disappointed. Mr. Enochs said, "We are all dis-

appointed" with the report, "but we but also all the police power of a must give it calm and deliberate State in relation to the District of judgment.' We're all law-abiding citizens very high type of men," he added.

Mr. Enochs declined to predict what action the railroads would and to whom it would distribute the take. He said he had received no authority to make detailed regulacommunications from any road in- tions. The possession of the power dicating whether it would accept or reject the proposals. The rail executives' spokesman

also commented that the board's report still left the problem of finding money with which to meet the railroads' expenses.

"Despite the board's report, some railroads still owe bills for supplies,"

Besides Mr. Pelley, George M. Harrison, head of the Railway Labor Executives' Association, also has been invited to the conference with the Belgium Won't Yield

Board's Efforts Futile.

The Emergency Board report to the President Saturday said the bring about a settlement of the suggestions that she might conwage dispute, without success. was justified because railroad salaries | many's demands. were not higher than those in other industries and because the financial distress of the carriers thus far was

a "short-term" problem. The board suggested that representatives of the Government, the carriers and the public sit down together to work out "an adequate national transportation policy." It offered no specific legislation.

Rehabilitation Loans. In New York, some executives said the administration might grant the carriers \$1,000,000,000 of rehabilitation loans, which could be repaid on easy terms. Authorities here said, however, the railroads most in need of such loans might have consider-

able difficulty obtaining the Inter-

state Commerce Commission approval required by existing law. A vast lending program was discussed in the last congressional session, but no action was taken. Mr. Roosevelt told Congress last spring that something should be done for the railroads, and he may offer more specific recommendations at the next

The present wage controversy is one of a series which has occurred intermittently over more than half a century. The latest began in May. when the major carriers served notice of a 15 per cent wage reduc-Negotiations between the roads

Embassy Picket Ban Upheld in Appeals Court Decision

No Unlawful Delegation Of Authority Is Seen In Resolution

The District government's police egulations banning demonstrations around embassies and consulates here without a permit today were upheld by the United States Court of Appeals

The appellate court said that the statute under which four defendants were convicted in Police Court for parading in front of the German Embassy is not an unlawful delegation of power. Further, the tribunal held that there was no violation of the constitutional provisions involving freedom of the press, freedom of assembly, freedom of speech and the due process clause of the Constitution.

Representing the Government in the case was United States Attorney David A. Pine and Assistant United States Attorney David A. Hart.

The opinion was written by Chief Justice D. Lawrence Groner after the case had been heard before him and Fred M. Vinson. Because of the constitutional question involved. the Court of Appeals granted an appeal from Police Court and in its opinion said:

"We think, therefore, this case does not—as is claimed—involve an unlawful delegation of power. Congress, as we have seen, has here not only the power to define and punish offenses against the law of nations. Columbia. To hold that it is powerless in the circumstances of this and have had this case heard by a case, would be little less than fantastic. Possessing the power. Congress could determine for itself how includes the authority to determine

the circumstances of its use. Ezra Frend, George J. Cullinen. Robin Myers and another demonstrator were convicted in Police Court of violation of a joint resolution of Congress, approved February 15. Under the resolution, it is unlawful, within 500 feet of an embassy, legation or consulate in (See PICKETS, Page A-4.)

Three Warrants Sworn in Case Of Child Bride

PRESTONSBURG, Ky., Oct. 31.-Floyd County Judge Edwin P. Hill today signed warrants for Fleming Tackett, 34. his child-bride, Rose, and Tackett's mother-in-law, Mrs. Grace Columbus.

The warrant against Tackett charged the miner with rape. Rose who was reported as "under 14." in a second warrant was charged with being a delinquent child growing up in "idleness and crime." Medical records in Johnson County show Rose is 10 years old.

Mrs. Columbus was charged in the third warrant with conspiring with Tackett "in the crime of rape upon the person of Rose Columbus.' Judge Hill said officers went to the Tackett cabin in the hills near here early today but found no one

Mrs. Columbus were reported to have gone to Paintsville, in adjoining Johnson County, and that Floyd County officers had taken the warrants there.

County Attorney Forrest D. Short earlier had said a guardian for Rose and annulment of the marriage would be sought.

Roosevelt Indorses Sheridan Downey

LOS ANGELES, Oct. 31.-President Roosevelt entered the California political scene today with a written indorsement of Sheridan Downey, Democratic candidate for United States Senator, who was termed "a real liberal in mind and

Mr. Downey's headquarters reeased a letter the President sent to Representative Jerry Voorhis, in

"You know how deeply I feel about the necessity of having representatives in Congress who will face present-day problems with present-day philosophy * * * It would be a calamity for California to be represented in the Senate by a dyed-in-the-wool reactionary.

"I am convinced that Sheridan is and would ably and constructively represent the predominant liberal thought of your State."

Mr. Downey, with support from the \$30 - every - Thursday pension movement, won in the Democratic primary against Senator William G. McAdoo, who had been publicly election

Mr. Downey's Republican opponent is Philip Bancroft, farmerlawyer.

Dies Sees Death Of P. W. A. Jobs In His District

Dam and Causeway Plans Canceled, He Asserts

ACKGROUND-House last spring authorized special committee, headed by Representative Dies of Texas, to make investigation into subversive activities throughout the United States. In lengthy hearings, a committee has devoted most of its attention to Communist influences, with occasional concentration on Nazi party activities and several brushes with the Labor Depart-

Chairman Dies of the House Committee on Un-American Activities said today two public works projects in his district had been canceled since the committee inquiry began. He added, however, that he was not prepared to charge that the cancellations were due to the administration's disapproval of the

ment over immigration policy.

methods of the committee. President Roosevelt said recently the committee had permitted itself to be used for political purposes that were unfair and un-American. The committee also has been criticized by Secretary of the Interior Ickes, the P. W. A. administrator. and by Secretary of Labor Perkins. Representatives Dies said one of the projects for a \$12,000,000 dam at Rockland, Tex., was conceled soon after the investigation began.

Causeway Recision Asked. He showed reporters a copy of a letter dated October 25, in which George M. Bull, P. W. A. regional director at Fort Worth, Tex., had notified B. T. McWhorter, jr., of Port Arthur, Tex., that a grant for a Port Arthur Causeway had been recommended for recision. Representative Dies said the grant was Mr. McWhorter is chairman of the

Representative Dies said he was prepared to establish by testimony under oath, if necessary, that the administration had used pressure to obtain time for Paul Y. Anderson, by incendiaries, officials had imposed | newspaper correspondent, to answer a radio address tonight in which Mr. Dies said he would discuss lack of Soldiers immediately cordoned off administration co-operation with the

He said that first the White House, through the office of Stephen Early, presidential secretary, had intervened and then Charles Michelson, publicity director for the Democratic National Committee, and Robert Berger of the National Emergency Council.

Plans to Call Witnesses.

He added that the manager of Station WOL, from which the addresses will be sent on a national hook-up, had been asked to say that the station invited Mr. Ander-

son to speak. Unless Mr. Michelson and Mr. Berger deny or confirm their part in arranging the Anderson speech, Representative Dies asserted, witnesses will be brought before the out all Jews on a solidarity strike to House Committee to establish the part they played in the arrange-

Sports Sputterings

By Cliff Cockill

I'm fed up on football broadcasters.....Phocey on them......Bill Stern is lousy, Ted Husing is lousier and Tony Wakeman is the lousiest..... Furthermore, I do not think there is a man living who can clearly and accurately describe a football game We have the announcer who elaborates on the technical phases of the game As a matter of fact he is so specialized that even a veteran coach would have difficulty following the game as this Simple Simon behind the microphone gives his account of triple wing back formations, submarine tackles and other foggy plays......Then we have the guys whose word pictures run something like this: "Runlikehelus takes the ball....he shakes off one, two, three tacklers.....he's getting out into the open.....and is finally driven out of bounds after picking up TWO BIG YARDS......Ain't it vally beef about the P.A. announcers........... If you will listen closely you will discover that the radio guy gets all his dope from the P.A. guy and then squawks because the P. A. is drowning him out... Then we have the gentlemen who get excited ...

Someone gets off on a long run....so, Mr. announcer forgets all about his public and gives forth with a series of lusty bellows, which is very bad on John Public's nerves.....particularly if he would be so bold as to want to know who is scoring the touchdown for whom This type announcer has caused more than one begutiful console to get kick-into this public nuisance but the deeper we go the lousier they get...... affer as a remedy a Saturday afternoon broadcast something like this: At 2 O'clock the army band to swing out with Anchors Aweigh after which the lineup will be given by Lowell Thomas to be fol lowed by a half hour of recorded Mildred Bailey songs The half is about over now so H.V. Kaltenborn, comes forward and gives a resume of the action up to date Then, some more Mildred Bailey sweet tunes and finally, Kaltenborn again with the final information That would be my idea

Basket Ball League

The Greenbelt Basket-Ball League played the second round of their schedule last Wednesday night with the Eton boys from Block E defeating Dartmouth from Block D by the score of 34 to 28 for their second straight victory. Juniata, from Block J, then took the floor against Columbia of Block C and were set back by the one sided score of 30 to 9 mainly due to the absence of their star player Goldfadden. Bucknell, of Block A and B, then won their second straight by sinking Carnegie to the tune of 26 to 17, Boote again getting credit for 16 points by sinking 8 field goals, and establishing himself as the leading scorer of this early season. In the final game, Brown, of Block B, took it on the chin in a dull uninteresting game from Joliet, of Block J, by the score of 15 to 11. Outstanding players for the evening were Sidwell of Eton who scored 16 points for his team, Cockill of Dartmouth, who scored 13 points, Wurl of Columbia, who took second high honors with 17 points, and Boote of Bucknell, who also scored 16 points.

The third round will be played next Friday, November 18, starting at 7:30 P.M. in the gym. Come and

root for your team.

Princeton University will spend \$3,-000 to find out what went on in the American mass mind when Orson Welles conjured up his "Men From Mars" to devastate this world.

Dr. Harold W. Dobbs, University President, announced yesterday that the Frinceton radio project would conduct a scientific investigation of the social and psychological aspects of the mass hysteria that followed Welles's radio broadcast.

The project, under Prof. Hadley Cantril of the Princeton psychology Department, will seek "first, to determine the general extent and nature of the public reaction to the broadcast, and second, to find the social and psychological reasons for this reaction in various types of individuals"

ROTH TO BE TRIED IN GERMAN COURT

Berlin, Dec. 22.-(AP)-A Depart. ment of Justice spokesman said today that George Roth naturalized United States citizen arrested last week at Hamburg, wou'd be tried on a charge of treason. The trial date has not been fixed.

Mr. Roth, a New York ship stew-ard, was arrested by National Socialist police as he left the liner Manhattan and accused of possessing Germanlanguage Communist literature.

The United States State Department has ordered an investigation of he case, and Wilbur Keblinger, Consul-General at Hamburg, has been following developments.

BOAT FIRM REFUNDS U. S. NAVY PROFIT OVER 10 P. C.

Washington, Dec. 22.-(AP)-Secretary Swanson has received a check for \$189,807.90 from the Electric Boat Company, Groton, Conn., representing a refund to the Government on contracts for construction of the suomaines Perch, Pickerel and Permit. Navy officials said it was the first

fund to the Navy under the terms of the Vinson-Trammell Act of 1934 provided for recapture of profits on naval construction in excess of 10

The contract for the three submarines was awarded the electric Boat Company, August 22, 1934, for \$2,-387,000 each, subject to changes in est of labor and material. The Navy said the money would be returned to the Treasury.

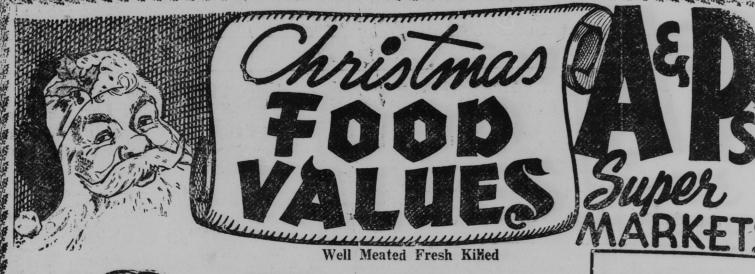

REPUBLIC STEEL REPORTS INCREASE IN EMPLOYMENT Cleveland, Dec. 22.—(AP)—Republic Steel Corp. said it was employing nearly 48,000 persons Dec. 1, in con-

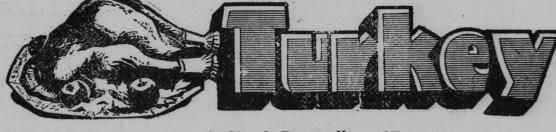

trast to about 37,000 June 1. Average weekly employment rose from 25 hours to 32.8 hours in the period, the corporation said, as steel operations in the same six months rose from 21 per cent of capacity to 67

C. M. White, Vice-President, said December probably would show a slight decline because of inventory periods, but added an expectation "that satisfactory rate of operation will develop after the first of the

The Fords Tell Their Plans

for 1939

TF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

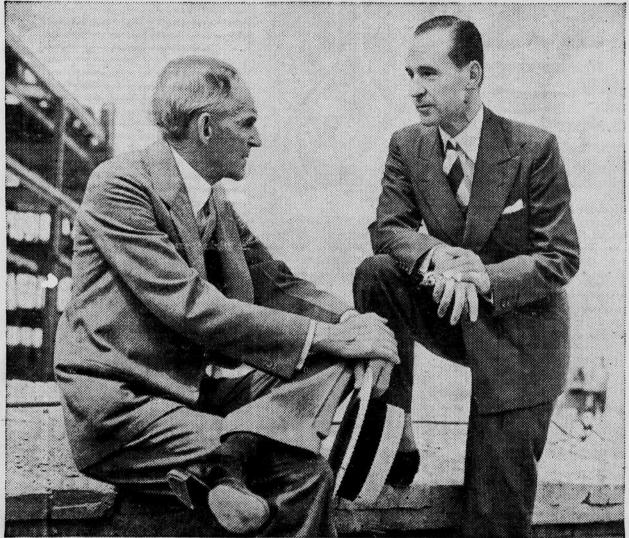

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements . . . a new tool and die plant that will help us cut the cost of dies . . . and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result - the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs. We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939-better cars and better looking-but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

FORD MOTOR COMPANY, Dearborn, Michigan

"BUB" and the **FIREMEN**

By Carl Churchill

'MORNIN' LADY, LEMME

Bub Skinner stood on the sidewalk in front of the fire station in th' time t' be foolin' with takin' Zeke Yardley. Old Zeke's face lick. "Who you workin' fer, th' wore an expression that is called WPA er th' PWA?" earnest conversation with old man "slaphappy" in prize-ring parlance. His wrinkled old face also wore innumerable scratches; his hat Cleaner Company. I see you air was missing, and his bushy, gray busy with your mornin' cleanin' hair looked as if a cock fight with chores, an' I hates to be interruptall its maneuverings and plungings had been staged on top his head. In plain, everyday language of the off'n your hands an' make cleanstreets, old Zeke was all mussed up. in' a real pleasure." Under an arm he held the remains good vacuum cleaner.

all the talking. Mister Skinner tone of voice. stood and listened with his toothless old mouth open in astonishment. It was plainly evident to strate this here contraption an' the firemen that Mister Skinner it'll sell itself. If you'll jest lemme was having difficulty in keeping his face straight.

Finally, with a sorrowful shake of his shaggy head, Mister Yardley terminated the interview. He Mr. Yardley. moved off down the Avenue as if he were enveloped in a dingy, been known to refuse something black cloud of misery. His skinny legs wobbled with the uncertainty door wide. of a newly foaled colt.

Mister Skinner watched the old man as he shambled down the street. After a moment or two he turned and entered the fire station clean. The rug was free of any where he found a group of firemen visible dirt. After looking around waiting to learn what it was all | for a moment, he walked over to

"Ol' Zeke is always tryin' t' sell somethin'," observed Mister Skin- ed up a quantity of ashes. Moving ner. "He don't stick t' one thing to the middle of the room he carelong enough t' learn a sales talk, fully spread the ashes over the so he don't make much o' a go. He floor. Returning to the fireplace do work th' hardest though o' any feller I ever seen t' keep outer work.

"Last week he were tryin' t' sell o' leetle samples, but nary sale. Th' week before he were totin' round a case full o' hair tonic an' sech. Now, this week he's got hisself one o' them cleaner things, an' I swow if it ain't done got 'im in trouble. You seen how he looked jest now, well, he c'n lay it onto th' purty cleanin' machine whuch got wrecked th' same time he did.

"Ol' Zeke were jest tellin' me 'bout it. From whut he sayed, he went over t' South Rosemary t' see if th' cleanin' thing w'ud sell. T' make matters worse, if sech were possible, th' first an' onliest place he went to were th' home o' ol' Mizzes Pansy Hardlick. Now, ever body whut knows anything a'tall never tries t' sell Mizzes Hardlick anythin' they ain't no beaten path t' her door made by salesmen. Th' ol' woman fits her name t'a tee. If you don't b'lieve it jest go over an' try t' sell her somethin'.

"Well, ol' Zeke musta had a brainstorm er some sech fer that's th' place he picked out t' start. Here's jest 'bout whut Zeke tole

Mrs. Pansy Hardlick was busily engaged in her morning cleaning. It had rained the night before and the boys coming in late had, as usual, neglected to clean the mud from their feet. Her disposition, while never of the best, was rather testy. And as she went about her work she growled and muttered to herself about the thoughtlessness of the younger generation in general, and her own numerous offspring in particular.

There was a rapping at the door. in luttering to herself, she adough the house to the vanc which she flung open front a with a violent jerk of her museular right arm. There stood a salesman, and an old grumpy-looking one at that.

"Well, what do you want?" demanded Mrs. Hardlick in a voice that fitted her name.

"Mornin', lady," said the salesman. "My name is Yardley-Y-ar-d-l-e-y," spelled the caller.

"I ain't in'trested, an' ain't got spellin' lessens," snarled Mrs. Hard-

"No'm," said the salesman. "I repersents th' World-Wide Vacuum in' you but I got me a machine here that'll take all that hard work

"Oh, you want t' sell me someof what had once been a perfectly thin', eh? Well, I jest tole you I ain't in'trested-go'n 'bout your biz-Old Zeke talked rapidly. As a nuss an' lemme 'lone!" said the matter of fact he was doing nearly busy housewife in no uncertain

> "No'm, I ain't gonna try t' sell you nothin'-jest lemme demmycome in an' show you how it works I'll clean up th' whole house fer you an' you cert'ly won't be under no obligation t' me fer it," said

Now, Mrs. Hardlick has never for nothing, so she shoved the "Bring your thing right in Mister Y-a-r-d-l-e-y," she spelled, "an' get busy showin' me."

Mr. Yardley entered. The front room had already been swept an open fireplace, picked up a small shovel with which he scoophe secured a large quantity of soot which he likewise spread over the rug and floor.

After standing for a moment duclo'es. He had a whole sack full tifully reading a sheet of printed instructions, Mr. Yardley dragged his vacuum cleaner to the fore. "Alright, lady," he said, "I'll now perceed t' show you how this here machine works-where's your 'lectric light connection?"

Mrs. Hardlick almost fell in a faint. Recovering, she seemed to start swelling with rage. "You danged ol' fool!" she raged, "This here house ain't never been wired fer 'lectricity!"

Mr. Y-a-r-d-l-e-y looked at the mess he'd made and then began backing toward the door and . .

Mister Skinner looked at the firemen and grinned. "Well, you fel-" meager harvest, making pikers of lers jest seen whut happened t' Mister Yardley. Yep, th' lady's name fits 'er t' a tee.

P. T. A. Meets In Weldon 21st

The Parent-Teacher Association of Weldon met in the school auditorium Monday night, Nov. 21st. The meeting was held at night in order that the fathers could be present. A large number of fathers was present.

The meeting was called to order by the President, Mrs. C. R. Daniel. One verse of "America" was sung and was followed by "The Lords Prayer". Reports from the different committees were given. The flag awards were awarded to Miss Bridges' room in the grammar grades, and Miss Peel's room in High School.

C. W. Davis of Roanoke Rapids High School was introduced by Mr. Thomas and made a splendid talk on "The ninth month and a twelfth grade in our schools". It was announced that the Senior play will be given on Friday night, Dec. 9th, after which the meeting adjour ed.

Revival Meeting At God's Church

There will be a revival meeting at God's Church, on 9th and Madison Street, starting Saturday, the 26th, held by the regular pastor, Rev. J. M. Creech and wife. The public is cordially invited.

Mr. and Mrs. D. L. Balmer, Mrs. O. D. Fitts, Miss Margie Fitts, and Oliver Fitts, Jr., spent Sunday in Burlington visiting friends and relatives.

Mr. and Mrs. E. C. Padgett, Mr. and Mrs. Marion Hudson and son, Marion Edward, spent Sunday in Richmond, Va. with relatives.

Miss Aldine Boswood and Marvin Jordan spent the week-end in Coinjack.

Around the Town

with ZEB DENNY

Our Pilgrim fathers many years time). ago gave humble thanks for their us today. They set aside a day in but not of borrowing and lending which to do it. Tradition preserv- approximation. They are congenial ed the day. We, the descendants of the Mayflower and lesser known heart. They are just like thatboats, have flunked the thanks they would not tramp on anyone's

Let me see, however, what I could give thanks for, if I paused Good friends. long enough from hunting, visiting and eating.

Starting with myself, which ranks rather high among my assets (opinion), I have health, heartiness, and some hair. I have tolerance, an even temper, and an day's knots, when I can go to see easily satisfied taste.

In my home which runs the above a close second, I am fortunate in having a fine family of a the Orson Welles' broadcast. satisfactory wife and daughter and a brown and white bird pup, namfurniture will soon belong to us, much to speak of, but my above when I am bored. Ho-hum. lack of taste takes care of that.

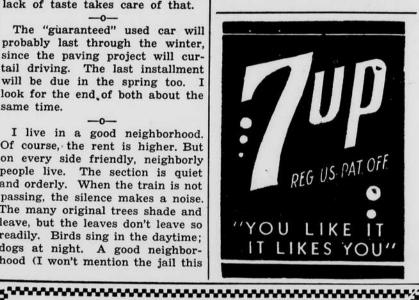

The "guaranteed" used car will probably last through the winter. since the paving project will curtail driving. The last installment will be due in the spring too. I look for the end of both about the same time.

I live in a good neighborhood. Of course, the rent is higher. But on every side friendly, neighborly people live. The section is quiet and orderly. When the train is not passing, the silence makes a noise. The many original trees shade and leave, but the leaves don't leave so readily. Birds sing in the daytime; dogs at night. A good neighborhood (I won't mention the jail this

Then there are my friends. Close, and careful not to tramp upon my heart. They like wholesome, legitimate pastimes; therefore I like wholesome, legitimate pastimes.

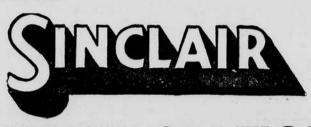

Outside my control and influence lies a world of things for which I am thankful. There are books and books which might take me flitting about the universe, if I had time to read them. There are the movies which take the kinks out of the them. The missus sleeps. The radio entertains and distracts me, when I try to write my column for The Herald. Even at that I missed

All in all I have many things for which I am grateful, not to mened Pansy Yokum. The household tion golden sunsets and dark brown steaks, baseball and bird such as it is. My clothes are not hunting, and the ability to sleep

Immounting

upon the public health. Yet, the gun, his eyes shining with the heart of a deer. every day since Mr. McNinch took over his present post, scores of radio stations have sent out advertisements of the most vicious patent medicines - containing drugs that have been positively proved to be dangerous unless taken under the restraining advice of a physician.

Mr. McNinch is an elder in the Presbyterian church, and so no doubt he got a peculiarly painful shock from the sexiness of the Mae West talk and the hell-and-damnation so vividly presented on the evening of October 30th by Orson Welles. Perhaps if Mr. Welles could be got to apply his talents to a dramatization of what acetanilid, an ingredient of so many so-called "headache remedies," does to the human anatomy, if he would give a realistic picture of the drug's combining with the hemoglobin of the red blood cell and producing what is known as met-hemoglobin, causing vascular changes in the brain and sometimes turning blue the skin of the person who takes too large a dose-if the dramatist would send that story five years old). They were very they are cousins and grew up out over the air some Sunday evening, perhaps Mr. McNinch might be stirred to action.

The law does not give the chairman of the Federal Communications Commission the power of censorship, but the law does charge the commission with seeing to it that every station permitted to use the air shall be Lawrence D. MacRae, Hollis T. complete his medical training.

'Biscuit' Wins-Loyalist Farewell-Rail Peace

1-Seabiscuit, whose three-length victory over War Admiral, son of the famous Man-o'-War in a two-horse race at Pimlice, Baltimore, was the track upset of 1938. 2-Members of the International brigade of the Spanish loyalist army distribute cakes and toys to children at the farewell party given them before returning to their respective countries. 3-J. J. Pelly, president of the Association of American Railroads, who pledged the co-operation of railroad management with labor to settle the current wage dispute.

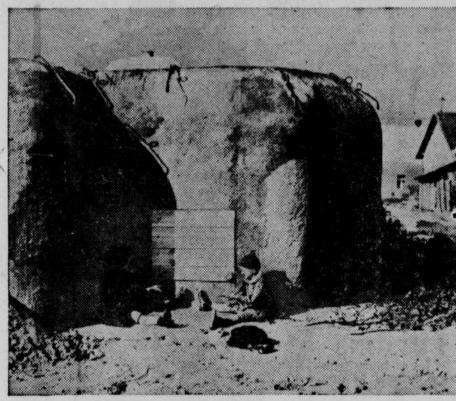

Here's a New Way to Enforce Traffic Laws

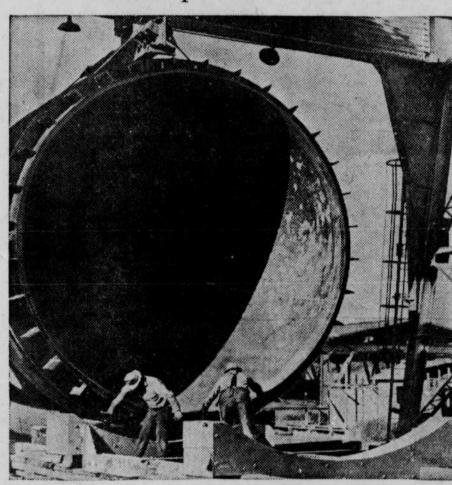

Instead of giving a motorist an arrest slip for a minor violation of the traffic law, German police simply deflate the car's tires as shown at the left. They then stand by and watch the motorist as he laboriously pumps them up again by hand, as shown at the right. The scheme is said to have decreased offenses.

Czech Forts Now a Playground

Children at play in the shadow of a fort in what once was Czechoslovakia's Maginot line. The scene was photographed at Neuhaus. The forts, constructed under the direction of the French army general staff were regarded as among the strongest fortifications ever designed, and were intended to protect the Czechs until aid arrived from France.

Giant Pipes Harness River

Riggers load a section of gigantic pipe for shipment to the Grand Coulee dam from the fabrication plant in the Columbia river canyon, two miles distant from the dam. Through these 18-foot tunnels for which nearly six acres of heavy steel plates will be required, the water impounded by the dam will race to the turbines.

RAIL CHIEF

Edith Jarvis Alden of Chi cago, newly elected secretary of the Burlington railroad, as she takes over her duties as the only woman executive of a big railroad in the country. She is a smiling, grayhaired woman of 54 and has a son 26 years old. She went to work for the company in 1918.

BOGEY MAN

Orson Welles, 23-year-old prodig of the stage and radio, whose re cent dramatization of H. G. Well: 'War of the Worlds' via the radia was so realistic that thousands c isteners were seized by a wave of panic fear of an invasion of the United States of monsters from the planet Mars.

Horses Tails Wanted

Latvia wants more horses' tails and manes for making violin bows, and is opening stud farms to maintain one of its staple industries. Arab blood will not be in demand. say Riga reports, but white horses will be favored because their tails are most popular with bow makers.

Horse Sense About Winter Oil Change

Cold weather creates new problems in lubrication. To overcome damaging wear, the motor oil must possess three essential characteristics: (1) low cold test to assure quick easy starts (2) ability to lubricate at all driving speeds (3) durability to stand up for reasonable mileage. Curiously enough these requirements are contradictory in that to assure one factor it is very easy to unbalance

The only safe rule to follow in preparing your car for Winter is to buy the very best motor oil, Acid-Free Quaker State.

The refiners of Quaker State were pioneers in developing motor oils for Winter use. Today in four great modern refineries the most modern equipment and methods transform the finest Pennsylvania grade crude into motor oils which make automobiles, trucks and tractors run better, last longer, the year 'round.

The low cold test of Quaker State Winter Oil assures smooth easy starts. Its purity frees you of worry about sludge, carbon and corrosion. Its ability to stand up is unequalled . . . you go farther before you need to add a quart.

It is merely commonsense to practice economy. And the accumulated experience of car manufacturers, engineers, and most car owners proves that the use of high quality motor oil is genuine economy. It is conservatively estimated by authorities that 80 to 90 per cent of all repairs to an automobile are caused by faulty or incorrect lubrication.

A wise man once said: "It takes 12 months and sometimes longer to correct a mistake on a farm." Just so, five minutes running with the wrong oil in the engine of your car the first cold morning this drove this past Summer.

Play safe with your motor investment. Ask your dealer to prepare your car for Winter with Acid-Free Quaker State Winter Oil of the proper grade for your community.-Adv.

Sound Thinking

"The greatest need in the world today is for men and women who can think straight," said former President Abbott Lawrence Lowell of Harvard university some time ago. But what constitutes sound thinking? Too many times we permit "wishful thinking" to be mistaken for "sound thinking," color our thinking for us .- J. H.

CONSTIPATED? Don't Let Gas, Nerve Pressure Keep You Miserable

When you are constipated two things happen. FIRST: Accumulated wastes swall up the bowels and press on nerves in the digestive tract. This nerve pressure causes headaches, a dull, lazy feeling, bilious spalls, loss of appetite, and disziness. SECOND: Partly digested food starts to decay forming GAS, bringing on sour stomach, acid indigestion, and heartburn, bloating you up until you cometimes gasp for breath. Then you can's eat. You ean't sleep. Your stomach is sour. You feel tired out, grouchy, and miscrable, Adlerika gives you the DOUBLE ACTION you need. This efficient carminative eathartic relieves that awful GAS almost at once. It usually clears the bowels in less than two hours. No waiting for overnight relief.

EDITORIAL

Text of the week: 37th Psalm, first to fourth verse: for a seat in the stadium at all, Fret not thyself because of evildoers, neither be thou envious you'd better get your passes from of the workers of iniquity.

For they shall soon be cut down like the grass, and wither as the green herb.

Trust in the LORD, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.

Delight thyself also in the LORD; and he shall give thee the desires of thine heart.

In the election just past a very concrete example of the potency of the Negro vote was demonstrated, regardless of how small the vote may be. This demonstration of the potency of the vote should also serve as a very definite object lesson to the Negro citizens.

The race must awaken to the realization that the real out the Black and Tan eleven is give suggestions, encouragement, line of demarcation is the color line, not the party label. Our that all six of the touchdowns they work out details, or help in any problems are in the main of an economical nature, and aside have scored this season have been kind enough to come to the Urban from the general problems facing other members of the community we have the major problem of color. That the race about by passes. "Switchy" league office. and it's leaders are not cognizance of the fact would be a Guards with 18 points for high false statement. It is well known to every individual and scoring honors. The Tans have leader, that regardless of party lines or what have you, the had three fifteen-yard penalties aone line that holds and can not be surmounted is the color gainst them to lead all other teams line.

Now with an understanding of the obstacles that the ing scored three. Negro citizen must face from the cradle to the grave, it appears that a constant endeavor would be maintained to remedy and better economical conditions among the race. For if the votes of a few are so potential and eagerly sought after, why would not the purchasing power of the race be solicited in the same manner? It would and will be if our leaders will display as must interest in things economical as they do in things political. One is just as important as the other, cular play of the season. and it is the duty of our leaders and those who aspire to leadership to watch after the economical as well as the political welfare of the race. If merchants, manufacturers, and distributors knew that they must give race representation on their payroll, or practice some form of reciprocity in order to enjoy the business of colored citizens, they would make overtures, and solicit the friendship of the race.

We would like to see all of our organizations and clubs, social, fraternal and political, combine on an economical program and pursue it with the same energy as they pursue political problems. Results would more than gratify the energy put forth.

EDITORIAL

Text of the week: 37th Psalm, first to fourth verse: for a seat in the stadium at all, Fret not thyself because of evildoers, neither be thou envious you'd better get your passes from of the workers of iniquity.

For they shall soon be cut down like the grass, and wither as the green herb.

Trust in the LORD, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.

Delight thyself also in the LORD; and he shall give thee the desires of thine heart.

In the election just past a very concrete example of the potency of the Negro vote was demonstrated, regardless of how small the vote may be. This demonstration of the potency of the vote should also serve as a very definite object lesson to the Negro citizens.

The race must awaken to the realization that the real out the Black and Tan eleven is give suggestions, encouragement, line of demarcation is the color line, not the party label. Our that all six of the touchdowns they work out details, or help in any problems are in the main of an economical nature, and aside have scored this season have been kind enough to come to the Urban from the general problems facing other members of the community we have the major problem of color. That the race about by passes. "Switchy" league office. and it's leaders are not cognizance of the fact would be a Guards with 18 points for high false statement. It is well known to every individual and scoring honors. The Tans have leader, that regardless of party lines or what have you, the had three fifteen-yard penalties aone line that holds and can not be surmounted is the color gainst them to lead all other teams line.

Now with an understanding of the obstacles that the ing scored three. Negro citizen must face from the cradle to the grave, it appears that a constant endeavor would be maintained to remedy and better economical conditions among the race. For if the votes of a few are so potential and eagerly sought after, why would not the purchasing power of the race be solicited in the same manner? It would and will be if our leaders will display as must interest in things economical as they do in things political. One is just as important as the other, cular play of the season. and it is the duty of our leaders and those who aspire to leadership to watch after the economical as well as the political welfare of the race. If merchants, manufacturers, and distributors knew that they must give race representation on their payroll, or practice some form of reciprocity in order to enjoy the business of colored citizens, they would make overtures, and solicit the friendship of the race.

We would like to see all of our organizations and clubs, social, fraternal and political, combine on an economical program and pursue it with the same energy as they pursue political problems. Results would more than gratify the energy put forth.

Opportunity

(Continued from Page One) together with prices, and go out after business. It may be wise to form a partnership, one to sell and the other to make the cards, but Italo-Ethiopian war has spread to whatever your plans get busy right this peaceful city of Seattle as the away or the trade will go down town. For handcoloring each card an addition charge may be made. Italian Club contest. The Tans I sincerely trust that some talenthave yet to win from the Sons of ed young person will try this for I believe there is at least \$150.00 the expected crowd, both the col- worth of such business in the community, and that is worth going

> Remember your selling points are that the cards are original drawings (and they must be good) next, you guarantee not to see one customer's design to another; and lastly, you are trying to build up an honest and honorable business

> for yourself. Of course you may go downtown and get a sample line of cards to sell, but your profits will be less, your customers will not have exclusive designs, and most disappointing of all, you will miss the exhileration and satisfaction of creating by your own skill a good little business for yourself.

To anyone with ability along this

A Little Bit of Everything

By Jacques B. Chappell No doubt much to the disappointment of our readers this column is once again back in circulation. So about all that you folks can do is blame it on the cold weather.

That particular so-called "spoil system" of the big politicians is even carried on among the lesser Negro politicians to the extent that they are constantly spoiling each others possible chances in either party by fighting each other rather than working together for one good single

When it comes to showing good sportsmanship, the fans in the stands have as much to show as the players on the field, but it is sorely lacking when our own part of these fans cheer the injury of the opposing team's play-

Orson Wells' dramatization of the "War of the Worlds" has earned him the name of Public Boogey man No. 1.

One of the greatest liabilities of the Negro is his lack of prompttime being so busy doing nothing and brush up on the art of being prompt and get that early worm.

SOCIETY

MRS. C. R. McMANAWAY, Editor

Church, Club, Lodge and Other Items of Interest to The Times-News' Women Readers

METHODISTS HAVE HARVEST PROGRAM

The women of the missionary society of the First Methodist church had their harvest day program in an all-day session at the church on Monday. Mrs. L. P. Sims, president, was in charge. Music and responsive readings talk by the pastor, Dr. D. E. Ca-The luncheon hour fol-

The various circles held short business sessions to wind up the ure. And the three-quarter sleeves affairs for the year before the general meeting at 3 o'clock, Miss Bessie Allen made the opening prayer and "There's a Song in This design the Air" was sung. The reports from the general officers were good. Mrs. Sims then asked the circle chairmen to come forward to draw the names for the new

Mrs. A. W. Grover presented devotional on different songs of the Bible. Mrs. Ray Arledge was in charge of the program on carols and other music for Christmas. She was assisted well by the children of Miss Lucile Sale's 6th grade and Miss Elva Schreyer, director of the Glee Club. Miss Kate Dotson was at the piano. Dorothy Foster and Mary Elizabeth Blair sang a sweet duet. Adults taking part in musical selections later were Mesdames Irma Allen, Mabel Baughman, Gus Staton and Mrs. Arledge. The latter presented an interesting paper on Christmas music, and all joined in singing an appropriate Mrs. Camak made the closing prayer.

JUNIOR G. A.

The Junior G. A. of the First | 15 cents. Baptist church met on Monday afternoon with their councilor, Miss Almeria Russ, with Ethlyn Reabon, young president, in charge. Peggy Lou Durham had TIMES-NEWS TODAY'S PAT-the program on Christmas in Oth-TERN BUREAU, 11 STERLING er Lands. She was assisted by Gertrude Osborne and Ethlyn. The new councilor, Miss Agnes

Cale, was welcomed, and some routine matters taken care of. Christmas games and contests were enjoyed and prizes went to Louise Beck and Peggy Lou. Holday candles were served to eleven members, including a new one, Mary Cline.

BRIDGE CLUB ENTERTAINED

Mrs. Pressley Burkmeyer was hostess yesterday afternoon at a charming meeting of her club, the Tuesday Bridge Club. Holly wreaths and barberry and other holiday greens added a festive note. A sweet course was served when cards had been laid aside.

BELLE BENNETT

The Belle Bennett Circle held its December meeting, the session being called to order by the chairman, Mrs. H. E. Buchanan. Officers were elected but the only change made was that of Mrs. W. B. Hodges will serve as chairman. An interesting report was made of a visit to the county home, and plans were completed for a Christmas basket.

EASTERN STAR CLUB TO MEET

The Eastern Star Club will meet tomorrow afternoon with Mrs. Cary-Elwes in Saluda. The members are requested to meet at the Houston Furniture company at 2:30 o'clock, and cars will be prvovided for those who have no means of transportation. REV. BURKE AT-

TENDS COUNCIL

Rev. Jas. P. Burke was in Ashq-ville yesterday for a meeting of the Diocesan Council, and was a luncheon guest of Bishop R. E. Gribbin. An encouraging report on the chapel to be erected as a memorial to Bishop K. G. Finlay was given.

HOSPITAL ASSOC-

For You In A Hurry!!

MODERN TABLE MENUS BY MRS. GAYNOR MADDOX

NEA Service Staff Writer

OAST goose for Christmas dinner is an old and delight-ful story. Emile Wiolet, chef of the New Yorker Hotel, suggests this menu for Christmas dinner: Texas pink grapefruit, salted al-monds, celery, mixed olives, con-somme madrilene, roast young gosling with home dressing, string beans, asparagus tips, mashed yellow turnips, whipped potatoes, cream of mint sherbet, endive and beet salad, sweet apple cider, plum pudding, hard and brandy or fruit sauce, grapes, oranges, apples, raisins, figs and mixed nuts. Then, if there is any room left, after-dinner mints and black

Select a fat 10-pound goose for 10 servings. Singe, clean, wash and dry. Cut off neck close to body. Use salt on inside and salt and pepper on outside. Stuff without crowding. Sew openings with needle and thread. Fold skin back ly for 3 or 4 minutes. Add a litover neck and tie or skewer.

Place, trussed, on roasting pan.
Prick with fork. Roast in open
pan in moderate oven (350 degrees F,), allowing 25 minutes to a pound.

Goose Dressing

Tomorrow's Menu BREAKFAST: Grapefruit and grape juice, hot cereal, raisin toast, marmalade, cof-LUNCHEON: Creamed

fresh vegetables on toast squares, rye bread, baked apples, tea, milk.
DINNER: Tomato juice, salmon and olive loaf, white

sauce, parsley potatoes, green beans, celery and lettuce salad, chocolate floating island, coffee, milk.

2 raw eggs, 1 tablespoon butter (fat of goose may be substituted). Soak the rolls or bread in warm water or milk for at least 5 minly for 3 or 4 minutes. Add a lit-tle chopped parsley. Put bread in

thyme, salt and pepper and the 2 raw eggs. Mix well and stuff goose with the dressing. One-nalf loaf stale white bread or about 8 stale rolls, 1 onion, giblets (heart and liver chopped used, applesauce or baked apples giblets (heart and liver chopped ine), a little chopped parsley, 1-4 make a fine accompaniment to the

mixing bowl and add mixture of giblets, onions and parsley. Add

PRINCIPALS IN CASE WILL WED TODAY

(Continued from page one) tions of his wife, who divorced him in Chicago last year: Miss Etting, in her testimony Tuesday, accused Snyder of beating her with a cane, cursing her, and said he shot her young friend deliber-

Miss Snyder followed Miss Etting to the stand, and while Snyder faced her a few feet away, accused him of an "unprovoked attack" on the standard of the standa attack" on the musician.

Snyder is charged with six fel-Snyder is charged with six that the boycott incident strength informed, confirmed the contention of former story that History ony counts, which would add up to a maximum sentence of 115 ened the contention of former story that Hitler personally years in prison if he should be that the totalitation states only

accosted him outside the NBC studios where he was working and cott would be discussed on the declined to take Snyder home with him. He said he knew Miss Etting was there. On the way, he denied Snyder's accusation that he and the singer were married. Repeating the same testimony

previously given by Miss Snyder and Ruth, Alderman, said when they reached home, Snyder herd ed them into the music room and forced them to sit down. He said Miss Etting began pleading with her enraged ex-husband.

"When I started to plead with him he fired," the witness said. "He fired twice. The second bullet struck me

At the bidding of Prosecutor Blalock, Alderman unbuttoned his shirt to display two scars on the abdomen, showing where the bullet had entered and emerged. He said he lost consciousness and knew no more until police arrived.

Alderman admitted he was in love with Miss Etting, said they lived together as man and wife. He said upon leaving the hospital he went to his Riverside county WASHINGTON, Dec. 14. (UP) tary evidence compel the con- farm, where he raises frogs, and that his fiancee accompanied him. While his attorney pictured him

as an adoring, sentimental lover who sent "papa-and-mamma" Easter bunnies to blonde Ruth Etting even after they were divorced, Snyder's dark-haired daughter portrayed him as a hot-tempered man who beat his wife and threatened to kill his daughter. Describing the scene that followed the shooting of Alderman, she said she fired a bullet at her

father as he fled from the house.

Under cross-examination, she con-

ceded that she did not know

whether he was armed at that precise moment. The short, swarthy defendant buried his head in his arms as his daughter, by a previous marriage, insisted he wantonly shot and wounded the 30-year-old Alderman, who had succeeded him in Miss Etting's affections.

Her version of the home life of Miss Etting and "The Gimp" dovehad told the jury he beat her during their married life and threatened to kill her and his daughter at Alderman's home last Oct. 15.

The editors of the magazine, Authorities believed that it could dramatic change in the course of gave as its principal reason for the selection the signing of the peace of Munich.

"Greatest single news event of 1938 took place on September 29, when four statesmen met at the fuehrerhaus in Munich to redraw the map of Europe," the magazine said.

"Hitler on that day reaped the rich harvest of an audacious, defiant, ruthless foreign policy he had pursued for five and a half years. He had torn the treaty of Versailles to shreds. He had rearmed Germany to the teeth. He had stolen Austria before the eyes of a horrified but apparently impotent world.

"All of these events were shocking to natious which had defeated Germany on the battle-field only 20 years before, but nothing so terrified the world as the ruthless, methodical, Nazi-directed events which during the late summer and early autumn threatened a World war over Czechoslovakia. "When without loss of blood he

reduced Czechoslovakia to a German puppet state, forcing a drastic revision of Europe's defensive alliances, and won a free hand for himself in eastern Europe by getting a 'hands-off' promise from powerful Britain (and later France), Adolf Hitler without doubt became 1938's man of the year,"
The magazine pointed out that

other world figures-Prime Minister Neville Chamberlain of Brit-feated in their efforts or "faded in importance as the year drew to a close." Chamberlain's "peace with hon-

seemed to have achieved neither, the magazine said; President Roosevelt was beaten on the "purge" issue; Mussolini played second fiddler to Hitler; Dr. Benes abdicated and Chiang Kaishek, last year's "man of the year," was driven into the inter-ior of China where he "faces the possibility of becoming only a "And that's why I don't seem figurehead in an enveloping com-

four-power pact to replace the
moribund League of Nations as keeper of Europe's peace came

keeper of Europe's peace came nearer today.

This long has been the desire of Premier Benito Mussolini of Italy and Chancellor Adolf Hitler of Germany and it was iHtler who actuated today's development. Der Fuehrer yesterday offered France a "gentlemen's agreement" to refrain from war, the nact to be of 10 or 25 years' durapact to be of 10 or 25 years' dura-tion, and French Foreign Minister Georges oBnnet eagerly ac-cepted the opportunity to extend the Munich agreement of the "big four"-Germany, Italy, Britain and France-towards general Eu-

ropean appeasement. Bonnet shuttled back and forth between diplomatic representatives of the four nations, laying the groundwork for solving a half-dozen pressing European problems, as a result of the encouraging overture from Hitler.

Diplomats anticipated that this month would bring a formal Franco-German friendship or nonaggression pact, renunciaiton by Germany of any territorial claims Europe against France, re-establishment of normal friendly diplomatic relations between France and Italy, effectivation of the Anglo-Italian friendship pact of last April 16, final settlement of the Czechoslovak-Hungarian territorial dispute by Italo-German arbitration and the granting of belligerent rights to both sides in Spain by the London non-intervention committee.

This four-power program, turn-WAGE AND HOUR LAW ing Britain and France completetions system of collective security, WASHINGTON, Nov. 1. (UP) would bring the Democratic allies into close collaboration with the papers are subject to the terms of the wage-hour law.

ART WEEK IS KEPT BY CITY

Many Local People Are Exhibiting Art and Crafts Productions

American Art Week is being observed in Hendersonville, spon sored by the Woman's club.

The exhibit of local artists is viewed by the sponsors as helping the community by bring local artists directly before the public, disseminating ideas to enrich the community, and emphasizing by exhibitions the worth of local crafts and fine arts.

It is also maintained that such exhibits offer local and national publicity to the artist and the community, stressing local historical and beauty spots and enhanc-

ing art education.
Mrs. Augustus Williams, chairman of the art department of the club has arranged an exhibit in several of the windows of local merchants. She was fortunate to procure the works of the follow-Cady Hayes, Mr. Lewis Kemper, In public life for many years, Major Thad Jowett, Mr. A. COMMONS DEBATES FOREIGN POLICY

By CLIFFORD L. DAY Copyright, 1938, by United Press LONDON, Nov. 2. (UP).—Eu-rope's armed, suspicious peace was strengthened today by Prime Minister Neville Chamberlain's frand admission of German dominance in Central Europe. His speech in parliament, which also voiced his determination to en-force the Anglo-Italian friendship pact right away, was received favorably in Berlin and Rome.

Chamberlain told the first session of the house of commons since his munich "peace with honor" that Britain ha sno intention of trying to block Chancellor Adolf Hitler's "drive to the east" or to encircle the Reich economically. He said he would bend every effort towards an understanding with the dictators and that an arms limitation agreement would be the first step after the groundwork for general appeasement has

Berlin, quite naturally, saw in this speech confirmation that Chamberlain is disposed to follow a policy of rapprochement which began at Munich, and consideration of the rights of other powers.

Chamberlain said he intends to effectivate the friendship pact next Tuesday's elections, today with Italy "as soon as possible" and introduced a motion to be debated on Wednesday "that this house welcomes the intention . . The pact would include British on Friday night he will deliver a recognition of Italy's conquest of

Man About Town

The Lindberghs are in Germany for a reason—not military spying . . Intimates (not apologists) of Lindy say: "He will emerge at the proper time a greater hero than ever" . . . Anne, they add, violently hates everything the Nazis stand for . . . But all of us "felt that" . . . Victor Moore's daughter was Little-Church-Around-the-Cornered by a Long Brancher Satdee . . . Uta Hagen, protege of Alf Lunt and Lynn Fontanne, becomes the bride of Actor Jose Ferrer, last seen in "Missouri Legend," on Thurz . . Annabella got her divorce to show Ty Power he was all that mattered . . . Six months ago, however, Ty told a columnist: "You are going to hear marriage talk about me-just don't believe it" . . . The E. 51st St. Police Station warned smart spot owners to be fussier about letting in strangers. The gendarmes said they had a tip of a stick-up plot in the three "most famous" midtown spots . . . Eddie Peabody's divorcing wife, 10 years his senor, is also his aunt!

Ken's Dec. 7 mag will expose Japanese spying here . . . The KKK will start a drive in May. It won't stress religious angles—"as that doesn't pay any more." Its racket will be anti-Unions . . . The Long-champs' master-mind and his bride have that defeated look in their eyes, already . . . The Weylin Hotel just added \$120 to Lupe Velex's bill—carpet trouble . . . The reason Lois Elliman didn't start canarying in The Stork is that her realtor father edited the idea of night clubs for a career . . . Brenda Frazier, the new No. 1 Deb, had her hair dressed at Michael's in the Waldorf while four boy friends kept her hands cold . . . "Great Lady," the new panned musical will cost its backers \$220,000—producer Dwight Wiman didn't risk a cent.

The N. Y. Times has finally agreed that sex is here to stay. Within the fortnitt their Sabbath roto will start displaying glammer gal gams . Lord George Scott, who excited local debabys last season, will middle-aisle it in London on the 16th with Molly Bishop . The biggest of the legal beefs against CBS and Orson Welles for that scare—is in the Federal Courts for 50 Gs brought by a Mrs. S. E. Collins, a Coast "victim" . . . Bandwagon, the new jitterbug mag, offered free recordings to 14 prize winners. The editors just learned it is against the lottery law, so the mag must send recordings to 7,000 contestants! . . . The Lou Gehrigs of the N. Y. Yankees have engaged a but-lah for their New Rochelle manse! . . . The delay in the spy trial verdicts was over one jury woman's sympathy for spy Glaser.

The New Yorker magazine has notified all German govt' steamer and railroad advertisers that it won't accept such adverts until the persecutions cease . . . Bernd Bab, son of Germany's most renowned drama critic, is a bus boy at the St. Moritz. He refugeed long ago . . . Glenda Farrell and Tom Lewis, the Young and Rubicam radio exec, will probably clope. They see each other "much too much," as Cole Porter puts it . . . The U. S. case against Wm. Buckner will name several Senators and Congressmen whom Buckner will name several Senators and Congressmen whom Buckner allegedly tried to influence . . . It was nice of him to drag Loretta Young's name into his mess—by making that phone call with permission of the Federals . . . Count Rudolph Mont Gelas and Catherine McDonnell, social, are yes, indeedy . . . Lillian Roth is East-bound to reconcile with her Judge.

Tony Duke and Diana Barrymore, John's daughter, are ahem! The Ralph Daighs (he's the Fawcett mag's managing ed) will call it a Daigh—about June 1st—their initial image . . . Hugh Marlowe ("Kiss The Boys Goodbye") makes nightly calls to Lynn Sherman, who is mending in a Hollywood hosp after a major op . . . That Andrea Leeds-Herbert Marshall program for that oil sponsor was a new all-time stinker. Third-rate scripting, which explains why the show has been such a flop right along . . . The Herbert Harrises (Bobby Perkins) are scanning the Reno spliterature . . . Ira Nelson Morris (he was U. S. Ambassador to Sweden during the World War) will soon be welded to Miriam Wolf . . . Some months ago the column itemed that Douglas Aircraft would climb high. It was 38 then . . . Have a look at it now.

The reason Park Avenue's new movie theater didn't open with "Champs Elysee" (as most folk expected) is that it is "too Parisienne postcardish" . . . The George S. Booths (he's the Rolls-Royce constructor) expect a New Year's bundle. Mrs. B's dad was a former J. P. Morgan partner . . . Wayne Morris' bride-to-be, Bubbles Schinasi, is only 18... Josephine Larkin, who just got her divorce, will marry an Englishman... In the District Court of Appeals, Washington, D. C., five judges are robed in silken gowns. All except the recently appointed Henry Edgerton, who wears black wool because he's boycotting Japan . . . A year ago this week gazettes reported that Dorothy Lamour (in an interview) had pledged she'd be a mother by Dec. 11. A space-stealer, hugh?

Time's Man of the Year (front cover) may be A. Hitler, who will be taken for a ride inside . . . It's a boy for the Gerard Piels of Life at Doctors Hosp. . . . Tom Dewey will not be a Presidential candidate in 1940, according to insiders. Instead, he and Jim Mead will be opponents for a Senate pew . . . Max Schmeling is planning a surprise visit to the U. S., soon . . . The Gillies airplane firm of Long Island is filling new orders for planes for Peru—with two gas tanks instead of one, as originally planned . . . Life has received permish to photo our military "secrets" at the Picatinny Arsenal, in Dover, N. J. ,particularly the new 44" shell . . . Uncle Sam, however, will do the editing . . . The Int'l Casino claims that it attracted \$40,000 last week—perfectly healthy business . . . The District Attorney is readying an investigation which will frighten the hat check girl union biggies.

In the Elysee Monkey Bar a girl cracked a cocktail glass on the neck of a lad she asserted insulted her . . . Nice insulting, but nicer glassbreaking . . . Albert Einstein got \$2,000 from Collier's for his article. He gave it to a refugee outfit . . . Fred Neher, the carto who draws those famous babies for The N. Y. Sun and other gazettes, will increase the papa-lation in the Spring . . . Some insurance firms. have sent confidential orders stopping the peddling of annuities after Jan. 1 . . . Interest on those issued this month has been cut at least 20 per cent . . . Dancer Paul Draper's most enchanted audience (at the Sert Room) almost nightly is Heidi Vosseler of "The Boys from Syracuse" show. Heidi waits for him until he's through, too ... Mrs. Ross MacLean (he's the New Yorker canary) wants it known that they are imaging in February . . . "Please put us down for a lit-

The Alice Faye-Tony Martin rumors persist . . . If they don't spend Christmas together—the divorce talk will be confirmed . . . One of Hollywood's better known comediennes had to be escorted off the Persian Room dance floor because of too much woofle-water . . . A secret investigation of private schools is now under way in N. Y. City ... That chinchilla hat and muff worn by Mrs. Clara Whelan Grey (of Whelan Drug clan) cost \$2,000 . . . A British firm wanting to capitalize on Neville Chamberlain's popularity abroad (as "Savior of Peace") asked its workers to suggest a suitable souvenir that could be manufactured for foreign sales . . . One suggestion was: "A British flag doormat"! . . . Anthony Eden should get a warm welcome when he arrives this week. He's the one Foreign Secretary who didn't take

FOR THEM, BRAND-NEW HYMNS

The New England Singers of NBC are said to be the only vocal group in the country which has a new hymn written especially for them each week. From left to right are Wesley Copplestone, Raymond Simons, Edmond Boucher, Ralph Tailby.

round of questions about toys and children's books on the popular Ask-It Basket program Wednesday. This will be an easy one for youngsters, but ten to one the grown-ups will have to think twice when genial Jim starts asking contestants to quote Mother Goose. And judging from the questions that are coming in from all over the country since McWilliams announced the special "toy and book" round a few weeks ago, there's been considerable research going on in the nursery— enough to provide plenty of fun for a lively half-hour on the night of December 7th.

Donald Meek, Scottish-born character actor of the movies, will be featured on Rudy Vallee's pro-gram of Thursday, at 8 p. m., EST., in an original one-act play entitled "Professor Gossamer's Experiment." The play is by Milton Geiger. Paul Gerrits, the

As Wives Go, So Go Nations

Mrs. Wilson

Experts in international diplomacy say the two women above are best clews to relations between United States and Germany. Frau Dieckhoff, white of the German ambassador to United States, remains in Washington while her husband returns to Berlin, Mrs. Wilson stays in Berlin while her ambassador-husband comes home. When the wives pack up and sail,

Defective brakes and improperly | cases", added the Commissioner,

In all there were over 66,000 cars found defective in one or more important particulars and rejected for repairs or adjustments. More than 82,000 causes of rejection were recorded. Of course, some cars were found with more than one fault which accounts for the excess of rejection causes over the number of cars disapproved. The second in-spection period closes on Saturday afternoon, December 31st, and the commissioner advises all owners of minspected cars to bring their vehicles to the nearest inspection lane immedaitely. Lanes are now operating in Hartford, Bridgeport, Waterbury, New Haven, Fair Haven, Torrington and Willimantic.

SPOTLIGHTING-PRESIDENT FOR **Brass City News**

Condemnation

Condemnation proceedings to take land of six property owners in Prospect have been started in connection with the new state highway from East Mountain to Prospects and from Prospect to Union City. Among the owners served with papers is Senator Jos-eph H. Lawlor of Waterbury.

Bids for the new road will be asked by the middle of the month and the construction will be a PWA project, designed to compete the highway between Waterbury and New Haven.

On "D. L."

Waterbury hospital reported today that the name of Wil-liam Sullivan, of Thomaston, has been removed from the danger list. Sullivan was seri-ously injured when struck by an automobile near his home on the night before Thanksgiving. It was found necessary to ampu-

Settlement

Settlement was made of the suit for \$6,500 damages by Conectta Forte against Benjamin Gromet yesterday after evidence had been presented to Judge Miles F. Mc-Niff and a jury in common pleas court. The plaintiff sought injuries for a fall on Hawkins street

property of the defendant.

Attorney John A. Membrino represented the plaintiff, William H. Tribou, the defendant. The jury was excused for the term as it had completed its eight weeks of ser-

Unique Cause

Explosion of an electric light bulb last night set fire to an automobile owned by John J. Daly, of 151 Highland avenue. The bulb was attached to an extension card, and Mr. Daly was working on his car at the time.

As the bulb broke a spark set fire to a gasoline soaked rag, and then a film of gasoline on the car's motor. Mr. Daly sought to smother the blaze with a blanket. Fire-men arrived in a few moments and the blaze was completely checked. Another car, parked in the same

Hit By Car

Struck by an automobile last night on Washington avenue, near South Main street. Charles Strel kauskas, 27, of 22 West Porter strete, suffered a possible fracture of the right leg. He was taken to St. Mary's hospital.

Motor Patrolman John McDonnell reported that the automobile was driven by Edward T McGrath of 64 Wolcott street. McGrath said that Strelkauskas walked from the sidewalk directly into the path of his car. The police ambulance took Strelkauskas to the hospital.

36 New Cases!

Measles continue prevalent in Waterbury with 36 cases reported to the health department from Saturday until last night.

The total of 45 cases reported last week in Waterbury represent-ed more than half of the 73 cases reported in the entire state.

The proportion of cases is about equally divided between school children and youngsters of pre-school age. No particular sections show a preponderance of the dis-ease and there are no plans to close any school rooms in schools where several cases have been re-

Both Arrested

Charged with violating the state law in regard to the sale of fuel oil, Oragio Sarlo, 42, of 725 North Main street, received a continuance today when Judge T. E. Conway ordered that the man's employer be ar-rested also and both cases be tried at the same time. Sarlo is alleged to have sold gasoline in quanties of five

gallons or more, from a truck not equipped with a meter. Sealer of Weights and Measures William Dunlavey said that Sarlo and his employer had both been given several warnings against the practice.

Oil Overflows

Overflow of a range oil burner brought firemen to the home of shortly before 8 o'clock this morning. Damage was slight and firemen were at the scene only a few

NEW HAVEN BAR ACTS ON COURTS

New Haven, onn.,C Dec. 9.—(UP) -The State Bar association today considered a draft of a bill designed to simplify "the hopeless jungle of confusion" in the Connecticut minor court system. The bill, which will be submitted the legislature in January, tentatively proposed two classifications of courts, one for communities of 25,000 or more population and another for towns of less than 2,000 population.

In the first classification jurisdiction in cases in law and equity would be limited to \$1,000 and criminal jurisdiction limiting fines to \$500 and jail terms to one vear.

In the small towns the courts would handle civil cases up to \$500 and criminal cases where maximum fines would not exceed \$250 or imprisonment of six months.

"No justice of the peace shall have jurisdiction in either civil or criminal actions which are within the jurisdiction of any town, city or borough court," the measure recom-

TEACHERS FACE **PAYLESS HOLIDAY**

Revere, Mass., Dec. 9-(UP)-Revere school teachers faced a payless holiday season as result of Mayor that he will refuse to certify the school department payroll when it is presented for his signature to-

day.

Because of a 10 per cent salary cut restoration to the 350 teachers this year, the departmental appropriation was exhausted in 11 Smokers of Lithuania are show-months. The wage reduction was not restored to other city employes.

that he would introduce a constitutional amendment on the first cay of the next congress limiting presidents of the United States to one term of six years each. Burke's announcement came with expansion of the controversy over the possibility of a third term for President Roosevelt. Although the president has made no statement, some of his friends, both in and out of congress, have indicated that they would urge him to seek a third term. Burke, an opponent of most New Deal legislation and opposed to a third term, said that his "compelling reason" for proposing such an amendment was what he saw as a trend toward more power for the chief executive. He said his statement was not directed at the present administration solely, saying the general trend of government for many years had been in that direc-

MAN, WOMAN ARE **KILLED IN CRASH**

POSTAL SACKS MAY HAVE LICKED HER

Boston, Dec. 9—(UP)—Miss Alice B. Murray, 21, today believed that two misplaced postal sacks containing 3200 campaign letters contributed heavily to her losing a contest for election as Boston City councilor from ward 19. The first sack was found Wednesday in the south postal annex, and the other at the Roslindale sub-station of the Boston post office, said postal officials who declined to theorize how the pouches were misplaced. In a special election Tuesday, the girl sought to fill the council vacancy created by the death of her father, Peter A. Murray. She lost the elec-tion by 87 votes to James Langan.

Attorney Francis Farrell of the school committee warned that he would ask the attorney-general to seek indictments against the city if the salaries were not forthcom-

Chancellor Adolf Hitler **Dominates 1938 World News**

cellor Adolph Hitler of Germany domestic news, but in terms of dominated the world news in 1938, world-wide appeal even the top according to a list of the 12 big news stories of the year announced today by the United Press. 1. Sudeten crisis culminating in

The selections were made by the editors of the United Press in New York, where dispatches from correspondents around the world pass over the domestic and foreign desks before being distributed to news-papers in the United States and paign. South America.

Nazi policies were responsible for three of the first four leading stories of the year, whereas so-called "crime news" and domestic policies figured less prominently thon in previous

Earl J. Johnson, U.P.vice-president 1939 as the biggest news year since the World war. "More stories of general concern to people in practically all coun-

tries developed this year than in any 12 months since 1918," Johnson said. "Nineteen twenty-seven produced tremendous headlines with Lindbergh's flight to Paris and the other ocean flights of that summer. The trial of Tammany leader treason trials; trial of Tammany leader treason trials; trial of Tammany leader treason trials. tries developed this year than in any 12 months since 1918," John-son said. "Nineteen twenty-seven But the value of those stories was Hines: Mexico's expropriation promainly inspiration and entertaingram: United States-British trade ment. They did not vitally affect treaty: and the Arab revolt in Pallife. The inauguration of President estine.

New York, Dec. 9-(UP)-Chan-| Roosevelt made 1933 a big year for world-wide appeal even the top stories of 1933 rate below those of The list follows:

Stories which received honorable

66,000 Autos Rejected It's a Horse On You, Mr. Auctioneer MAKING GAS FOR Market In Fractional STATE BIG TASK Changes At Beginning

in Year for Connecti-

cut's Supply

meet Connecticut's varied require-ments, exclusive of the gas manufactured in the coke ovens of the factured in the coke ovens of the Connecticut Coke company which amounts to more than half of that used in the state, necessitates the burning of approximately 132,400 fons of solid fuel and about 15,309,200 gallons of oll in the course of a year's time.

These figures are based upon the Connecticut Coke company which ton futures eased 5 to 7 points in initial deals.

U. S. Steel opened on a 1,000 share block at 61 5-8, up 1-8, while Bethlehem was down 1-8 to 69 7.8. Chrysler rose 1-8 to 78 1-2 and Gen. Motors eased 1-4 to 47 1-4.

Aviation shares were mixed.

These figures are based upon the annual statistics of the American Gas association, compiled from reports received from Connecticut public utilities, and, since the above amounts of fuels provide less than half the gas produced in the state, they give an indication of the extensive amount of fuel required in furnishing all of the gas service. furnishing all of the gas service.

The association's statistics reveal that the solid fuels employed in the production of gas in Connecticut last year, outside those used at the coke ovens in New Haven, were sub-divided as follows in tons of 2,000 pounds: anthracite coal, 3,900; bituminous coal, 63,400; coke purchased, 39,400; coke made in plant, 14,200; and coke breeze, 11,500.

Anthracite coal is employed in the gas making process entirely as a fuel to feed the boilers, while the generator fuel from which the gas is actually made includes both bituminous coal and coke, some com-Washington, Dec. 9.—(UP).—Sen-ator Burke, D, Nebraska, said today as is a substantial part of the 15,-309,200 gallons of oil consumed.

The oil likewise enters the gas-making process elsewhere, being vaporized and its gas being blended with that of the solid fuels to give the final product a higher heating capacity when it is burned in kitchen ranges, automatic water heat-ers, and house heating furnaces.

FRATERNAL NEWS

Clark Commandery

A regular meeting of Clark com-mandery, Knights of Templar, was held last night at the Masonic temple. Routine business was transacted.

Ansantawae

A class of candidates received the patriarchal degree last night at a meeting of Ansantawae en-cempment, Odd Fellows, at Odd Fellows Hall. Arrangements for a program of degree work next year were made.

Officers will be elected at the annual meeting December 22. Nominations are submitted at the session last night.

Workmen's Benefit

Under the auspices of the Work-men's Sick and Death Benefit society a pinochle party and dance Turn hall, 1181 North Main street. Marx orchestra will present the musical features. Refreshments

will be served. The arrangements committee includes Max Carnine, John Zeizel, Paul Reichenburg, Joseph Flach, Richard Dressel, George Koerner and August Doerfler. Serving on the refreshments committee will Doerfler, Mrs. Anna Gaugler and Mrs. John Zeizel.

Ingeborg Lodge.

Officers of Ingleborg lodge, Order of Vasa, were elected at the annual meeting last night at Moose hall. The new officers will be installed at exercises to be held Jan. 12. President, Mrs. Lena Carl-

strom; vice-president, Mrs. Helen Warren; financial secretary, Mrs. Ellen Anderson; recording secretary, Mrs. Signe Larson; treasurer Mrs. Hilda Anderson; marshal, Mrs. Margaret Seaverson; as-sistant marshal, Mrs. Elin John-son; inside guard, Mrs. Gunda Henderson; outside guard, Mrs. Selma Johnson; chaplain, Mrs. Marie Cederholm.

Continental Lodge

Proceeds from the auction held by the Perfect Craftsman quarry, Continental Lodge, Masons, last night at Temple hall, amounted to nearly \$100 which will go to buy uniforms and equipment for the Caledonian degree team of the lodge. Vernon L. Hall was auctioneer and Charles Rietdyke had charge of the approximate 150 articles auctioned.

A drill was given by the team of Nosahogan Lodge of Odd Fellows and the lodge orchestra played. Thomas Johnson was in charge of the program with Archibald B. Phillips as captain of the drill team, Floyd E. Cady, sub-captain.

K. of P. Dinner

A dinner honoring members of the committee in charge of the re-cent grand lodge convention of was held last night at the Press

tiring Grand Chancellor Com-mander Morris Robin, Former District Deputy George Pouard; and Chairman Philip Bernstein of the committee. Present were: John A. Paige,

Among the speakers were Re-

Jack Freedman, Mr. Robin, Mr. Bernstein, Mr. Pouard, Arthur R. Moore, George W. T. Armour, Ransford R. Harrison, Victor Weyermann, Edmund Wilke, Charles Draper, Andrew Warren, Frederick A. Schwartz, Clarence A. Slater, Joseph Carron, Murray Grossman, Sando Bologna, Alder-man Edward Goldberg, Benjamin A. Hahn and Leo Garston.

Despite Defeat He Is Still in Politics and A Good Democrat

IN BEST OF HUMOR AT HIS INTERVIEW

Figures on Just How He Can Live — Thanks Citizens of State

BY JACK ZAIMAN (United Press Staff Correspondent)

Hartford, Conn., December 29. — (UP) — Governor Wilbur L. Cross, 76, whose eightyear administration proved a turning-point in Connecticut history, said today, that de-spite defeat, he still was in politics and would remain 'actively interested in the problems of government."

Dyleated in the elections by a man half his age, the governor still full of humor, goodfellowship and high aspiration — was asked: "Will you run again in 1940?"

"I don't know about 1940," he answered, "it's a long time ahead. You can't 'tell."

"I am a free lance now," he continued. "But I'm a Democrat and actively interested in the problems of government, I swear by Thomas Jefferson, I might swear by Ardrew Jackson, too, seeing the Jackson day dinners are coming up."

Chambers Barren
The executive chambers where the governor conducted his final inter- Many Italian Democrats view were barren, utterly m con-trast to their appearance a month ago when hung on the walls 're axes, firemen's helmets, ox yokes, degrees, gadgets of all sorts—a curic

REARGUMENT OF COMPENSATION

Litigation of Two Middlebury Residents Going Up to Supreme Court

Permission to reargue the compensation litigation of George France of Middlebury against Wil-liam D. Munson of Middlebury is sought in a 40-paragraph motion filed today in the supreme court of errors, where last week Chief Justice William M. Malthie denied the plaintiff's claim for benefits, and ruled that a farmer who employs extra labor at some seasons not come within the scope of the five-employe compensation act. The motion, which is one of few

h documents filed with the state's highest court, sets forth reasons why Attorney Michael V. Blansfield and Attorney Michael V. Blansfield and Harry M. Albert, counsel for France, believe they should be given opportunity to re-state their claims.

Granted Once Before

It is believed that in only one previous instance was such a motion granted and according to

Former Pitcher Of Giants Killed

Bridgewater, Mass., Dec. 29— (UP)—Walter L. West, 59, for-(UP)—Walter L. West, 59, former New York Giants pitcher, was killed today when a shotgun he was returning to a neighbor discharged accidentally as he slipped on ice in the yard of his home. West, operator of an ice business, slipped on ice chips he had swept from one of his trucks last night. He joined the Giants while John J. McGraw was manager of the McGraw was manager of the

Spotted by scouts while playing semi-professional baseball at nearby Brockton, he was signed up by the Hartford club of the Eastern League and later went to the New York team. He played with the Giants only one year, dropping from the club because of an arm injury.

Are Not Well Pleased at Circumstances

Waterbury's Democratic organiza-tion loomed today as a result of great dissatisfaction among many Italian Democrats over the appoint-ment of City Sheriff Angelo J. Nardona as a member of the police su-pernumerary force and the expec-tation that he will be made a regular and then given a high rank The dissension may be widespread enough to be comparable to that caused by the appointment of Mr. Nardona as city sheriff before the last city election.

Many Withdrew Appointment of Mr. Nardona a city sheriff after the resignation of City Sheriff John Kilduff led to the withdrawal of Domenic Barbieri and scores of other Italians from the regular party organization. They also left the Italian Democratic club, and formed the Young Italian Democratic club. This group joined the Republicans and Independent Democrats in opposing the regular party ticket. Mr. Barbieri, running against Mr. Nardona for sheriff,

lost the election by only four votes. Cut Into Regular Vote The loss of many Italian Demo cratic votes in the city election cut deeply into the Democrats' regular

OFFICER SUICIDES

Greenwich, Conn., Dec. 29—(UP)
—William Tobin, 46, a special police officer, committed suicide today by shooting himself in the head with his service revolver, according to Medical Examiner John A. Clarke. Tobin, police said, told his wife he was going into the bedroom to rest. A short while later his young daughter found him on the floor with a wound in his right temple.

He leaves his widow and three children.

State, Defense Counsel Agreed on Postponing Case Until Next Thursday

GENERAL ASSEMBLY OPENS NEXT WEEK

One Hundred Veniremen For Fifth Panel Concluded This Afternoon

BY JOSEPH P. DONAHUE (Democrat Staff Writer)

Failing to acquire the 12th juror for the Waterbury conspiracy trial in a short session this morning, during which 16 veniremen were questioned, court was adjourned until next Thursday, upon request of counsel for state and defense. The fourth panel of veniremen was completely exhaused and after court had adjourned the drawing of a

fifth panel of 100 to report next Thursday was started. It was believed that the opening of the 1939 session of the assembly next week was the for the lengthy adjournment. Hugh M. Alcorn, Jr., is slated to be spe er of the house. Attorney Patrick Healey of the defense staff will be sworn in as judge of prob other reason for the agre

ernate jurors for the trial was today at the request of defense counsel. Previously, a proposal by Judge Inglis that alternate jurors be selected was turned down, pre-sumably by the defense, Although no definite decision was made today, it is understood that the question will be given further con-

At the conclusion of today's short session, the court had disqualified a total of 84 challenges the defense 130 and the state 122. When court resumes next Thursday, the de-fense will have available 46 and the state will have 54. In today's sion the court challenged two, state six and the defense eight. One Woman Reported

Only one woman, Louise Knight of Madison was inclu among the 16 veniremen who reported for interrogation this morning. John D. Whiting of New lapeared today, but was late.

A member of the fourth panel who

was excused temporarily because of his business, George E. Southworth of Milford, was the first venireman called this morning at the start of the 16th day of the trial. The de-fense did not question him and the state challenged. Under questioning by Mr. Alcorn he said that he it an engraver and operates a stationery

store at Bridgeport.

Accepted By Defense

James L. Fleming of Southbury
was accepted by the defense without question, but the state also
challenged him. When questioned by Alcorn he said that he is a farmer, former selectman and former justice of the peace. He knows Mayor Hayes, having attended Democratic conventions at Eastern Point. He also knows Daniel J. Leary, having seen him at Southbury.

Henry Cooper, 73, of Seymour was accepted by the state, but the de-

After the Ball Is Over on Stroke of 12, Back at Home, Cinder Girl Again

gorgeous gown, coach, horses and coachman, Cinderella was all set to go to the Prince's ball. But her Fairy Godmother warned her that she must leave on the stroke idnight, or she would be returned to rags, her coach will be a pumpkin, her horses little mice and her coachman a rat. Cinderella promised. Then away she went. And at the ball, guess who first invites her to dance—little Emilie Dionne, the Prince. They float onto the floor in a minute and Cinderella's stepsisters look on with envy

It is seventh Heaven to Cinderella. She enjoys at least a dozen dances in a row with the Prince. He is thrilled by her charm and beauty. And she is enchanted. It is all like a dream . . . so much so that Cinderella forgets all about the time. Suddenly a clock begins to chime the hour of midnight. Cinderella is terrified! She rushes down a winding stairway. losing one of her glass slippers in her flight. The Prince is mystified and, as she disappears, picks up the dainty little slipper.

Cinderella runs all the way home, as fast as she possibly can, and the moment she steps into her house she once again becomes the little cinder girl, dressed in rags. Before her are the mice, the rat and the big pumpkin. She almost cries, to think that such a wonderful time had to come to so sudden and tragic an end. Of course, she has no way of knowing that the Prince, when he picked up her slipper, vowed he would marry the person who owned it. But how will the Prince ever find Cinderella?

Francis Donahue To Be Tendered Dinner he was known to countless Water-burians, exemplified all that was necessarily embodies in a gentleman-

Paging Mr. Bane!

Radio Officials, Fans Want More Information on 1938's Outstanding Personalities.

Radio announcers, commentators, orchestra leaders, actors and others have joined forces with a number of radio fans in an effort to learn who is one Joseph Bane, who has been presented to the public as secretary of the Con-necticut League for Improvement of Radio. His address was given as New Haven, but he remains a stranger in his own home town as far as interested officials have been able to ascertain. The league is a myth as far as other investigators are concerned and the orchids it showered upon well known radio "personalities" are

So unless someone can find Mr. Bane and establish the status of the Connecticut League for the Improvement of Radio, the impression will grow that some pulled an Orson Welles on the radio, as well as the reading pub-

The league cited the outstanding radio station of the state for "public service," proclaimed the best announcer, the best actor, the best commentator, etc. Among the laurels distributed were th to Station WTHT of the Hartford Times for outstanding service during the hurricane and flood excitement; Guy Hedland of WTIC as the best actor, Edward Ryan of Station WATR as the "outstanding" political commentator, E. Christy Erk of Station WBRY as the second best news

commentator, etc.
Some of the "outstanding personalities" took bows on the announcements. Some took them seriously. Some took them with a smile. Others suspected a hoax. The first publication of the honors appeared in a Hartford paper, later Waterbury and in other communities, but the question re-mains, "Who is Mr. Bane? Who, What and Where is the Connecticut League for the Improvement of Radio?" Unless someone steps forward and claims credit or responsibility of the state-wide "poll" will not be recorded by radio editors as an official summary of 1938's outste or personalities. And won't some faces be red!

Czechoslovak frontier officials re-fused to permit the refugees to remain in Czechoslovakia, even one who served in the Czechoslovak army during the September mo-bilization

Thus all were compelled to camp without shelter in the field. Finally police escorted the men-folk to the frontier near the place where their women folk were camp-

Ultimately friends rented a motor truck and canvas covers from which the refugees erected a crude tent approximately 500 feet long over the road where they are living until somebody, somewhere, grants them permanent shelter.

NEWSPAPERMAN ANSWERED DIES

(Continued from Page 1)

Frank Murphy of Michigan to settle automobile sit-down strikes last year. He denied that he was an administration spokesman and asserted that he did not know until after Dies had made his charges that Charles Michelson, publicity director of the Democratic national committee, had arranged for his broadcast.

Dies did not mention Anderson He also refrained from directly criticizing President Roosevelt's formal statement rebuking the committee

last week. He said, however:
"If the president is displease with the way in which the investigation has been conducted, why hasn't he or his department heads furnished us with investigators, lawyers and clerical assistants?"

According to Dies the senate civil liberties committee assigned two men to assist his committee, but they were refused because, he said, he believed the men were assigned to "sabotage the investigation." Protecton of Nation

Dies said that the "preservation of Americanism and the protection of this country against the infiltration of alien influences and philosophies" must be placed above "partisanship and political expediency."

"America is the last bulwark of freedom," he said, "and with all my the man who owns the heart I believe that if we are to store on the premises. prove an exception ot the tragic fate of all other republics we must was Rosa Winter, widow of Bern-hard Winter, an American citizen. and combat the insidious forces that are tirelessly at work to destroy the American system and substitute in its stead some alien form of dictatorship.

He gave no indication that he would alter his plan to complete hearings within the next three weeks, despite such a request by one member of the committee. He has stretch in another of his great insisted that he would continue "undeterred and unafraid."

Anderson Attacks With only a station identification announcement intervening, Anderson began a critical account of the committee. He described the investigation as "slip-shod and shocking-

onable doubt. It is a question that

By NEA Service

Scarcely a state is without its old-age pension roposal at the November elections, and the sudden prush of new plans makes a map of the country a saic of "More and more, oftener and oftener."

Most striking, because it is an initiative law with good chance of passing, is the California "\$30 Every Thursday" proposal. But so apt a phrase was bound to take on, and variations of this plan have been agitated in Florida, Louisiana, Maine, Ohio, Oklahoma, Wisconsin, Pennsylvania, and Tennessee. A Kansas variant asks "\$25 Every Tuesday," at federal expense. There is a Pennsylvania plan to step up the \$30 to \$60 after 60.

Another initiative will be voted on in Arkansas providing \$50 a month for everyone over 60, and the same thing has been less formally proposed in Minnesota. Missouri also has an initiative proposal which would give between \$18 and \$36 a month to single, \$25 to \$50

More modest are Illinois, Texas and Kansas, with proposals for \$30 a month for all over 65, to which the

Massachusetts proposal of \$40 a month for all above 60 is roughly equivalent. The primary-defeated William Langer of North Dakota, who is trying to get back as an independent with such a plan there.

A \$100 a month plan just missed getting on the ballot in Washington. Only court action kept a \$100 a

month plan off the ballot in Oklahoma. The old Townsend plan throbs with new life, in Florida, Oregon, New Hampshire and Idaho. In Florida and Oregon the \$200 monthly demand has been cut to \$100. Representatives pledged to the Townsend plan are almost sure to be elected from these and other states

Mississippi candidates want the federal government to put up \$15 a month for pensions regardless of whether the state matches it or not. Now the federal government puts up any amount up to \$15 which the

In only one state is a backward step proposed. Colorado, which got far in the lead with a \$45 a month pension, is voting on a repealer, as it has not been able to raise the money.

"Will Seabiscuit make a run for it from the start, or lay off the pace and make his bid in the back-stretch?" "Has the Biscuit enough early

foot to keep the Admiral from runing away from him?" "What about the jockeys? Charley Kurtsinger, who'll be up on "Some of the most fantastic yarns War Admiral, as good as Georgie

There were hundreds of answers. Some thought that War Admiral, to discover whether the witnesses winner of 18 of his 22 races, was are credible of responsible, or whether they are actuated by ulterior motives," Anderson said.

He said that "serious accusations" the Admiral's heart by staying with

The truth is, there was no knowspies testify hour after hour."

Referring to Mr. Roosevelt's charge that the committee had permitted itself to be used to influence Governor Murphy's re-election, Anderson said that although one witness had accused the governor of the spiece of the spie treason and another had called him mile as though he could pick up a tool of the communists, "none of these accusations were supported by track record. The Biscuit will an anuthing assent the broader and th anything except the bare statements swer the bugle's call in his best "T don't think anyone who studied Admiral, on the word of George

no excuses if beaten.

The track is perfect. The agreement between Charlie Howard and Samuel Riddle, owners of Seabiscuit and War Admiral, respectively, called for a fast track. It will be that and ware. Bethed by the warm that and more. Bathed by the warm sun and swept by gentle winds, the ancient strip is without a flaw, and it is an even money bet that one or the other of the rivals will crack the mile and three-sixteenths record of 1:56 4-5 established by Pompoon early this year. Each will carry 120 pounds today—feathers for them, because they are accustomed to 130 pounds or more, the weight necessary to make a race of it with inferior borses.

War Admiral will run the same race he ran on his first appearance as a two year old. With the ring of the bell (it will be a walk up start today, incidentally) Kurtsinger will give the Admiral his head and let him fly. Hot off the mark, the Admiral likes to wing it right quick and pound into the turn with a substantial lead. No one knows what Seabiscuit will

That is, no one save his stable. The chances are, however, that he will try to match strides with his rival from the start, and see how the "mighty mite" reacts when he is unable to put daylight between himself and a challenger. Seabiscuit normally is a slow starter, reserving his move for the late stages of the race. But hanging back is considered fatal in a two-horse

Early foot being equal, the race will boil down to stamina and courage, with the gamest animal winning: No coward will win today, that's sure.

BROCKTON GAS STRIKE MAY END

Brockton, Mass., Nov. 1—(UP)— State labor authorities, at Governor Hurley's request, today invited union leaders and company officials into conference, hoping to speed settlement of a strike which threatened to cut off the gas supply to 23,000

homes in 22 communities.

The state arbitration board summoned representatives of both sides

and found that a lamp-type cord being run the approximate 50 feet from the house to the barn. The inspector said that he would not approve turning on of current necessary to operation of the two voting machines now in the barn unless the work of wiring conformed to ordinance and was done by a licensed contractor.

Barn Is Fire Hazard At the same time, Fire Marshal Den Lahey, after inspection of the premises, said that the barn constituted a fire hazard and that he would prohibit smoking there election day; also, that the lanterns hung in the quarters of "The Ritz the meeting place of neighborhood boys where now the voters of the section will cast their ballots next Tuesday, might not be lighted during the hours of voting.

Inspector O'Rourke ordered the emporary wiring removed and Mr.

at the aldermanic meeting when the Republican majority approved the renting of certain polling places. for refusing to renew only one lithe renting of certain polling places, eliminating O'Donnell's hall, a voting landmark. At that time the raised and the Republican leaders declared that the barn was heated and equipped with lights. So far as the heating is concerned, inspec-tion of the barn showed an oldtype stove which the fire marshal is expected to list under his recould strictions on election day, inasmuch have avoided the trouble that led as he has cited the fire hazard but to McCann's arrest. would not take issue with the alder-

Most of the polling places, how-ever, are in public buildings, schools and fire houses, the list submitted by Griffenhagen & Associates and approved by the finance and aldermanic boards. In this connection, it was cited that the Overlook Drug company store's situation on elec-tion day would be not very dif-ferent from that at a fire house where the firemen would be fre-quenting the polls although an or-dinance forbids hangers-on within

LAST WAR VETERAN not McCann been first arrested. He North Andover, Mass., Nov. 1ordered that the charges against (UP)—Commander George W. Ton-ne, 93 last surviving Civil War veteran of Greater Lawrence, died as a deputy sheriff. Libby comat his home of bronchial pneumonia plained that when the sheriff came early today after a week's illness. He is survived by three sons and to serve a writ he threatened him two daughters.

honorary leadership of the "League
of Interplanetary Defense" was offered by Princeton university stu-dents today to Orson Welles, 23-year

old actor and producer who wrote the scirpt and played the most hair-raising role in Sunday night's radio dramatization of "War of the Worlds". The "league" congratulated Welles on "your successful demonstration of the mass hysteria which would be aroused by an invasion from Mars," and asked: "Will you accept honorary leadership of an organiza tion to provide adequate defense against such an eventuality and to

reconcile the warring nations of the world in the face of this common danger? A resolution by the league recom-mended "an embargo on all martial music, an investigation of interplan-etary spy activities by the Federal Bureau of Investigation, and that the United States be criss-cross with maginot lines to insure safety

from without."
Boston, Nov. 1.—(UP)—The man on the street "isn't dumb" because he doesn't know the difference between a radio program and a Martian invasion, he's just suffering from "American jitters," a Boston university psychologist said to-

Professor Wayland F. Vaughan said the panic resulting from Sunday night's broadcast was not caused by "unintelligence" but rather by "the general strain of these years of economic stress and felling of insecurity".

He said recent war talk and pictures of war bombings "creating just the state of mind for such a panic," but that "it couldn't have happened in 1928."

HUGE NAVY BLIMP SOARS OVER TOWN

Lieut. Raymond F. Tyler of U. S.
N., Middlebury, flight officer at the
Lakehurst, N. J., airport, was in
command of the navat blimp, K-1,
which soared over this area today.
Two aunts, Miss Mary Tyler and
Mrs. James Tyler of Middlebury, reported that he dipped the ship inItaly and Gern ported that he dipped the ship in salute over their houses.

POLLING ZONES ARE ADVERTISED

Places Chosen By Republican Aldermen Are

Adopted as Sites

The polling places selected by the Republican aldermen were advertised today as the sites to be used on election day. City Clerk John P. Fitzmaurice has compiled with the statute that makes compulsory such publication of the polling sites six days before election day.

Thus, the Overlook Drug company's store, at 707 Cooke street, corner of Leffingwell avenue, District 2-6, will be used unless some further complication arises as to the owner doing business on election day. The machines will have to be returned from the Mary Abbott school.

Barn to Be Used

Attorney McGrath Speaks

When the case was called, Attorney Thomas McGrath, counsel for Libby, ask d for permission to address the court. He recommended that Judge Mascolo disqualify himself and have the case heard by another judge. As his reasons Attorney McGrath advanced two, first that the judge's firm had represented at one time a Mrs. Macary, who brought a civil action against Libby, and secondly, that Attorney John Cassidy had made statements prejudicial to Libby before the judge at statement by Attorney Cassidy about him was "malicious".

How Film Depicted Terror Of a Martian Invasion

Reality caught up with and surpassed art when the fictional panic pictured above became a thousand-fold fact through the entire United States. The photo is a scene from the movie version of H. G. Wells' "Things to Come." It shows a street scene in a city being destroyed by a "machine from Mars." When the Orson Welles' Mercury Theater of the Air broadcast "War of the Worlds," another Wells fantasy of an attack by Martians, thousands of listeners thought the horrors in the play were actually happening. In a hysteria of fear, they sought safety in flight, and many were injured. Some sought to fight the "invaders," some tried suicide, while hundreds crowded churches to pray for aid against the "monsters." The broadcast that caused a tidal wave of terror to sweep the country is being investigated by the Federal Communications Commission.

TAXES EXCELS Left Humorous Finale

This Year: Amount Ahead of Last Year

Preliminary report of tax collections for the second half of the year due during October, was made today Tax Collector William A. Ennis and showed that an approximate \$4,400,000 has been paid in to the city so far this year. This sum does not include a considerable amount expected in the mail which is being checked today and for the next week or ten days. The \$4,400,000 represents about 85 per cent of the estimated receipts in the 1938 budget. or \$5,177,000. With accounting of the mail returns, it is anticipated that more than \$100,000 will be added to

this total within the next few days Ahead of Last Year Comparatively, collections are ahead of last year. The amount totaled at the close of business last night compares favorably with the \$4,367,000 collected up to the close of business the last day of October,

Officials estimated that improved business conditions are reflected in the second installment returns, inasmuch as collections last year were made during the period preponder-antly before the sudden business re-cession of last fall. Collections for cession of last fall. Collections for the first half, due May 30, amounted to \$3,068,000, somewhat lower than the amount collected by the same date in 1937.

Shoes That Need Filling

Practically all the papers have had a stab at digging up a sub for Will Rogers, but Will was an observer that couldn't be copied. The stuff he had to say came from the heart and brain, not from the back files. The imitators have had the same heartbreaking chore trying to fill the late Kin Hubbard's daily homespinning.

Ring Lardner's biting nonsense is desperately missed from the mags and dailies. What a romp he would have had with the recent World Series—which was a meeting of New York and Chicago businessmen cutting up a dividend.

Newspaper commentators are multiplying like rabbits, but none of them is even close to the pace set by the late Arthur Brisbane. The best known, and most widely read, of the topickers, A. B. seemingly had a "feel" that's locked in his grave with him

A pair of author encouragers like the Mencken-Nathan combo of the Smart Set and early Mercury days. Plenty of today's literary biggies would be covering night police in the corn belt if it hadn't been for the two bad boys of the mags.

Not since Burton Rascoe was picking fights and telling off his foes have the book sections had any excitement. We have herds of good book reviewers, but Burton was better.

There is no page one B'way lawyer at the moment. The late Nathan Burkan was probably the ablest of them, but for sheer show-manship the model will always be Bill Fallon—in the days before

Aviation, which is the profession of dare-devils, hasn't a single wild man. Corrigan, like Lindbergh, went capitalist after one spurt. And the Washington pedagogus have taken the wings off the rest of the interesting ones, notably Bert Acosta.

There were plenty of harum-scarums in vaudeville, but the front office outlawed them long before that brand of entertainment was Siberia'd. Jimmy Duffy, of Duffy and Sweeney, was the outstanding katzenjammer kid of the two-a-day, and the late Bert Fitzgibbons were out many an executive office carpet just standing on them taking punishment. But what entertainers!

Washington would be a livelier spot if they had some expert, pre-ferably femme, to yank the whiskers of the statesmen every fortnight or oftener. Alice Roosevelt Longworth, before widowhood made her sedate, was the fastest rapier-wielder down there for years. Her ad libs used to scare some of the presidents.

None of today's drama guessers (all of whom are lovely chaps) carries the wallop that Aleck Woollcott put in his pieces for the Times, Sun, Herald and A. M. World. He could slam with both fists, but when he liked he liked with both lungs and all his writing

Pardon us for interrupting this column-but when we heard of the reaction to the Orson Welles broadcast Sunday night, we demanded permission to announce on our broadcast that there was no cause for alarm. NBC feared embarrassing its rival network. Neither had ever before put the spotlight on the other's faux-pac... Instead of being humiliated or embarrassed, the Columbia Broadcasting System telephoned its competitor and said: "Thank you very And thanks to Winchell, too, for helping us comfort the confused"...But too many people listen too fast .. For trying to comfort the worried, we wound up with a black eye ... After announcing twice: "Ladies and Gentlemen, there was no catastrophe anywhere in New Jersey-as you may have heard tonight!" the NBC switchboard became clogged with countless callers inquiring: Where was that catastrophe Winchell just mentioned?"

Come to think of it, there's no outstanding ball of fire down in Union Square. The Browders and the Stracheys and other leftist reporthpieces give out with "ideology" and "self-determinism," but leaven't any bonfire-builders like Emma Goldman and Jack Reed.

There would be less tearing of hair among the night spot bosses if they could include a few honest Coal Oil Johnnies on their sucker lists. Jack Kearns, when he had it, was a fast champagne-opener, and C. C. Pyle was never outfumbled for a marker. But today's so-called spenders want an aspirin served with the check

Max Baer mightn't be such a world-beater with his fists, but his for any of today's top bruisers. Most of the champs are bores in print—which may be the reason Jack Doyle (who can't fight) can take the sports pages away from them every time ne feels silly

Unless you study the hoss papers, the chance are you don't know one jockey from the other—and which are the aces and which the punks. Tod Sloan never left any doubt as to where he stood. He was one of the flashy boys of his time-and even had a way with him in

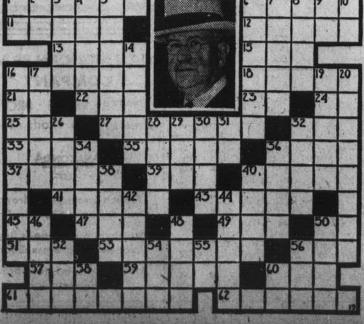

Belasco, who was more of an actor than anybody who ever worked for him, left a niche that promises to be empty for a long time. Toward his end some of the fresher critics began sharpshooting at his didoes, but he always had things his own way on his first nights-and even his chiders were glad to go to them. And he was

Murder is in need of a good champion, too, now that Edmund Pearson is dead. All the crime mags now swamping the newsstands are mediocre compared with his chatty, witty and highly absorbing tales of our felonies. In fact, a murder never got important until Pearson gave it a going over.

It's a long time since O. Henry died, but all the bright historians have flopped in their efforts to dislodge him as Manhattan's top interpreter. A recent book revealed that readers in other lands still picture N. Y. as he wrote about it—which shows how far ahead of his would-be replacers he keeps.

School Department to Conclude Current Year Within Budgetary Appropriations Announces Dr. Condon at Board Meeting Communications of commendation Supt. of Schools Thomas C. Condon reported at a meeting of the board from board of education yesterday that the following organizations, in approval of the board's stand on the

mless something unforeseen occurs, to complete the present year within to complete the present year within the budgetary limitations as set up Hill Community club; Central Labor by the board of finance last Jan-uary.

Union and Department of Elemen-ary School Principals of the National Comment on budget conditions was Education association. All inspired by comparison of the school placed on file.

Cities Selected By

statistics as presented by Griffenhagen & Associates, and those pre-pared by the National Education as-

NEA Vs. Griffenhagen The board accepted unanimously the opinion expressed by Dr. Condon that the basis of comparison used by Griffenhagen was "very narrow" and that of the National Education association figures were

Dr. Condon pointed out that onehalf of the cities cited by Griffenhagen were in the mid-west. This area, according to the Griffenhagen report itself, is noted for its belowaverage salaries. Other cities used by Griffenhagen for comparison are in the textile districts, "and you know how hard hit they are," was

Dr. Condon's commentary.

The Griffenhagen figures were presented with the recommendation to the board of finance that severe economy measures be put into im-mediate effect. Teachers and principals of the schools are countering the Griffenhagen report with figures from the National Education asso-

missioner John J. Kearney, Dr. Condon stated that he did not believe that the Griffenhagen figures had been "juggled," but that the cities selected for comparison were not comparable to Waterbury "from an educational standpoint.'

Commissioner Kearney asked Dr Condon to report on a recent meeting which he attended with the budget committee of the board of finance, and which at that time was presumed to be directly connected with the 1939 budget. Dr. Condon assured the members that no mention of economy or the 1939 budget was made, but that the meeting was for the purpose of discussing the current year's expenses. It was at this time that Dr. Condon reported that school department would not overexpend its budget for the current

200 USE LOBBY VOTING MACHINE

Demonstrator Is Looked by basketball, a sport which he was actively engaged in both at school Over By Thousands in City Hall

Although the voting machine in city hall lobby has been available as demonstrator during the time of making new voters and some time since, only slightly more than 200 persons have "voted", the public counter on the machine's side indi-

Strange questions regarding manpulation of the numerous "buttons" on the machine have been asked of the demonstrators. Evidence of the interest in certain candidates has been remarked when some of the new voters took their

lesson in pulling the levers and registering their "vote". But only about 200 persons have Helen Haddad. 'voted" during the several days the demonstrators were on duty. Pos-sibly several thousand persons have looked over the machine—and care-

fully. But these, it appeared, knew how to "vote". There are seven ballots on the machines this year but some of the parties, notably the Union, Socialist and Socialist Labor parties have filled only partial tickets. The Socialist ticket, however, in-

cludes this year a candidate for senator in the 16th district, Franklin D. Barringer, which was not the case last election.

THREATS OF RAIL STRIKE VANISHES

Executives of Railways Are Said to Have Abandoned Wage Cuts

apparent that rail executives would abandon their demands for a 15 per cent wage cut in return for a diminishing support of broad rail aid legislation. Management leaders rushed plans for settling finally the controversy with their 960,000 workers. Presidents of the 139 Class I railroads were summoned to a specific organ that is out of order and givenge trouble. That is why Vendol quickly relieves so many aliments caused by constipation that makes the sufferer think he has a bad liver, deranged kidneys, rheumatism and a dozen other things.

From the scores of people all over railroads were summoned to a spe-cial meeting in Chicago at 10 a. m. Friday to decide whether to abandon the pay cut fight. It was indicated unofficially that they would do so in order that work may begin at once on a joint management-labor program for rehabilitation which President Roosevelt's administration

Couldn't Find A Thing To Help Stomach Until He Took Vendol

Vendol Is the New Root, Herb and | Alkaline Medicine Now Being Introduced Here, That Quickly Re-lieves Nervous Indigestion, Gas in the Stomach, Dizziness, and Other Disorders Due to Constipation.

Every man and woman suffering with troubles in the stomach due to constipation, should visit the Vendol Man at Apothecaries Hall Co. and learn about this great compound. Vendol actually contains double the quantity of medicine usually found Washington, Nov. 1—(UP)—Possibilities of a nationwide railroad strike diminished today as it became stomach where it is delivered to the

From the scores of people all over this section who have taken Vendol and received quick results, and high-ly praise it, we print the following nmendation from Mr. Frank Chandler, a well known Building Contractor, who lives at 64 Hartford Ave., Middletown, Conn. He says:

President Roosevelt's administration will support in the next congress.

These considerations were said to be pushing the rail executives to be pushing the rail executives to ward a cancellation of the pay cut notice, effective Dec. 1:

1. The adverse report of Mr. Roosevelt's emergency fact-finding board which held the wage reduction proposal unjustified.

2. The threat of rail labor unions to stage a national strike if the cut is made effective.

3. Mr. Roosevelt's offer to support constructive rail legislative proposals in the next congress.

"I used to be so restless and nervecture to sleep, but it was a raing battle and as a result I'd get up in the morning just about as tired as when I went to bed. Forgotten Money!

Savings of Numerous Depositors Remain Forgotten After Thirty Years

More than 350 savings accounts, all over 30 years old, remain unclaimed by New Haven county residents, State Treasurer Guy B. Holt announced today. The official list of unclaimed deposits is published in full elsewhere in to-

night's Democrat. Any claims for the deposits should be made to Mr. Holt at the State Capitol, Hartford, Otherclaims for the deposits wise the unclaimed deposits, under the law, are turned over to the state treasury.

The unclaimed sums range from a few pennies to \$1,427.21. This last unclaimed deposit is in the name of John or Anna Cava-

Other unclaimed deposits, in many cases, amount to several hundred dollars or more, All the accounts have been inactive for 30 years or more, and each bank in the state has submitted its annual list to the state treasurer. The list published today includes unclaimed deposits only of persons in New Haven county.

Studying Abroad

The Institute of International Education today announced that two of the 34 Americans who have been awarded exchange fellowships are Waterburians: Martin Tierney and Nicolina L.

Flammia.
Mr. Tierney, of Middlebury college, will study at Technische Hochschule, Stuttgart, Germany. Miss Flammia, who has done graduate work at the University of Chicago and the Institute of Art and Archeology in Paris, will study at Siena, Italv.

"Try Outs"

The second Civic Theater play of the season, "Stage Door," will afford many parts for local actors. Tryouts will be held this evening at 7:30 at headquarters on Prospect street. James Furness, who directed the plays previously will be in charge again. Of the thirty-two roles in the play, 18 are women's parts, so there will be plenty of opportunity for ambitious actresses to have a try for a

"Stage Door", it is announced by President William W. Vos-burgh, Jr., will be presented early in December.

GERMAN PROMOTIONS

Berlin, Nov. 1-(UP)-Gen. Wilhelm Keitel, chief of the high comrmand of the armed forces, was promoted to the rank of general-colonel today. Announcement of the promotion came after a shake-up vesterday in which it was announced that Adolf Hitler had retired Gen.-Ludwig Beck as chief of staff at Beck's request and appointed General Franz Halder, of the artillery, to succeed him.

All's Well ...

Settlement was reported today in the \$500 civil action by David L. Condon of Southbury against Isabel Cunningham of New York and Southbury. No terms were revealed, but withdrawal papers were filed. Non-payment of a grocery bill was the basis of litigation.

New Firm

Organization papers have been filed with the secretary of state at Hartford by the Unique Tool Corp. of Waterbury. The firm reports a total paid of \$25,-000, with \$1,000 in cash and

924,000 in property.
Officers are Frank Grabell, of Rochester, N. Y., president; Edgar Gravell, Milford, vice-president; Ernest Bowman, Waterbury, treasurer; Niel M. Andrews, Danbury, secretary.

HOLC Sues

Damages of \$400 are sought in a common pleas court action filed today by the HOLC against Leonard Murphy and the Water-bury Credit Rating Bureau, Inc. Non-payment of rent for property at 52 Welles street from January to October, 1938, is alleged. The Credit Rating Bureau is said to have \$270 which was paid by Murphy, but refuses to surrender it to the HOLC.

Compensations

Martin Flaherty of 24 Fuller street today received an award of \$428.61 from the Scovill Mfg. Co., as compensation for 25 per cent loss of function of his left leg below the knee. Compensa-tion Commissioner James M. Lynch approved the settlement. which provides payments at the rate of \$10.99 for 39 weeks.

The Standard Heating Com pany agreed today to pay \$12 weekly to John E. Camp of New Haven during the period of his disability caused by an in-jured right foot, beginning Oc-tober 21.

MARS IN ACTION

(Newspaper Headline: Invasion from Mars on Radio Terrifies Listeners)

The man in the moon Came down from amid the stars, But that wasn't a patch On the invasion from Mars.

The man in the moon For Norwich was looking, But the attack from Mars Had a New Jersey booking.

A world come to grief, So the news passed along, While just a minute before One listened to a song.

Beware the Martian hordes, Ring the warning bells! What a surprise it must have been To Mr. Orson Welles.

The man in the moon Way up among the stars, At the invasion from Mars.

Old favorites best. . . . A survey of given Christian names in Scotland by the Registrar General reveals that today as 80 years ago the favorites remain John, James, and William. The ranking in the last century showed them this way-John, James, William, Alexander, Robert, George, David, Thomas, and Andrew. . . . Today they rank-John, James, William, Robert, Alexander, George, Thomas and David in that order. . . . A newcomer also is noted in Ian which holds 10th place. . . . Patrick, Alistair, Gordon, Douglas, and Michael also place in the 1938 list, but weren't mentioned in 1860. . . . Clan names like Colin, Roderick, Dugald, and Lachlan have almost disappeared. . . . Among the girls it's Margaret, Mary, and Elizabeth today just as it was in 1860. Catherine has moved Annie out of fourth place, though. . . . In the surnames the ranking shows Smith, Mac-

Tossed up by the tides. . . . Pat Mango and his bride have returned from Bermuda where they enjoyed a happy honeymoon. . . . A wag pinned a banner on Gov. Wilbur L. Cross' big automobile when it was parked in front of Russian Hall Sunday afternoon. On it were the words-!!Beat Yale, Deah, Deah!! . . . Jack Whiston needed all the energy and patience of three "coppers" late Saturday afternoon when he had to untangle that traffic snarl along South Main street. He did the job nicely. . . . Geneveve Pepe thoroughly enjoyed the Yale-Michigan football classic a week ago Saturday and also the fact that she was sitting next to Mary Pickford who week-ended in this vicinity. . . . Several Waterburians were in attendance at the smoker conducted by the Rev. James McGrath for St. Donato's church in New Haven recently. Father McGrath, a

Donald, and Brown far ahead of the pack. . . .

Down the industrial trail. . . . Or looking through Connecticut Industry, monthly publication of the Manufacturers' Association of Connecticut, Inc. . . . Claude Vollmayer's connection with the Hartford Chamber of Commerce is recorded in the October issue, as is that of "Ted" Buell, former WPA publicity man and wellknown in Connecticut newspaper circles. . . . Connecticut gets a baseball manufacturing concern, the Tober Baseball Manufacturing Company leasing quarters from the Cheney Mills in Manchester. . . . George H. Wilcox, dean of the U. S. silverware industry and chairman of the Board of the International Silver Company, observed his 82nd birthday this past summer. . . . Stanley Tools of New Britain offers a 2-in-1 tool, a standard tip, six-inch blade screw driver with a jack-knife in the handle. . . . The 1939 edition of the New England Directory of Manufacturers is now off the press and answers all questions as who makes what and where. . . The old Parker Gun shop in Meriden, famed for turning out rifles during the Civil War, has been acquired by the International Silver Company.

Dave Bartolini, Jim Dougherty, Francis McNiff and Ken Muccino are the only Waterburians in the freshman class at Washington College this year. . . . Rosalind Russell sacrifices her famous chic and smartness for the sake of characterization in her latest picture, "The Citadel". . . . Harold P. White and Attor-ney William Gager are docketed for talks at Davenport Hall Friday night which should be a wonderful opportunity for all to understand more fully about the City Manager Plan, the Merit System and the Tax Payer's

Claustrophobia. . . . It's just as bad as it sounds and heaven help the poor individual who becomes afflicted with this type of mental illness. Maybe you have it and don't know it by that name. . . . At any rate you almost go nuts when you are forced into the back seat of a car and three or more persons crowd in around and on you, and you find yourself wedged in. . . . Or maybe it's a small room in which you find yourself. . . The fear of being closed in produces weird sensations in the minds of many people - a frantic desire to get out in the open. ... That's claustrophobia and the derivation from Latin and Greek words is quite simple. A "phobia" is a fear, while "claustra" is the root of cloister or enclosure. ... It sounds all so silly, but is very definitely a recognized disease of the mind in medical circles. And if you don't believe us out in Salinas, Calif., recently a court placed a physician on probation on his plea that he suffered from claustrophobia and if imprisoned would be subjected to extreme torture and perhaps his physical existence threatened. . . . The judge ruled the imprisonment hazardous and put him on probation.

James Cimaglio, editor-in-chief, and Margaret Ricci, associate editor, honor me with a copy of the first issue of the Leavenworth High School paper, "Tech-O-Scope", published monthly by the students. It really is a paper in whose columns no student is a stranger. Everything a pupil should be interested in is contained in the four-page issue supervised by Earl H. Blanchard of the faculty. I'm indebted to Jim and Peg for remembering the Tower and trust they put me on their permanent mailing list.

Urges Revision | BEHIND THE SCENES IN WASHINGTON

Democratic Senate Nominees Hard-Pressed In Grain Belt

G. O. P. Sees Victories In Kansas. Iowa

By RODNEY DUTCHER Waterbury Democrat Washington

Washington. Nov. 1.-In the most populous states Republican can-didates usually are strongest in rural districts and Democratic candidates in the biggest cities.

That has been increasingly true since President Roosevelt began aiming his appeal at the "lower one-third" the workers and the relief families, and the phen ns even more accentuated than ever in senatorial contests this year when prices of farm products are at ow levels despite several years of New Deal farm programs.

In New York state Republican candidates usually do well outside New York City. They "come down to the Bronx," as District Attor-ney Dewey will, with majorities running into hundreds of thou-sands of votes, only to be beaten at least in recent elections year— by overwhelming New York City

In Ohio Senator Bulkley mus depend on Cleveland for a big majority if he is to beat Robert Taft, who will clean up in the rest

of the state. The Democratic ticket in Pennsylvania seems sure of defeat if it can't carry Philadelphia and Pitts-

in New Jersey if Mayor Hague does not provide a huge Democratic majority in Jersey City. And in Illinois Republicans pre-sumably will "come up to Cook County," meaning Chicago, with a big downstate margin. CALIFORNIA

BIG FIGHT IN

Former Senator Barbour will win

In Illinois Congressman Scott Lucas, conservative Democrat backed in the primary by Governor Horner, is widely expected to beat State Senator Richard J. Lyons unless he is knifed by Chicago's Kelly-Nash machine. Lyons is a good campaigner, however, has been hitting on all fronts and is striding downstate.

In California, where the "ham and eggs" pension plan espoused by Democratic candidates looms large as an issue, liberals and labor groups support Sheridan Downey, who beat McAdoo in the primaries and new faces Republican Philip Bancroft. Bancroft capitalizes on anti-CIO

sentiment in the state and is backed rigorously by Herbert Hoover. "Ham and Eggs" may elect Downey or de-

Although the administration backed Senator Ryan Duffy in Wisconsin after the LaFollette organization TO HOLD FIESTA refused to accept him, most prophets think Duffy will be beaten by elderly Lieut.-Gov. Herman Ekern, Progressive, or Alexander Wiley, Re publican. Duffy vigorously defends the New Deal. But there's no grea Democratic voting strength in Wis-

Former Senator Lester J. Dickinson of Iowa was beaten by only 36,000; in 1936 and is whaling away at the New Deal like the good Hoover pal he is, hoping to beat Senator Guy Gillette. He has a good chance, Republicans say, but isn't one of their best bets.

Many Republicans like Gillette because he opposed to Court plan. Secretary Wallace recently went to the state to praise Gillette and lamhaste Dickinson Senator McGill of Kansas is co

author of the present farm bill and probably wishes he wasn't. Kansas is a die-hard Republican state, Mc-Gill isn't a strong candidate and wheat prices are very low. The victor is likely to be former Governor Clyde M. Reed, political foe of Alf Landon and National Chairman John Hamilton.

Democarts insist Senator Brown of New Hampshire is "in," but Re-publicans think his opponent, Congressman Charles W. Tobey, former governor and strong can-didate, is one of their best hopes. In Utah, where the Mormon

Church violently opposes the New Deal, President Franklin S. Harris of Brigham Young university is the Republican candidate against Senator Elbert D. Thomas, scholarly civil liberties committee. VAN NUYS

SAFE BET

Senator Fred Van Nuys is a safe bet in Indiana, although embarpose graft in the McNutt-Townsend Democratic machine before the

Senator Millard Tydings of Maryland, who wasn't "purged," probably will defeat his Republican opponent.

Former Senator Tasker L. Oddie, Republican, may beat anti-New Deal Senator Pat McCarran in Nevada, but most guessers say not.
In Colorado Senator Alva Adams
has been considered safe, although
Republicans hope he may be on Thursday evenings for basketball Republicans hope he may be dragged down by the weaker can-didacy of his running mate, Gover-

CHURCH OBSERVES ALL SAINTS' DAY

Services tonight will close the observance of All Saints' day, celebrated today by local Catholics. Extra masses were offered in all Catholic churches this morning. Tomorrow Catholics will mark All Souls' day. Masses for departed friends and relatives of parishioners will be offered in all churches. The novena for the Holy Souls which began at the Church of the Immaculate Conception, will be ended with a service tomorrow night at 7:30. The Papal Benedic-tion will be given. The First Priday of the month will be observed on Friday with the usual services.

Mandamus Asked For Hugh M. Alcorn To Force Him To Show Grand Jury Minutes

Action by mandamus to force Special Prosecutor Hugh M. Alcorn to reveal the secrets of the minutes of the Waterbury extraordinary grand jury to the 27 accused of conspiracy to defraud the city, may be instituted within the week in the superior court here.

Informed sources stated today that counsel for the defense have considered the plan, as an independent action to provide the accused with the benefits of the grand jury's minutes, such as have been provided the defendants of the Merritt Parkway probe.

It is their contention that should the superior court deny the mandamus, an appeal to the supreme court would be proper procedure, inasmuch as the superior court's decision would be final. When the supreme court heard the last appeal from the refusal of Judge Ernest A. Inglis to allow the inspection, it refused to act, on the ground that Judge Inglis' ruling was not final.

Defense counsel'declined to comment today on the question, but did not deny the possibility of institution of such action.

Three Liquor Dealers Deprived Of

George F. Mulligan, Philip Becker and Hubert C. Keenan Must Quit Business—Only Recourse Is Appeal to Supreme Court

to Be Changed

Ruling of the superior court at Hartford late yesterday on the apolication of various of the political parties whose candidates' names were not placed on the ballots issued by the secretary of state's office, today threw the mechanics of election into chaos in 127 towns of the

In Waterbury, where Custodian Harry Leary and his assistants had placed the ballots in 36 of the 64 machines to be used next Tuesday, all-night work for the time remain-

Complaint upheld by the court as that numerous of the Socialist, Union, Socialist Labor and Communist party candidates' names had not been placed on the ballots. Additionally, there will be a change of position of the ballots, the Union party taking fourth position where the Socialist Labor party ticket is now included on the ballots.

Custodian Leary estimated that the secretray of state's office would have the new ballots in Waterbury between 5 and 6 o'clock tonight and cars operated by both defendants between 5 and 6 o'clock tonight and in Thomaston, March 28, 1397 at then the printers will have an all-11:15 p. m. The plaintiffs were riding as passengers in the defendant Hartford office has been changing ballots and adding the disputed ballots and adding the disputed names since late yesterday, he said.

Cause of It All Reason for the embroglio was found in the fact that most of the small towns in the state never had (Continued on Page 4)

Superior Court Judge Earnest C. Simpson today determined that a sandwich "may, under certain cir-cumstances constitute a meal," in Simpson's ruling of October 25, and to reargue the question of the authority of the court to transfer the trial to New Haven, will be heard by Judge Simpson in Superior Court here Friday afternoon at 2 o'clock. They were filed shortly after 2:30 p. m. yesterday by Assistant Special Prosecutor Hugh M. Alcorn, Jr.

Special Prosecutor Alcorn has re
BY NEW BALLOTS

Cumstances constitute a meal, "in connection with the Sunday liquor law. In the same opinion, filed today, he upheld the action of the Liquor Control Commission in the revocation of licenses of three local liquor dealers for selling liquor on Sunday without meals. Unless the was retiring from office in a few weeks. He said he had no future political plans.

Fears For Nation

To Re Charmond

> Food Was Mere Cover In dismissing the appeals of the three liquor dealers, Judge Simp-son states that the food in each case was served on Sunday as a mere cover for the sale of liquors.
>
> The final paragraph of the opinion, which is carried in complete form in today's Democrat, states: "It might not be out of place to remark that we now have a liberalized liquor law, and if permittee are not careful to obey the law, such dience will bring about more stringent regulations, just as the constant violation of the former liquor law by brewers, dealers and saloon keepers, brought about pro-

No Appeal Decided On Attorney Thomas F. McGrath, counsel for the State Liquor Dealers Association, who sponsored the appeals of the three local dealers, said today that he is studying Judge Simpson's ruling. He said he would not discuss the question of higher appeal until after a conference with has 10 days in which to file such an

appeal.

The ruling today by Judge Simpson was on the application of the liquor dealers for judgment "in acliquor dealers for judgment "in acliquor dealers for judgment" of References with the report" of References with the report of References w eree Frederick Peasley, who heard the issues of the case before report-

ing to Judge Simpson.

In the report of Referee Peasley, it was stated that the sale of sandwiches by Hubert Keenan was a mere cover for the sale of liquor on Sunday. In the other two cases, it

Washington, Nov. 2.—(UP)—The naughts be completed within 52 navy department, speeding President Roosevelt's arms program, opened bids today on construction of three by the government cost an esti-35,000-ton battleships. The Bethlehem Shipbuilding Corp., Quincy, Mass.; the Newport News Shipbuild-ing and Drydock Co., Newport News, Jewish immigration to Palestine.

The strike, called in protest against ing Corp., Camden, N. J., submitted one bid each for the construction of rebels, caused a noticeable increase of tension. A curfew was imposed on Haifa at 7 p. m. yesterday. A 24-hour a day curfew continued at Jaffa as British troops continued a streat by state of the s

A curfew was imposed on Haifa at 7 p. m. yesterday. A 24-hour a day curfew continued at Jaffa as British troops continued a street by street search for terrorist suspects.

Five Arabs were sentenced to death by the Jerusalem military court and three acquitted. All eight were arrested by the Black Watch Patrol in the Dead Sea region. They had rifes and ammunition which they claimed were intended for fancy shooting at an Arab marriage ceremony.

A curfew was imposed on Haifa at was an apparent lack of competition. A fourth battleship, the Alabama, is to be built by a government navy yard. The government does not have facilities to build the other three. On contracts let a year ago for two similar ships, bids ranged from \$47,000,000 up to \$55,000,000. Government navy yard estimates placed the cost of construction at from \$46,000, with the government to furnish the machinery. New York Shipbuilding's hid was \$54,794,000, with the government from \$36,500,000 to \$37,265,000.

The ships on which bids were oncome to be named the Indiana, Massachusetts, and South Dakota.

mated \$15,000,000 per ship. Because of the apparent lack of competition the bids, it was understood, are technically subject to rejection, but it was doubtful that they would be turned down in view of the pressurone bid each for the construction of a battleship. Since one company can only receive one award, there on any contract it undertakes. A fourth battleship, the Alaba

Constitution Grove **Dedicated Tomorrow**

Scores of Societies to Be Represented at Ceremonis at New Plymouth Scout Camp; Program Given

Constitution Grove of the Mattatuck Council of Boy Scouts' new camp at Plymouth will be dedicated to a fivescouts' new camp at Plymouth will be dedicated to a fivepoint purpose at solemn ceremonies tomorrow afternoon
at 2 o'clock. High ranking scout leaders, city and church
officials, and representatives of more than 125 military
and fraternal organizations will participate in the program.

This grove is dedicated as part of
the Mattatuck Council's program in
the National Re-dedication Program
to the principles upon which our
republic stands. The purpose of

Draws From 50 Funds

Financial Picture of State of Connecticut Supplied

By Controller Swartz—Explanation Given

State Controller Charles C. Swartz | Fund are as follows: has prepared a formal statement in regard to the income and inventory picture of the State of Connecticut. 1929-30 ... 23,240,855.42

He presents for the benefit of all voters of Connecticut a close-up of some of his administrative duties.

ing November 15.

His statement follows:

The ordinary recurring expendi-tures of the State of Connecticut

all come from the General fund. In

addition to the General Fund there are over fifty special funds, such as the Motor Vehicle Receipts

which, after deducting the expenses of running the Motor Vehicle

for State Policy Patrol, are all spent upon the highways of the State of Connecticut. There cannot possi-

bly be a deficit in any of the spe-cial funds and if the expenses of the State of Connecticut should ex-

ceed its income that deficit then

would be charged against the Gen-

ernor Cross' entrance into State po-

lities the receipts for the General

MUST POST BOND

Police Supt. Plans Idea to

Insure Court Ap-

pearance

Out-of-town and out-of-state motorists arrested here will here-after have to post bonds to insure

their appearance in court, Police Superintendent William J. Roach announced today. In the past they

have been merely notified by the arresting officer to appear in traf-

Drivers not residing in Waterbury, who are arrested for violations of the motor vehicle law, will be brought to police headquarters and booked. They must post a bond before being freed.

Supt. Roach said that some motorists, when only notified for

court, have disregarded the arrest-ing officer and have failed to ap-pear. This has entailed issuing war-

rants for their arrest and return to

One of the principal reasons for the new procedure is the case of a Long Island attorney who was ar-

Long Island attorney who was arrested here on a charge of violating the rules of the road. Police said he agreed to appear in court, but he failed to do so. The violation was not an extraditable one, and all that could be done was contact with New York state motor vehicle authorities regarding the suspension of his license.

of his license.

When this was done, after notices by letter had failed, the driver agreed with alacrity to appear. He paid \$25 for a noile.

Situations similar to this one said Supt. Roach, can be prevented in the future if motorists from out of the city or state have to post bond to guarantee their court appearance.

PROBATE COURT

Attorney Healey, Democratic Nominee Explains Function of Office.

Principles of Court Viewed as Highly Important And Distinctive.

and as to the procedure by which it is applied. The principles of

probate law are numerous and important and distinctive, and are to be found in the general

statutes of the state, and in the

decisions of the supreme and su-

perior courts. Many probate cases

are affected by International Law and by the covenants and treaties between the United States and

the other sovereign governments throughout the world. Not infre-quently rulings and procedure in

the Probate Court require the ap-

plication of provisions and articles of the Constitution of the United

States and of the Constitution of

Complete Power

The court of probate has com-

plete power to make all decisions, to enter all orders, and to do all

things that may be necessary in the performance of its duties. This court is not hampered by

unyielding forms as are ordinary

courts of law, but can mould and

decrees so as to meet the exigen-

cies of the particular case before

it, and so as to do entire justice

This court has the duty and re-

sponsibility of approving or dis-approving the accounts of admin-

istrators, executors, trustees, guardians, conservators, and all

other fiduciaries, of determining who are the heirs of an estate and

their respective shares, of adjudi-

cating the validity of debts set forth in an account, of determin-

ing whether or not the sale of

land is necessary or advisable, of deciding whether a compromise is

for the best interests of all con-

cerned, of determining the amount

taxes, as well as of passing on countless numbers of other vitally

Responsibilities

great powers, duties, and respon-sibilities of the probate court and

its operation, but what I have

already said makes it clear that

this court comes closer to all the

people of this community, and in more vital and important matters,

than any other court in our ju-

dicial system.

The administration of such a

court necessarily requires char-acter, training, ability and exper-

ience, and over and above all, a

patient, sympathetic understand-

ing of the situation of each per-son who comes before it, and a will and determination to make

and the afflicted smooth and sim-

ple and economical to the utm From your own experience, or

that of your relatives or friend

and heart, and the training, ex-perience and ability the Judge of

adapt its proced

the State of Connecticut.

Attorney Patrick Healey, Democratic candidate for Judge of Probate, has been conducting his campaign in the form of an explanation to the people of this district just how the court functions and how important a part it plays in the affairs of every per-son. His recent radio talk, which should be read by everyone, is as

follows: The Probate Court is of the highest public importance and of the most intimate personal con-cern. It deals with those things which are dearer to us than life itself. In time of death and other serious trouble, those afflicted must go to the Probate Court.

The Probate Court transacts a wide variety of business. This court probates wills. It supervises and controls the administration of the property and estates of de-

the property and estates of de-ceased persons and the management of trust estates, of the propsons, and, in general, of all those who because of age and competence are not in position to handle their own affairs. Minors

Large powers over the person of minors and insane persons are committed to this probate court. It has jurisdiction to commit girls to the Connecticut Industrial. School for Girls, and to other institutions, to commit dependent and neglected children to temporary homes, to commit to the home for Incurables at Newington, the State Hospitals at Mid-dletown and Norwich, and the chool for mentally deficient at Lakeville, and to commit insane persons, habitual drunkards, and

epileptics to appropriate asylums. The Probate Court has control over the remains of those who die, to determine who shall direct the funeral and the ceremony and manner and place of burial.

The Probate Court has supervision over executors, administra-tors, trustees, guardians, conservators and all such fiduciaries. It is the sacred duty of this court to safeguard and protect widows, or-phans, heirs, devises, legatees, beneficiaries, incompetents, cred-itors, and the interests of each and every person in every case

which comes before it.

From this summary, it is plain that the importance of the Probate Court cannot be overesti-

ECONOMY ORDERS POSTED BY MAYOR

All Departments Notified That Only Absolute Necessities Be Bought

In line with the general economy rogram of the board of finance, Mayor Frank Hayes has issued intructions to all department heads to keep expenses at a minimum for

the rest of the year.

The finance board, its economy committee, comprising Major W Judge, chairman; John H. Goss Mayor Hayes, Charles B. Jackson and as conferees, Griffenhagen & Associates, has earmarked \$201,000 for its contingency fund and with-drawals from this amount have reached about \$40,000.

The mayor's instructions are: To the Heads of all Departments:
All department heads are hereby notified that only absolute necessitles for the proper conduct
of their departments should be purchased during the balance of the year and the purchases, when absolutely necessary, should be reduced to the minimum quantity required by the department to be used between now and January

Strict co-operation with this request will be expected from all department heads.

FRANK HAYES,

Salvation Army Fund \$2,178.08

Mr. Kahan, speaking in an official capacity stated that the Mexican Contributions within the past 24 hours boosted the maintenance appeal fund of the local Salva-tion Army corps to the present total of \$2,178.08. As the public overnment has appropriated sums or the building of new schools, and water projects.

Asked how he liked America on his first visit in twelve years, Mr. Kahan stated, "It's grand and there's not a dull moment, you have total of \$2,178.08. As the public is rapidly appreciating the urgent necessity of cooperating so that the army may continue its splendid program of welfare activities the committee expects that over the week-end many who have delayed sending in their donations will contribute.

Speaking last evening over Station WATE Adjutant Huge Wiberg, commanding officer, expressed the cops gratitude for donations to date.

Latest donations are acknowledged from the following: William T. Carpenter, Jennie N. Tate, John B. Bradley, John Visscher, Fannie N. Hallock and the employes of the Cftizens-Manufacturers' National Bank. action here every minute, and no destas as they have in Mexico from 1-3 o'clock in the afternoon." Pierre Dupont invited Al Smith, John Raskob and A. Chauncey Newlin, an atty. of 14 Wall Street, to meet him Thursday night in Wilmington. He urged utmost secrecy . . David O. Selznick says he knows the girl who'll play Scarlett but won't even tell his wife . . . Oh, all right! . . The Great Lakes, it is planned, will be the scene of many national parks on the basis of Jones Beach here . . . Pecora's pals allege his phones were tapped during the Hines trial . . . The wires of Bklyn court and political writers on newspaper are being tapped now!

If you're planning a suit against CBS and Orson Welles for being scared by that Broadcast, don't waste your time . . . They wouldn't be liable for damages because the law says there must be physical contact . . . Mrs. Charles Poletti, wife of the Lieut.-Gov. candidate (with Lehman) was rushed to the Harkness Pavillion for the blessed

The Christian Science Monitor cancelled their weekly broadcasts in N. Y. . . Is Mrs. Hugh Dillman going to divorce him in Palm Beach or Detroit? . . When the Raimund von Hofmannstals (Alice Muriel Astor) get theirs, he will wed Lady Elizabeth Pagel . . . Alice Faye tells chums she and Tony Martin are discussing a sane ending . . . Connie Bennett has transferred her interest to a prominent director . . . The NLRB and the N. Y. Times will soon clash.

The Luise Rainer-Clifford Odets reconciliation was hinted here six weeks ago, as was the gab last Spring that Lindbergh might become a Britisher . . . They can expect a sudden "exit" for a powerful leader in Paris (or London) on or about Dec. 22nd. It might be an assassination . . . Marion Spencer, ex-Paradise eyeful, weds
Walter Redmonde of the Radio City Music Hall staff next month
. . . Gary Cooper and Sam Goldwyn "went to it"—but loud—before Gary hastened East.

Lothar Mendes, director of "Moonlight Sonata," and Patricia Barnes, a Pasadena debeauty, are talking elopement... The ring he gave her is this big!... If those darn Roosevelts (Anna Boettiger and Mrs. F. D. R.) don't stop scooping us with their blessed events—the Winchells will start running for President! . . . Sacha Guitry, the French Noel Coward, and Jacqueline de Lubac, his leading lady (on and off) in "The Story of a Cheat" (sic!) will be scissored any week. His next may be Arletty, the Parisian cinema Garbo.

What's all this nonsense about Adolf being guided by the stars in his recent conquests? He just barred "World Astrology Magazine" which predicted his Czech victory (a month before it happened) but also his ultimate downfall at the hands of Goering . . . The Casa Manana's new show is its most expensive . . . Wynn Murray, of "The Boys From Syracuse" show, and Robert Howard, of the male ensemble, have it terrible . . . Ask Rosemary Cox, the deb, what happened when she screened her films at her home the other night. A relative's Parisian postcards were still in!

Eva LeGallienne will do her version of "Hamlet" next season Elizabeth Arden will back a show which will star her niece, Beatrice Graham . . . A good deal of the gold dust for Earl Carroll's joint in Hollywood is being supplied by a wealthy femme from San Fran . . . A lot of Frederick Lonsdale's friends are cutting him dead since he allegedly said he was pro-Ratzi . . . The H. Mayes of Pictorial Review have separated . . . The Lt. Vernon Biddles (Helen Grant of those chain stores) are trying to decide.

Frances Williams opens the new Troc on 5nd Street about the 20th. Mike (the Music Goes Round and Round) Riley and his band will co-star . . . John Golden is being baited by the new Playwrights Co., as their guide . . . He's the right man . . . Stewart Kellogg of Princeton tells girls he will wed Althea Pardee, the deb. This must be very comical to Bill Nesbitt . . . Reminder for politicians—the famous proverb: "Mud thrown is only ground lost."

Life is repeating its selection of "prettiest girl at the Paradise." The last time it was Hope Chandler, who married David Hearst . . . Our cherce is Marquerite James of the chorus. Of the show girls, well—that's not so easy... Of the 140 kidnap cases since the Lindbergh law (1932) the G-men have been stumped by only two—the Mattson and Levine cases ... 10,000 persons have been "interviewed" regarding

A showman, whose new hotel night spot is due soon, made a deal with the bank running the hotel—\$15,000 yearly rental . . . He just got \$25,000 for the hat concession—which gives him a 10 G profit before starting! . . . The Edmund Lowes, reported apart, have reconciled . . . The Radio Rogues who heckle Hitler in "Hell-zapoppin," slugged it out with four Ratzis (who started the brawl) after the show the other night, and moved them down.

The Robert Dolans, he's the maestro of the "Leave It to Me" show and she was Vilma Ebsen (ahhhhh!) are imaging . . . LaVerne Andrews, of the Andrews Sisters, and Rufe Davis, the movie hill-billy, middle aisle it the end of the month . . The Int'l Casino's six-foot Belgian beauty, Beatrice Dante, will wed Christian, a five-foot-two acrobat in the same show . . . Gypsy Rose Lee's groom is opposed to her specialty—strip teasing. That explains the quarrels.

Ken has a piece due soon called "Borah vs. The League of Nations, Notions and Emotions," in which Adolf and Benito are called names any daily editor would have to delete . . . Leni Reifenstahl, Hitler's alleged camera-genius, told reporters that her visit was not to peddle those Olympic pix "as that was already being done here by the Tobis Film Company." Is that so? That firm folded six months ago . . . Americans should be thankful that tomorrow there will be an Election instead of a Plebiscite.

Another high spot of the election concerned the lieutenant-governor-ship. Democrats nominated Colonel Thomas Hewes, former assistant sec-

ELECTION IN STATE RATHER MIXED-UP

(Continued from Page 1)

he received 20,637. In 1934 he got 38.438 and trimmed Gov. Cross' plurality to 8599. He dropped back to 20,993 in 1936 when Democrats landslided for President Roosevelt, and carried the state in a national election for the first time in 25 years. This year, McLevy, aided by a non-

partisan citizens' committee, had funds for the first time to stump the state. His rallies attracted huge state. His ralles attracted huge crowds. He pointed to his own municipal record of reduced taxes, in-auguration of a merit system, civic betterment, centralized purchasing, debt reduction and honest administration.

The state's Six Congression and the U. S. senator are Democrats. In the U. S. senator are Democrats. In the U. S. senator are Democrats. In the U. S. senator are Democrats in the U. S. senator are Democrats. In

Reports statewide indicated there would be many split tickets and that most inquiries concerned the Social-

Election Discounted
While chances of his election were
discounted, it was admitted he might possibly draw enough votes from the Democrats to elect the Republican candidate and dissipate Gov. Cross' fondest hope of becoming the first five-term executive in more than a

A number of transfers recom-mended by the board of finance as savings in departments for the ben-efit of the contingency reserve fund will be under consideration. So intense was the interest in the gubernatorial outcome that both major paries arranged, for the first time, to tabulate the Socialist votes.

McLevy felt certain Socialists would elect three state senators and two representaives, give he party a senator of the contingency reserve fund will be under consideration.

"Meandering land" is the land bordering rivers or takes with irregular shores which as likely to change in time.

Therefore, the Democratic candidates were able to tell the voters that it is "the same old party, with a new face," which has been seeking "by promises" to mislead the elector

makes most predictions of actual
vote majorities unusually complex
for the political leaders. Granting McLevy, say, 2,000, then the Repub

Radio Broadcasts, Skits Arranged By Teachers for Local Observance

Waterbury Teachers and Principals are taking prominent part in the local celebration of American Education Week which opened today and continues throughout the week. Varied programs have been arranged for presentation each day of the week.

Today's program will start with the enactment of two skits at Silas Bronson library, at 4 o'clock by the pupils of grades 5 and 6 of the Barnard school. Miss Corrine Rossi is

The entire week's program has

The entire week's program has been arranged by a committee headed by Miss Kathryn Galvin.

The keynote of the celebration will be expressed this afternoon at 4:30 o'clock by Commissioner of Education Martin J. Tehan, in a broadcast from radio Station WBRY. The same program will be favored with talks by Miss Daisy Lord, president of the Waterbury Teachers' Association and Mrs. Elmer Wilson, member of the Parent Teachers' Association.

Another radio broadcast will emanate from Station WATR at 5:45 o'clock today. This program will consist of a recitation, "The Girl Who Helped Washington," by Medelise Dzinsky; songs by the Notre Dame Academy Glee Club and a talk by Miss Mary K. Finnan of the Bunker Hill school faculty. Her topic is entitled "Extra Curricula Activities in the Waterbury Schools" "Extra Curricula Acti

ities in the Waterbury Schools."

The casts of the two plays to be presented at the library this afteroon include:

Local Democrat Party United Once More

Republican Trick Exposed
Various last-minute happenings
in Waterbury have changed the
complexion of the campaign here,
one the procedure of Michael D.
McGovern, Republican candidate
for sheriff of New Haven county,
who started a individual campaign
for himself by advertising by folders how the voters might vote the
straight Democratic ticket but "cut"
for McGovern.

straight Democratic ticket but "cut" for McGovern.

Notified of this, High Sheriff J. Edward Siavin today announced that he has confidence that the voters will approve his administration. Simultaneously, the New Haven Republicans, angered over McGovern's "lone wolf" tactics, pulled McGovern's picture out of the campaign there and question of Republican support for his candidacy arose.

Waged Spirited Battle
The local candidates, led by Cong.
J. Joseph Smith, candidate for reelection to Congress from the 5th
district, have waged spirited campaigns during the past week and
the response of the voters at numerous rallies has shown that they
can count of heavy support tomorrow. Cong. Smith was the principal speaker at a rally at Brooklyn yesterday, when the hall at 48
Green street, was inadequate for
the more than 600 persons attending.

Other speakers were Attorney Patrick Healey, candidate for judge of probate court, who, with Cong. of probate court, who, with Cong.
Smith, was given an ovation; Rep.
Daniel J. Mahaney and Attorney
Hugo L. Guastaferri, candidates for
state representative, and Edward P.
Egan and Sen. George T. Culhane,
candidates for state senator.

United States Senator Augustine
Lonergan is asured of heavy Waterhury support as are all the state

terbury support, as are all the state candidates, from the receptions ac-corded them at the large rally Saturday night at Buckingham hall.

The rally at Brooklyn yesterday
was presided over by former Alderman Joseph A. Bendler and the
large Lithuanian vote of the district was well represented as were num-erous other racial groups of the

INDEPENDENTS IN BITTER SQUABBLE

Party Chairman Backs Up Democratic Ticket: Club **Opposes Endorsement**

Claiming credits for the vote in the Conley-Picket primary contest nn the 16th senatorial district which Democratic Voters Committee and resulted actually from organization by Democratic State Chairman by Democratic State Chairman
J. Francis Smith's "merger" group,
members of the Independent Democratic club, representing a coterie of
an estimated nine active members,
attempted yesterday to reply to the endorsement of all Democratic can-didates by James E. Hartley, chair-man of the Independent Democratic

Featured by the Republican press in its last-minute attempt to mar the complete harmony of the Dem-ocratic party in Waterbury on the eve of election, the claims brought no comment from Chairman Smith. But Chairman Hartley, also quoted in the Waterbury Republican, ex-plained that the Independent Demo-cratic club was composed of a few dissatisfied voters who are "sore," he said, at Chairman Smith because their candidate, William "Tipper" Conley, failed to get the 16th sena-Conley, falled to get the 16th sena-torial nomination over Edward P. Egan. The club presently is led by Roger V. Comor and John J. Whelan, who made the statement in reply to Chairman Hartley's request that the 4,672 votes his party ac-corded the Fusion candidates in the last city election now be given to the Democratic ticket in its entirety. last city election now be given to the Democratic ticket in its entirety. Chairman Hartley reminded his several thousand constituents that the Independent Democratic party in 1935 endorsed Governor Wilbur L. Cross and Senator Augustine Lonergan and the state ticket and trat "we are all good Democrats"

trat "we are all good Democrats."

He pointed out that the dissatisfaction of the club group derives from the failure of Conley to get the nomination, causing the few Connomination, causing the few Conley supporters to come out against
Chairman Smith and Congressman
J. Joseph Smith as attempted retaliation through the Republican
press, Chairman Hartley remarked
that the group now is opposing
Senator George T. Culhane, former
lesder of the club group, because he
accepted the nomination for senator from the 15th district when they
demanded that he refuse the nomdemanded that he refuse the nom-ination as a blow at Chairman Smith. The same is true, he explain-ed, in the case of Attorney Hugo L. Guastaferri, another erstwhile member of the club.

"So far as I know they have nothing against Congressman J. Joseph Smith or his record but just are sore at Chairman Smith," he are sore at Chairman Smith." he added. The club also is opposing Mr. Egan, successful candidate for the 16th district nomination over their choice, Mr. Conley.

CAR HITS POLE, MAN, WIFE HURT

Mr. and Mrs. Theodore L. Adams of 1058 Huntingdon avenue were injured last night when their car, driven by Mr. Adams, crashed into a pole on Homer street

Mrs. Adams, who is 55, suffered a fracture of the right ankle, and cuts and bruises about the body. Mr. Adams, who is 58, suffered chest injuries. Both were taken to St. Mary's hospital.

Motor Patrolmen Joseph Dunphy and Joseph Lovallo arrested Mr. Adams on a charge of reckless driving.

Walter Winchell On Broadway

Man About Town

Barbara Hutton's cousin, Julia Donahue, is the latest Blue Booker to be barred from The Stork Club . . . The Doris Duke-James Cromwell rift rumors can be traced to their "amicable understanding"—the 1938 way Of Putting It . . . The C. Butterworths will legalize their parting soon . . . Hollywood is wondering how serious Joan Crawford is about Charles Martin, whose betrothal to Nan Grey recently flopped . . Alice Marble, the tennisiren, begins her thrushing at The Waldorf Dec. 1 . . . Adelaide Moffett's current is Jack Leonard, the Tommy Dorseyodeler . . . Insiders say the line-up is almost complete for The Big Fracas next Spring-against Russia-with Stalin trying to make a deal with Hitler! . . . Ona Munson's new heart is Stewart MacDonald Federal Housing Administrator . . . Thought on the F. D. R. Birthday Dances for Infantile Victims: Let's be thankful the head of our country provides hospitals for children, not children for hospitals.

Walter Chrysler's condition remains grave . . . It's a girl for the James Metcalfs (Dorothy Pitou) at Brooklyn Hosp. . . Mrs. Floyd W. Jefferson, Jr., the former Eleanor (social) Alsop, leaves tomorrow for Boca Raton, Florida, to divorce him . . John Pierce, dance director for "The Goldwyn Follies," etc., will wed Irene Mann of "The Girl From Wyoming" after her soon-due decree arrives . . . The hasty thought Marion Grimes' boy friend was Sidney Blackner, when everybody knows his tag is Carlyle Blackwell . . . The Red Cross, according to an official, plans to move 200,000 refugees "as soon as possible" . . . Noel Coward telegraphed Mrs. George S. Kaufman: "Send me your phone number!" . . . She answered: "Here it is and if you don't send us yours we will take back all your Colonies—including Woollcott!"

The Atlantic Monthly editor's boy, Ellery (of the Cleveland Nat'l City Bank) and Constance Merriweather Lindley will be middle-aisled . . . Add spellbinding faces: Kay Aldrich's—who models . . . Althea (later) Pardee, the deb, will announce her betrothal to Wm. Evans of Harvard and the Grace Line tribe, about Dec. 1 . . . Bill Babst and Jean Harrington of The Stork Club Set, who foofffed recently, are woofling, again . . . Jimmy Lunceford, the bandsman, is suing Decca Recordings for an accounting of royalties on 76 platters . . . It's a girl for the William Sherman Gills (Janet Snowden) at Cottage Hosp., Santa Barbara . . . R. Hipplehauser, the big business expert for the Associated Press, has shifted to Fortune mag . . . Mrs. Sherman Billingsley (who is Mrs. Stork Club) is still sore because she didn't hear the Orson Welles program—as she likes to be scared.

Newsweek mag will begin its revelations (unsigned, of course, in the general story) about the recent Reich atrocities on Thurz. Their man got in and out the same day . . . Pamela Fletcher, an eyeful in the international society set, will be sealed before Xmas to the son of Lord Gowrie, Gov.-Gen'l of Australia, whom the Duke of Kent succeeds next year . . . The Musicians' Union forced the shutters down on La Conga, confirming the item here on "cash-register trouble" . . . Joshua Logan, director of "Knickerbocker Holiday," is cooing over the trans-atlantalk phone with Louise Platt, the actress . . . Wilfred Funk got \$200 from the Satevepost for a poem the Conn. Nutmeg asked him to write for free and then rejected . . . 52nd Street's favorite "Scotch" makers will appeal the devastating decision in the London courts, which just fined them almost one million dollars for allegedly phoneying the age and contents of the hooch.

Despite the denials, Bradley himself will operate his Palm Beach place . . . Local politics forced him into the background to avoid the fate of Saratoga . . The Dempsey-Vanderbilt Hotel reopens in Miami Thurz . . . The back-stage shenanigans between Dorothy Fox, Hi Sherman, Phil Loeb and Mary Jane Walsh (at "Sing Out the News") are veddy private and veddy-veddy! Naudee tableaux, etc. . . Lillian Hellman has a new beau . . And Francine at Coq Rouge has a voice with a Bankhead-Holman flavor—but better . . . Billy Rose's Diamond Horseshoe night spot will star a show girl floating in "Ana Held's Milk Bath" . . . M. Berger, the word-marician, has returned to his Milk Bath" . . . M. Berger, the word-magician, has returned to his first wife (The N. Y. Times) but will see his new girl (The New

Ken will start a new Sidney Carroll feature—elaborating on ene-time items in this and other colyums. It'll be christened "Footene-time items in this and other colyums. It'll be christened "Footnotes" . . . The Marquis Etienne de Villermont, of the French Consulate (his pop was Ambass two years ago) is lavishing most of his diplomacy on Jayne Gayle, the modelulu . . . When "In My Reverie" is finally totaled (sales, world rights, etc.) the Debussy heirs will get more money than he made in his life, about 20 Gs. . . Richard Roffman, the ex-Journal prober, has a new book due soon that'll rock the State . . Mrs. Roosevelt and the gazeties confirmed another "colyum first"—that the King and Queen will do one day at the Fair . . Frank Martin, Club Yumuri chief and Don Mario, the batoneer there, took their first-fury to night court.

A former bantamweight champ and a local naughty-boy are gunning for each other after a stabbing which necessitated 22 stitches in the latter's kisser. The f. b. c. is trying to square things—but it might be another Vincent Colling . . . It's a girl for the M. Kincaids (Marietta Sullivan) of Hattle Carnegle's buyer-staff... The posters at the German Travel Bureau read: "Visit Medieval Germany!"... Such commercial candor!... I. Parrish, the St. Louis brake maker, is the admirer who sends Sonja Henie bunches of posles nightly... Dorothy Fox, star dancer of "Sing Out the News" (she is such a hit), got her pottice in Philly the second night!... Jose Ferrer (he was so good in notice in Philly the second night! . . . Jose Ferrer (he was so good in "Missouri Legend") and Uta Hagen, the Alf Lunts' pet discovery, are a torriduo . . . Adios, Col. Batista! Hasta la Vista!

The Jay Conleys, he's one of the Shubert's better directors, and his "I'd Rather Be Right" chorus-bride will be put asunder in Chicago soon . . . Thomas Daly (Britain's own John Sumner, who blasts at risgay things in Parliament) will become a pop in Feb. He's only 77. His frau is 40 years his ir. . . Marjorie Bradford is Nathaniel Benchley's bride-to-be, not Edith Brooks, who is her pal . . . Vera Zorina is being criticized because "she didn't sign a petition to F. D. R. Friday night protesting, etc" . . . She signed one for the same group at "Ballerina" nights before. Leave her alone! . . . The billing in front of the Fulton now reads: "Robert Morley As 'Oscar Wilde.'"

They are asking this among other queries at the Julia Richman High School for Goils: "Of what value is Walter Winchell to the high school student?" . . . Well, he can get any girl free tickets to the best shows, but he won't . . . U. S. Solicitor-General Bob Jackson is believed to be the gent who'll inherit Cummings' job—but dark horses are Joe Keenan of the D. of J. and Gov. Frank Murphy of Mich. . . . If you haven't howled at the one about Gen. Goering's wife—then you might as well commit suicide—it's that hilarious . . . To those whose patience is exhausted with Fritz Kuhn (the U. S. A.'s most counterfeit American), please don't cripple him . . . Mr. Whiskers will do it with dignity . . . Let us all be thankful that most Americans would sooner die on their feet—than live on their knees.

We Hire a man to wear out telephones

The Bell Telephone Laboratories hire a man whose job is to wear out telephones. He has rigged up machines that will give a telephone more of a beating in a month than you will give yours in a lifetime. One device that's his particular pride lifts a handset telephone and lets it drop — bang, bang, bang, a thous-and times an hour!

Dozens of torturing tests like this assist in the development of longer wearing, more economical telephone equipment. This, of course, is only one part of the work of the Bell Laboratories, where more than 2,000 trained scientists are at work seeking savings of all kinds—savings that partly offset the constantly increasing costs of doing business and help us in our effort to give you the best possible telephone service at the lowest pos-

BOARD EXTENDS HUNTING SEASON

Discretionary Power Exercised for First Time By **State Commission**

Hartford, Nov. 21 - The State Board of Fisheries and Game today announced an extension of the hunting season for grouse, pheasant and gray squirrel east of the Con-necticut River where woodlands were closed during the hurricane

mergency.
Using for the first time in a game situation the discretionary power to act when the Legislature is not in act when the Legislature is not in ession, the Board extended the season to sunset on December 4. Hunting of the three species will end on November 23 in the rest of the state.

"The extension was unanimously approved by the Board in view of the fact that many citizens in east-ern countries who had purchased Cooke Street Man Alleged= hunting licenses were deprived of hunting privileges during the first part of the hunting season," Oliver B. Ellsworth, chairman of the board,

"While the board would like also to grant an extension of the wood-cock season, which ended yesterday (November 20), and the wa terfowl season, which concludes street, was given a continuance to Nov. 28 federal regulations govern the 26th when arraigned before hunting seasons for migratory game birds and the board has no authorty in the matter.

"The discretionary power given the board to extend state seasons, however, has amply proved its need and usefulness in the current situ-ation and on past occasions relat-

No change was announced in the rabbit, hare and raccoon hunting season which continues throughout the state to December 31, inclusive. Among fur-bearers, skunk, mink and otter may be taken to March 15 and muskfat to March 31.

West Hartford Admirer Would Make Governor State's Poet Laureate

Appointment of Gov. Wilbur I. Cross as "Poet Laureate" of Connecticut by special act of the 1939 general assembly has been urged by Aubrey Maddock, of West Hartford The post would continue during the lifetime of the governor and the proposal of Mr. Maddock was made as follows:

"In order that Connecticut may not lose the enjoyment and prestige of executive proclamations by Dr. Cross,' with all their majesty, beauty and power, I offer the following suggestion:

"That the incoming legislature create the post of 'Poet Laureate of Connecticut,' to exist during the lifetime of Gov. Cross, the post to carry with it an emolument commensurate with its dignity, that Dr. Cross be appointed to the office, and that he, as poet laureate, be required to prepare executive proclamations as necessary for the signature of the governor, and otherwise employ his supreme lit-erary abilities for the benefit of

PROBATION HEADS PLAN CONFERENCE

A meeting of the Legislative Com-mittee of the Connecticut Probation association was held in Hart-ford today at 1:15 o'clock. Those in attendance were: William T. Lynch of Hartford, chairman, William M. Harris of this city, Mary J. McGuiness of Bridgeport, Fran-cis D'Muhala of Plainfield, William B. Barnes of the Connecticut Prison Association and as an ex-officia member as president of the Association, Miss Kathleen Crowley of this

A Thought for Today

Submit yourselves therefore to God. Resist the devil, and he will flee from you.-James 4:7.

Strength alone knows conflict; weakness is below even defeat, and is born vanquished.—Swetchine.

"Good Enough" Label

Somewhat overlooked in the shuffle of political events after the recent elec-tion was the statement from Mayor Jasper McLevy of Bridgeport that the has no intention of dropping the Socialist label the next time he runs for public office. Commenting on this he said, "The Socialist party label has been good enough for me for 35 years and so far as I am concerned it is still good enough. . . ."
The only solace that practical politicians may take from this is the fact that "the Great Jasper" won't be running on either a Democratic or Republican ticket unless he is endorsed for some office.

Personally we don't imagine that it would have made any difference what the name of the McLevy party was this past fall. He would have received just as many votes. But had he run for governor on the Socialist ticket a week from November 8, we don't think that even this party label would have been sufficient to have swelled his total to a point far beyond 100,000 votes. It only took the Connecticut electorate about a week to realize what it had done when it voted Wilbur L. Cross out of office.

The reaction has been setting in ever since. And it's no reflection on the merits of Governor-Elect Raymond E. Baldwin nor a case of sour grapes to hold an opinion that many voters of those forming the "protest" group are not pleased with what they contrived to produce in this state. As it turned out, however, it may be the remaking of both major political parties in the state. In the Democratic defeat there may be a lesson that will prove profitable to Republicans who actually won as a minority party and the Democrats who lost as a majority group.

Incidentally the coming two years will show if they learned the lesson and if they didn't then the McLevy spectre in 1940 will be just as foreboding as it was this past month.

Not a Spectacle or Circus

Waterbury's well-publicized trials will start next week. City officials and others will answer charges of conspiring to defraud the city. Their day in court is long overdue, but the wheels of law grind slowly. Much has been said in this city and elsewhere about the guilt of the individuals concerned. No one seems to believe that there is any doubt but what every one of those indicted by the grand jury report is guilty to the nth degree of all crimes possible.

Once the trial begins here Tuesday we may learn just what the defendants have to say for themselves. We don't think that any one of them should be tried until the court has done so regardless of any and all evidence. The Democrat has tried to present the startling news of the grand jury reports and the resulting implications in as impartial a light as possible. We were more than pleased to note, too, that in some instances the press of the state shared this viewpoint.

But there were also clear indications that editors had already found the defendants guilty of many crimes. All sorts of criticism was hurled at them, perhaps deserved, but certainly not conducive to proper formulation of public opinion. There will be considerable interest manifest in the trial and The Democrat will continue to report the same as it would any other court proceeding where so much is at stake. We propose, though, to remain as strictly impersonal as a home-town paper can be when its public officials and others are on trial charged with offenses of such a serious nature.

Forest Fires

The forest fire which has been raging through part of northern Minnesota and an adjacent area in Canada, and which has taken many lives, means tragedy and loss to the people there and reveals again the destructive power of such conflagrations. It is a terrible object lesson in the need of preventing fires and improved means of detecting and fighting them.

In 1936, when, because of drought, several states suffered an unusual number of forest fires, the total loss was kept down. With one-fifth more fires than the average over a five-year period, the burned area amounted to only half of the rearly average for the same period. In 1937, total fire losses in national forests again were low, although there were serious individual fires.

In both those years great progress was made in protecting forests and the communities in and near them. Airplanes are now used for dropping chemicals on fires. There are more emergency firefighting units, fire trails and fire barriers in strategic places. Fire hazards are more accurately estimated in advance. Men in CCC camps and on WPA projects have done much of this work, to the gen-

eral public benefit. Probably we can never entirely eliminate forest fires, but their severity can be reduced, their extent controlled, their destruction held down to a minimum by such work as this.

Lynchings and Pogroms

Indignant criticism of recent acts of the Hitler government by Americans resulted in a broadside of vituperation from the controlled Nazi press and government officials. They referred particularly to American lynchings and other violent crimes of which we have occasionally been guilty, but which have now been greatly reduced. The Nazi spokesmen thus accuse us of being the pot that calls the kettle black, and seem to feel that they are thereby justifying their persecutions. But it isn't so simple as that, by any means.

An American newspaper writer, Willam F. McDermott, clarifies the situation by reminding our Nazi critics of these facts: "Imperfect as our government may be, it has never encouraged such lawlessness or based its national policies on a framework of prejudice and perse-cution. Passionate and undisciplined as our people may be, they do not attack, mistreat and terrorize a great group of fellow-citizens, or plunder and destroy property, simply because they are members of the race to which they were born.

"Neither our government nor our people try to justify arson, theft, violence, hatred and brutality as symptoms of national strength and evidence of super-

Why try to figure out New England weather? It just can't be done. Here we were all set for an open winter up until Christmas and lo and behold we get a white Thanksgiving, something unusual in this day and age, but quite common in the horse and buggy era, to judge by pictures and also by the comments of those who like to talk about the good old days. Personally we don't ever recall in this century a Thanksgiving that produced as heavy a snowfall as that of this week. Maybe somebody else can, but this memory fails to produce a single twinge that would indicate we wallowed in snowdrifts comparable to those that blocked most garage doors Friday morning. By next Thursday the ground may be bare again. That's the way of it in southern New England. One minute you're prepared for a siege of cold weather; the next zephyrs are knocking at your back door.

All sorts of comment is heard about the fact that the 25-mile-per-hour speed limit failed to work in Meriden. As a matter of fact the Meriden law was different than the ones invoked in other Connecticut communities. The law conflicted with state statutes in that costs and fines in violations weren't turned over to the state, but diverted to the city treasury. We'd like to see the statistics in a city like New Haven for the period in which the low speed law has been in force. Comparisons may not mean much, but often act as balm to ruffled

The Metropolitan District of Hartford has decided to name its big new dam up in the Barkhamstead hills Saville Dam in honor of Caleb M. Saville. He is head of the Metropolitan District's water board and has been most active in the creation of this great reservoir. Work on the dam is progressing rapidly and pistures show much accomplished. Incidentally the dam will be the largest in the

Christmas will be here before you know it. Once Thanksgiving is past, the great season is only a step away. And then the first of a new year and the long pull to spring. From January to April 1 always seemed the longest period of the year to this writer. Of course with all our modern attractions and conveniences the seasons roll along pretty rapidly

Yes, incomes look pretty small in the South, until you look east and west across the sea.

If Japan won't stand for the open door in China, how about a revolving door?

The first pick-a-back airplaning was big sister riding the baby around.

Selected Poem

BRING BACK THOSE HAPPY DAYS (By Herbert Durrell Smart, Nashua, N. H., 1938,

Bring back those happy days again, With the children playing round the door Of the little white cottage in the lane, Where the roses bloomed in days of yore. Let me hear that little dog of mine Barking 'neath the kitchen window sill; Let me once more see where used to be The path down by the old grist mill.

Gone forever are the good old days, Pals of long ago have passed away; The old-time haunts are lonely now, Gone is the gang of yesterday. Let me wander once more, ere my days are o'er,

And in fancy live again bygone days,

With boyhood pals we knew so well Bring back those happy days again, With the tang of the wildwood in the air, When in fancy the vanished shadows hid, And the sunshine always lingered there. Far down the echoless aisle of time,

Down through memory's unforgetten dell.

Where fond and hallowed memory stays, Frequented by ghosts of the past Are the haunts we knew in boyhood days.

Indian Lovers

Ernest Thompson Seton Proposes Government Give Sioux Tribe Back Its Old Hunting Grounds in South Dakota, Nebraska, Montana, Wyoming.

New York Herald-Tribune

the white men-and no white man hat ever lived loved the Indian."-From the measured wisdom of Chief Sitting Bull of the Hunkpapa Sioux. Of course, old Sitting Bull, warrior, statesman and potent medicine man, who was cruelly betrayed and murdered, was mistaken. He may have been right in the first part of his judgment, but of the white men who love Indians we have many examples. Indeed, it appears that when a paleface, man or woman, really takes up Indians in a big way there is no love quite like it. The discovery is made that they are in every way superior to the whites—physically, ethically and

In New York

spiritually. They may not always

BY GEORGE ROSS

New York, Nov. 26 - With little fanfare, Maestro Arturo Toscanini has found relaxation at several night clubs. He prefers the large, noisy places on Broadway where he is less likely to be conspicuous amidst the throngs. Reservations for the Maestro are made hours in advance.

Of course, menials at the racy Rialto cafes are vague about the maestro's supreme place in the mu-sic world. The other day, a damsel at a Broadway cabaret took a request over the phone for a table to be reserved. "What's the name?" she mechanically inquired. "Toscanini., was the reply. "Arturo Tosca-

The young lady reflected over this a while, "Oh, that's the band leader!" she concluded. "Don't worry, there'll be a nice table."

Tralagram

Silly, but . . . anyway, a Tin Pan Alley acquaintance called Western Union and asked the girl to take down a telegram, "The message," he said, "is "Trala, trala, trala, trala, trala, trala, trala, trala, trala'," Western Union obediently took it down, read the message back and asked if it was right. "That's right," the denizen of song alley said. The girl at W. U. then said that the message had nine words and the same rate would be applied if a tenth were added. The man said he couldn't think of anything else. "Why not add another 'Trala'?" sugrested W. U. "Oh, no," said the man, 'that would make it sound silly."

Manhattan Danger
This is the time of year when the soapbox Demosthenes of Columbus Circle clothe themselves in warmer garb and their nondescript hearer huddle in their topcoats. For the evenings have grown colder and the Circle is an open playground for the Four Winds. But the little White the fountain below the statue of Christopher Columbus is a conspicuous notice, reading: "BATHING FORBIDDEN!" Apparently, one never knows when a New Yorker, fortified by the winter cold, will strip off his clothing, dive in and take a dip on Columbus Circle.

If ever a man made retribution for malefactions of his youth, Orson Welles is making his. That Martian night is one in his life he never will spondence continues to include com-plaints from listeners who claim

ters with his personal checks for the amounts they spent. He might still be doing it. Is it of any signi-finance, that after that immortal broadcast, Welles raised a little moustache which prortrudes mod-

"No Indian ever lived that loved | be very bright, according to our standards, and it is still a good idea to keep them away from firewater, but- that mysterious, brooding wisdom, that otherworldness, that deep something which defies analysis, that impenetrable stoicism, that

sense of quiet power, that learning which does not come from books, that kinship with the birds and the beasts! Not love Indians% Why, America is full of persons who dote on Indians. They range from bur-eaucrats in Washington to such able women as Mabel Dodge Luhan, of Taos, who has spoken in dithyram- had before they enlisted? bic prose of her monumental Tony,

Now comes Mr. Ernest Thompson Seton, the seventy-eight-year-old Indian fan, with the suggestion that the government give back to the Sioux tribe its old buffalo hunting grounds, consisting of South Dakota, Nebraska and the eastern parts of Montana and Wyoming.

Other tribes, such as the Chey-ennes and the Mandans, and possibly the remaining Blackfeet and Crow, might be allowed to come in. Mr. Seton is right when he say: the farmers have not been doing so well in that area. He would put fences about the larger cities, especially Omaha, to keep the bison from roaming the streets. He says that the other Indians, particularly the desert Indians, who have become expert in weaving, pottery and other crafts, are able to support themselves on reservations, but thta the problam of the plains Indian is different.

And yet it is extremely doubtful that even the noble Sioux, descendants of Sitting Bull, Crazy Horse, Gall, Touchy Loins, Old Bull and that long list of tribal heroes, would take kindly to a program which would have them cavorting over the limitless plains after the buffalo. They are already pretty far gone ir the ways of the white man, and a is rather late to turn the clock althe way back. Moreover, in a sens. they are not doing so badly.

Their birth rate is higher than that of any other population group in the country, and there are more Indians in the United States today that there were in 1900. And why give them buffalo, except to pro-vide picturesqueness Good Here-ford steers furnish better meat.

Press Comment

STATE FINANCING (New Haven Journal Courier)

Connecticut funds a heavy total of floating indebtedness arising from operations of its general treasury Four Winds. But the little winter fathers of this metropolis don't trust the citizenry against the elements. For on a gate that fences in ments. For on a gate that fences in helow the statue of said this time that certain comforts. appear. For it is not usual that governments proceeding to bond have prepared, already, a firmer disciple of their financial business. That happens to be true of Connecticut. As we move into the money market to get funds making up for funds we have not collected in revenue, we are better prepared than ever to curb extravagance—given the will.
The fiscal reorganization of the tate has given us this advantage. As the Governor explains the issue, its proceeds will be divided be-tween funding the debt and the spondence continues to include complaints from listeners who claim financial losses on his account. Financial losses incurred by long-distance calls they made to ascertain the exact time of the end of the world and for other minor damages sustained.

Welles at first answered these letters for merce has just put the Connecticut merce has just put the Connecticut figure at about \$23.40 per capita as against \$16.57 in 1932. Here, again, the controls provided the new bud-get system will be called into steady play. Mr. Baldwin will find this among his first responsibilities.

U. S. Missed Chance to Stop Japan's Conquest When Panay Was Attacked; Navy Knew in Advance "Incident" Was Planned to Test Public Opinion; British Were Ready to Force Blockade, But Japan Won a Diplomatic Victory

(EDITOR'S NOTE—This is the second article in the special series on foreign affairs by Drew Pearson and Robert S. Allen.

WASHINGTON, November 26 - Now that Japan has swept down the entire length of China in her drive to annex a new empire, a significant piece of hitherto untold history can be written.

Not many people know it, but just one year ago, the United States was close to taking action against Japan — action which might have told an entirely different story in the Orient. ferent story in the Orient. This happened at the time of the Panay incident.

It is an interesting fact that the navy had advance notice that some incident against American forces was about to take place. They did not know it was to be an attack on an American gunboat on the Yangtze, rather expected a wholesale attack on American marines then guarding Shanghai under tense conditions.

Naval intelligence had received word through sources which can-not be revealed here that the Japanese military were planning a test of American public opinion and the policy of the Roosevelt administration, by deliberately attacking U. S. naval forces. Since then, naval and diplo-

matic strategists also have come to the conclusion that Germany and Italy were in on the secret, may actually have had a hand in it.

Before that time, it will be re-membered, the dictator coun-tries considered American foreign policy a major question mark. They knew they could count on Britain and France to talk much but do nothing. The United States, however, they could not guage. Roosevelt had just come out at Chicago with a speech advocating inint with a speech advocating joint action against aggressor nations, and there was fear on the part of the dictators that the unpredictable Mr. Roosevelt might

Navy Demands Action

Whatever its background, the by Japanese army aviators, plus the subsequent machine-gunning by Japanese naval craft, did not find the U.S. Navy entirely unprepared. For a week in advance, Admiral Leahy, chief of naval op-erations, had worked feverishly night and day. So when the Panay incident occurred, the Navy was ready for action.

When the news broke, Leahy's first move was to go to the State Department and report his pre-paredness to Cordell Hull. In Hull's office he found Assistant Secretary Hugh Wilson, now am-bassador Hugh Wilson, now am-bassador to Germany, pacing the floor and urging that the United States tread softly.

"In two years China will swallow up Japan," he said. "We can't taek any risks, admiral." U. S.-British Blockade

What Admiral Leahy had pre-pared was a plan for a joint blockade of Japan by American and British forces — the British also having been attacked on the Yangtze. The general strategy had been approved by Hull and Roosevelt earlier in the year, when they contemplated putting the peace machinery of the Nine Pow-er Pact into effect against Japan at the Brussels Conference.

Nubbin of the plan was the placing the British ships at Singapore, plus U. S. ships at Panama, plus the cooperation of Russia at Vladivostok. By stationing ships at these three focal points it was possible to isolate Japan com-

Unlike Italy, which was able to beat the sanctions of the League of Nations, Japan is a series of islands isolated from the rest of the world by long distances. She must import her cotton, oil, cop-per, iron and other essential war materials. Furthermore, distances are so great in the Pacific that the Japanese fleet could not have steamed all the way to Hawaii to attack the U.S. fleet without be-ing annihilated, nor could it have steamed even to Singapore without tremendous risk.

"No war game was ever sim-pler," Admiral Leahy reported to the President. "We place our fleet at Panama and Hawaii. The British place 24 ships at Singapore. The Russians have 50 submarines at Vladivostok. They send them down to harass Japanese lines of commu OFF THE RECORD

Nagasaki.

"The Japanese army cannot live without supplies. Chiang Kai-shek is putting up an excellent fight. Within three months at the most, probably even two, Japan will be broken economically.

economically.

"We tell the Japanese, 'We are going to blockade you until you get out of China. I can guarantee that we will not lose more than two ships."

State Department Caution Admiral Leahy's strategy car-

ried weight with the President; also with the British. They actually sent word that 16 ships were ready to sail. But it did not carry with the State Department. Public opinion would be critical, its officials argued. The United States about weight weight with pressure and the control of the States should wait until newspa-per sentiment crystalized in favor of more drastic action in the Far

"We must wait for the next incident," one high State Department official told a confidential board of strategy.

"Do you think the Japanese are fools enough to give you another incident?" snapped one of the Admirals.

The Japanese were not. They

The Japanese were not. They presented an apology which fell far short of Roosevelt's demand for a guarantee from the Emperor. It was accepted, and in the eyes of Europe Japan came out victorious.

Odds Against U. S. Odds Against U. S.
Japan needed no more incidents at that time, and today an incident would find the United States in a difficult position. For no longer can we blockade Japan. Today Japan is the conqueror of one of the richest nations in the world, has at her disposal untold raw materials. A blockade is effective only if access to essential supplies can be curtailed. Today Japan has those supplies.

TODAY, furthermore, the Chin-

TODAY, furthermore, the Chinese army is fighting with its back to the wall, could give little support to the United States. Today the British Empire is afraid of its own shadow when it comes to the

dictators of Europe.

TODAY, finally, naval strategists admit that the American fleet would be up against great odds should it come anywhere near Japanese waters.
So historians of the future may chalk up the hesitation over the

Panay as one of the most important milestones in Japan's 'con-NOTE—Chinese cotton produc-tion in North China, despite war, more than doubled this year un-

How Women in Their 40's **Can Attract Men**

Here's good advice for a woman during her change (usually from 38 to 52), who fears she'll lose her appeal to men, who worries about hot fisshes, loss of pep, dimy spells, upset nerves and moody spells.

Just get more fresh air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydis E. Pinkham's Vegetable Compound, made especially for somen. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life.

Pinkham's is WELL WORTH trying.

i that a strange object was approaching the earth from Mars. A three dearth from Mars. A three d

The broadcast scene shifted to the wide of the commentator ported that the "metorite' had made out to be a giant tube of a meals.

In Toledo, Onio., three persons fainted at telephones while trying to call police.

In Chicago, persons ran out of restaurants without finishing their meals.

meals.

In Salt Lake City, residents packed their belongings and were only dissuaded from fleeing their homes by proof that it was all just entertainment.

But in the east, in the country being subjected to the "invasion", hysteria ran riot. Several pers came forward to swear they saw the rocket land and "strange creatures" climb out of it. In Newark, N. J., carrying what possessions they could snatch up in their flight. Police The monsters were describd as cars screamed through the streets of a score of towns, responding to frenzied alarms.

The reaction was bitter and the Columbia Broadcasting System, on whose network the program—a dramatization of H. G. Wells' novel, "The War of the Worlds"—was broadcast, was inundated with protest telegrams and telephone calls and its press department was busy with explanations and apologies.

Investigation Under Way
In Washington, Frank R. McNinch, chairman of the Federal Communications Commission, announced that he would investigate at once. He said he had received no complaints, but that the commission could investigate without having received complaints.

"Apparently the broadcast was quiet realistic," he said.

McNinch spoke before he went to his offices to examine the morning mails and telegrams. Among other officials in the east demanding that the commission do something, was Paul Morton, city manager of Tren-

The broadcasting system had tak-The broadcasting system had taken every precaution to prevent anyone thinking its program was real. Program listings in Sunday newspapers had announced that the time time between 8 and 9 p.m. would be taken by Orson Welles and the Mercury Theater of the Air in "The War of the Worlds". Welles, the playwright and actor, opened the program with a detailed exposition program with a detailed exposition of the series of which the program was a part. Then, four times during the hour broadcast, an announcer broke in to inform listeners that it

was a play.

Play Realistic

The play was realistic enough that if heard independently of the announcements, it was identical with many ordinary news programs. It began with a weather report. An announcer said that the program would continue with dance from a hotel. Then came a few minutes of swing music. This was interrupted by a flash reporting that an observatory professor had noted a series of gas explosions on the planet,

resenting throngs singing hymns in the street, the announcer reported:

"Oylinders from Mars are falling all over the country. One outside Buffalo—another in Chicago—St. Louis."

As he spoke one of the Martian monsters approached the city, "his head even with the skyscrapers."

The poison gas spread, smothering an observatory protects in the planet, series of gas explosions on the planet, series of gas explosions on the planet, series of gas explosions on the planet, and observatory protects in the planet, series of gas explosions on the planet, series of gas or at all, but a metal cylinder containing "strange Newark was about to be subjected to campaign. Candidates for congress creatures" armed with death rays a gas bombing.

The were warring on earth's in
In Clinton, N. J., a woman ran inwho were warring on earth's inhabitants. Then an actor, representing the secretary of the interior came on, spoke of the terrible disaster. Then other officials urged residents to flee the cities.

New York Police reported that they handled thousands of calls even while the program was on the air. Newark, Jersey City, Trenton. Philadelphia, and other cities within close range of the focal point of the "invasion" were equally swamp-ed. Many of the callers wanted to now whether it was safer to be in the cellar or on the roof during the gas attack. Others wanted to know the best way to flee. Others wanted merely to be advised that it was not

These were the persons least alarmed. The others jumped up and ran out of their houses in wild panic. In New York city approx ately 200 persons fled their apartments in one block of Riverside Drive and ran as fast as the could toward Broadway where police overtook them, soothed them, and sent them home.

In Princeton, an unidentified man ran into the Princeton University Press Club and informed the members that he had seen the rocket and had seen the invaders piling out of it, each armed with a death ray. There were other "eye-witnesses" who disappeared when it became generally known that there had en no invasion at all. In Newark, police were called to

POLICEMAN SAVES SEVEN PERSONS

Warwick, R. I., Oct. 31—(UP)— Seven persons were led to safety by a policeman over a collapsing tsairway at dawn today when fire swept the Main-street dwelling of Henry J. Bood. Loss was set at \$14,000. Bood, his wife Esther, their three children, Henry, 15, Lois, 10, and Jeanette, 6, and Mrs. Bood's parents, Mr. and Mrs. John Peterson led out by Patrolman Howard Scanlon. Firemen controlled flames after a two-hour battle. The fire was believed caused by an overheated fireplace.

the Clinton Hills section by a repor of a "terrible gas accident." They found hundreds in the streets, fleethat

to the First Baptist Church during services, shouting that a meteor had fallen. The Rev. Thomas Thomas quieted the congregation, then prayed for deliverance.

Telegraph Were Flooded Telegraph companies reported that they were delivering telegrams from as distant as California inquiring of the fate of relatives. The Telephone Company reported that rarely had it handled so many calls

in such a short period.
"They're bombing New Jersey,"
one excited voice informed police. "How do you know?" "I heard it on the radio, then I went to the roof and saw the smoke from the bombs drifting toward

New York. What shall I do?" In Orange, N. J., a man raced in-to a theater to warn the audience, but the manager, who hadn't heard the program, wouldn't let him.

No one was more surprised than officials of the Columbia Broad-casting system and Welles. Early to-day, the system, in behalf of Welles, issued this statement.

"Orson Welles, in behalf of the

Mercury theater of the air, is deeply regretful to learn that the H, G, Wells Fantasy, "War of the Worlds," which was designed as entertainnent, has caused some apprehension mong Columbia Network listeners. "Far from expecting the radio audience to take the program as fact rather than a fictional present-G. Wells story, which was served as I do not think it is amiss for me to inspiration for so many moving pictures, radio serials, and even comic strips might appear too old fashioned for modern consumption. We can only suppose that the special nature of radio which is often heard in fragments, or in parts disconnected votes of liberals on the grou from the whole, has led to this mis- I am not actively participating in

understanding."

Entertainment Only
The Broadcasting system broadcast announcements during the rest cast announcements during the rest of the night explaining that it had been entertainment merely. But until 1 a. m., its switchboards were jammed with indignant listeners, some of them threatening to sue. One woman said she had collided with furniture in her haste to get into the street, blacking both her syes.

"As against his inconsistency, it seems to me that liberals in Pennsylvania, irrespective of party, can scarcely place their trust in the liberals mor desire for social justice of any candidates who are sponsored by such obvious reactionaries as the well known Messers. Annenberg, Grundy, and Pew.

"So much for that."

The New York Daily News reported that the New York City Department of Health had telephoned its editorial rooms, asking what assistance it could give to the "maimed and dying" in the "devasted" area. The newspaper also received calls The newspaper also received calls from hundreds of doctors and nurses volunteering their services.

In Harlem, negroes rushed from

their tenements screaming warnings to passers-by and rushing off toward the north. Police stopped them and learned that they thought they had heard President Roosevelt's voice on the radio announcing an invasion and asking all citizens to

Salt Lake City, Oct. 31—(UP)— Radio station KSL said today hadio station KSL said today that many persons reported packing their belongings to evacuate their homes, children became hysterical and grownups fainted at the "war of worlds" program. In the midst of a flood of telephone calls, one puzzled old lady was informed that the report was only a drama, then remarked cheerfully: "Well, if it doesn't do anything else, it made a lot of people pray tonight.

San Francisco, Oct. 31-(UP)-Telephone operators reported to-day that they virtually were "swamped" with requests for cross-continent telephone connec-tions with New York and New Jersey during and immediately after last night's "war of the worlds" radio dramatization.

Those who wanted to place calls, they said, were not aware that the news "bulletins" broadcast were only part of the pro-gram and not based on actual

London, Oct. 31—(UP)—H. G. Wells, author of "The War of the Worlds," said today that in selling the rights for broadcast of his novel he gave no permission for such alterations as led many American listeners to believe that the U. S. actually was being attacked by Martians. "I sold the rights for broadcast of the novel to Columbia Broadcasting company but it was implicit in the agreement that it was to be used as fiction and not news," Wells said. "I gave no permission whatever for alterations that might lead to belief that it was real news."

news."

The British press-recalled that Britain suffered in 1926 a scare similar to that in the United States last night. In that year Father Donald Knox broadcast an imaginary riot in which a mob sacked the national art gallery, ran wild through Whitehall and blew up "Big Ben," the famous bell on top of the parliament building. It caused widespread alarm and many listeners telephoned the British Broadcasting company for confirmation.
